'TORTURE' CHAMBER IN SAN RAFAEL SOIL LAB

Earth Samples Are Tested For Engineers

By RICHARD LYTTLE

San Rafael can now boast an ingenious torture chamber.

The men who run it do not wear black hoods, and no human screams shake the neighborhood around 70 Woodland Avenue. The victims of the modern-day torture are samples of earth.

The torture chamber is Geo-Testing, Inc.'s laboratory, opened for public view for the first time today. The men who own and operate this specialized laboratory showed it to representatives of press and industry.

Over $50,000 in specially designed equipment is housed in the spotless laboratory where five men, including Geo-Testing president Earl B. Hall of Greenbrae, test soil.

The growing firm (it started with a lab in Terra Linda two years ago) supplies service for consulting engineers. Tests on soil samples can show how earth in large structures such as earth-filled dams will behave.

If there had been such refined soil testing in Italy centuries ago, the Tower of Pisa would probably be standing vertically today.

Predicting how soils will behave beneath heavy, multistoried buildings is another service provided through soil testing.

John P. Gnaedinger of Chicago, vice president of the firm,

DISK OF EARTH—This little cake of earth, prepared by Nils Hulgaard, is going between two plates that will measure compaction rate.

Driver Asserts He Drove On To Find Turnaround

John P. Lee admitted he did not stop his car after it hit a boy on a bicycle last July 9, but claimed he merely drove on to find a place to turn around, California Highway Patrolman Angelo J. Corvino testified yesterday in Lee's hit-run trial.

Lee is on trial in Marin Superior Court on a felony hit-run charge arising from the accident, in which 12-year-old Robert G. Miller of 30 Corte Loyola, Greenbrae, was severely injured.

Under questioning after the accident, Lee contended he did not leave but continued on Sir Francis Drake Boulevard until he could find a place to turn and drive back to the La Cuesta Drive intersection where his car struck the boy, Corvino testified.

Lee's car was halted near the accident spot by motorist Robert F. McCullough of Greenbrae, who had driven in pursuit.

Patrolman Corvino testified Lee told him he had been traveling about 40 miles an hour through the intersection. Lee said he could not recall if the traffic light was red, but he believed the bicycle appeared on his right side, according to the officer.

Lee said he applied his brakes, but then continued until finding an island turn-off to return to the scene, the patrolman

Mrs. JFK, Family Go Into Seclusion

NEW YORK (UPI)—Mrs. John F. Kennedy went into seclusion today to spend the first anniversary of her husband's assassination with her family, either at her apartment here or her Long Island country home.

"She really doesn't know whether she will go to the country Sunday," said aspokesman for the former first lady. "She just wants privacy very much. She wants a very quiet weekend."

Job Opportunity Act Is Called Aid In Poverty Fight

Official Says It's Not State Welfare Program

The basic idea of the Economic Opportunity Act is to provide a way for people to "break out of the trap of poverty," according to Dr. John G. Grumm, staff consultant for Gov. Edmund G. Brown on anti-poverty planning.

"It's not a welfare program," he told a public meeting late yesterday at the Marin Civic Center. "The payoff is getting people into jobs.

Welfare programs alleviate but they don't direct, Grumm said. Direction of welfare programs "has not been so much to get people off the public rolls as it is to see that they are well fed and provided for."

Under the Economic Opportunity Act the emphasis will be on programs that will increase the education, employability and skills of poor people and give them higher horizons, he said.

Education is probably the keystone, Grumm said.

"Education is not designed for low income, but for middle income," he charged. "Just because it's free doesn't mean it's equally accessible."

Grumm said Marin County must get started soon on its program because this year's allocation of Economic Opportunity Act funds is going to be spen trapidly.

"We've had inquiries from almost every California county and some such as Los Angeles are ready to go," he said.

He said application forms will be ready in about two weeks and predicted seven or eight applications will be filed within 24 hours.

Twenty-five million dollars has been appropriated for the state and Los Angeles County is going to ask for 22.5 million of it, Grumm reported.

One requirement, he said, is that the poor have a say in planning a program.

The "door is wide open" on the type of program that would qualify for funds, but it is up to the local agency to develop it, he said.

Marin County has set up a community action committee in Marin City to work on developing a program.

About 35 persons attended the briefing session arranged by County Supt. of Schools Virgil S. Hollis.

County Files Against Synanon 'Nuisance'

A complaint asking that Synanon House at Marshall be abated as a public nuisance was filed in Marin Superior Court yesterday by the district attorney's office.

The suit asks Judge Richard M. Sims Jr. to declare the home for narcotics addiction treatment a violation of county ordinances and ordered Synanon Foundation to remove "said public nuisance."

Deputy Dist. Atty. Gary Thomas said Synanon has 10 days in which to answer the complaint. The abatement request was ordered filed by Marin County Board of Supervisors on grounds that the Marshall site is zoned for one and two-family residences, and Synanon has refused to apply for a use permit.

Synanon officials contend no use permit is needed. The foundation Wednesday beat the abatement complaint to the county clerk's office by filing a request for Superior Court to rule whether its use of the former Marconi Hotel at Marshall is a "family dwelling."

The suit also asked that Marin County be restrained from filing abatement proceedings, but Thomas said today that as Judge N. Charles Brusatori had not ruled on the complaint, the abatement proceeding could be asked.

He said if an answer is also required on Synanon's complaint, it will be through the Marin county counsel's office.

State Working For Park At Surplus Forts

Gov. Edmund G. Brown said yesterday the state has already renewed its application for 320 acres of Southern Marin forts to be included in the proposed Golden Gate Headlands State Park.

The acreage, at Forts Barry, Baker and Cronkhite, will become surplus next March under the Defense Department's cutback order of Wednesday, Sixth Army headquarters announced yesterday. Intention to declare the acreage surplus had been announced earlier.

"We have long-standing plans to develop picnic facilities, hiking trails and camping facilities in this area," Governor Brown said.

The state will have first call in obtaining the land when it passes from jurisdiction of the Army to that of the General Services Administration for disposal as surplus, unless another federal department seeks it.

New China Charge: Nikita 'Hanged Self'

Red China Officially Rejoicing

TOKYO (UPI) — Communist China said today Nikita Khrushchev put the noose around his own neck through his reckless policy of revisionism and co-existence with the United States.

A statement by the government amounted to an outburst of public and official rejoicing over the fall of the man the Chinese called "this buffoon on the contemporary political stage."

IN EDITORIAL

The new attack on Khrushchev and on the Western Allies and peaceful coexistence in general came in an editorial in Red Flag, the theoretical organ of the central committee of the Chinese Communist Party. It was broadcast by the New China News Agency.

Red Flag listed what it called Khrushchev's "crimes" — the humiliating removal of Soviet weapons from Cuba; his opposition to Chinese Communist nuclear weapons; his attacks on Josef Stalin; and his signature on the partial nuclear test ban treaty.

SUBVERSIVE ACTS

It also accused the former premier of engineering border disputes between China and the Soviet Union and of masterminding "large scale subversive activities" within China.

"Khrushchev collected all the anti-Marxist views of history's opportunists and revisionists and out of them knocked together a full-fledged revisionist line consisting of 'peaceful coexistence,' 'peaceful competition,' 'peaceful transition,'' the state of the whole people,' and 'the party of the entire people'," it said.

NIKITA'S LINE

"He used a capitulationist line towards imperialism and used the theory of class conciliation to oppose and liquidate

See CHINA, page 4

Weather Is Fair, But Not Warmer

Despite clear skies, the sun hasn't had much luck in warming up Marin in the past few days.

Woodacre, the county's chilliest spot, reported a low of 26 degrees early today, just one degree higher than yesterday; San Rafael's minimum stuck at 35, the same as yesterday; Novato's mercury dipped to 29, up one degree from yesterday.

The weather Bureau expects continued fair, but not warmer, weather.

Dave Clark Five In Near Crash

SAN FRANCISCO (AP) — A chartered plane carrying England's Dave Clark Five—a rock 'n' roll rival of the Beatles—brushed wings with a Western Airlines plane today while both were taxiing for takeoffs at San Francisco International Airport.

No injuries resulted.

The planes were slightly damaged.

Car Is Recovered

Mountain View (Santa Clara County) police have recovered a San Rafael woman's car missing since Nov. 1, San Rafael police said today. Patricia Arlene MacDonald said her 1952 Buick was taken from a parking lot at 534 Third Street.

COLLEGE ACTS ON BUILDING AIDE

Trustees Hope Director May Help Save Money In School's Planning

Trustees of Marin Junior College District last night asked College President Stephen E. Epler to draw up job specifications for a planning director who would coordinate the district's building program.

Trustees hope that the director will save money and give better liaison among architects, college department heads and trustees in planning buildings.

The building program at the Kentfield campus and the projected building program at the North Marin campus are in financial difficulties, with costs much higher than originally estimated. The problem was detailed in a series of three articles in the Independent-Journal last week.

The proposal to hire a planning director was brought up during the discussion of a science building proposed at the Kentfield campus. Trustees decided it should be located on the north side of the campus between the present engineering building and Laurel Avenue.

This site was chosen over the area where the old gymnasium once stood. It has also been proposed, but Dr. Epler recommended the Laurel Avenue site.

Trustees also authorized architects to start drawing plans for the building, but trustee Elizabeth M. Deedy insisted on frequent reports to keep the board fully informed.

She said a planning director, which she has favored for some time, could give the necessary guidance and coordination.

At the close of the meeting Mrs. Deedy brought the subject up again, moving that Dr. Epler draw up the job description and specifications for such a post. This was approved by 4-0 vote, with trustee Kent O. Seymour absent.

Strike Away Poverty Chains, Lyndon Asks

SAN MARCOS, Tex. (UPI) — President Lyndon B. Johnson said today the nation first must "strike away these chains" of poverty, race restrictions and inadequate education that shackles many Americans before it can achieve the dream of abundance for all.

On the spur of the moment, the president told an audience at his college alma mater that he proposed setting up the first job corps camp under the anti-poverty program right in San Marcos, home of Southwest Texas State College.

The camp would train between 1,000 and 2,000 young men in "skills that will make it possible for them to become leaders of men."

The president helicoptered to San Marcos from his LBJ Ranch for a sentimental few hours on the campus which he left with a bachelor's degree in 1930.

"Today we are at the edge of a new era of progress toward the American dream," he told 4,000 people in the college gymnasium.

"First we must strike down the barriers which limit the hopes and the achievements of some of our people. No man should be stifled and restricted because of his race or the circumstances of his birth or the lack of an adequate education.

"Through our pursuit of equal opportunity — the war against poverty and the expansion of education—we hope to strike away these chains."

Hopps Says He Was Terrified By Phone Threat

SAN FRANCISCO (AP)—Financier Stewart Hopps, testifying today at an extortion trial, said he offered Allen Dorfman all of his Oriental art objects and a note assuming responsibility for $220,000 in debts because he was terrified. (See earlier story on page 9.)

Hopps said Allen Dorfman had threatened in a telephone call from Nassau to give him a concrete overcoat unless he repaid $100,000 they had invested in Hopp's Intercontinental Insurance Co.

Hopps said he contacted his attorney and the Dorfmans — Allen and his stepfather, Paul— arranged a conference in the San Francisco office of attorney J. W. Ehrlich. He said at that time he told the Dorfmans "my wife wants me to give you everything I have . . . to stop this thing."

Vietnam Aircraft Downed; Big Copter Operation Fails

SAIGON (UPI)—Communist guerrillas have shot down three military aircraft in the last 24 hours, killing four and possibly six men. A helicopter pilot was wounded by ground fire.

A. U.S. military spokesman today said as many as six Vietnamese crewmen, including two officers, may have perished in the flaming wreckage of an H-34 helicopter shot down in connection with a massive heliborne operation 40 miles northwest of the capital.

KNOWN DEAD

Four Vietnamese were known to have died when the crippled chopper crashed and burned in the region where government troops, ferried in 115 helicopters, were launched in the largest heliborne operation of the war. Two others aboard also were feared dead.

A rocket and machine gun firing HU-1B helicopter of the U.S. Army also was downed by ground fire in the same general vicinity. But none of the four crewmen aboard was injured, and the chopper later was repaired and flown out of the Communist-infested region.

THIRD AIRCRAFT

The third aircraft shot down was a U.S. Army observation plane. It was hit shortly after takeoff last night from Tan Hiep airstrip, about 30 miles southwest of Saigon.

The spokesman said the American pilot guided the plane to an emergency landing "and suffered a small cut on his left thigh when the plane flipped on its back."

RETURNS TO DUTY

"He was treated and returned to duty," the spokesman said.

The massive heliborne operation failed dismally. American military advisers took some of the blame for the failure, saying they had approved the Vietnamese Army's plan for the operation, although with reservations.

MARIN AIRMAN HONORED IN VIETNAM

Airman 1/c Louis R. Holton, son of Mr. and Mrs. Melvyn P. Holton of San Anselmo, is decorated with the Air Medal for meritorious achievement during flight in support of fight against Viet Cong in South Vietnam. Holton, a flight engineer, flies with Vietnamese Air Force crews. Name of colonel pinning on the medal was not provided by Air Force.

WIRE NEWS BRIEFS From Everywhere

Russ Detect Blast

WASHINGTON (UPI) — Russia's Cosmos-5 satellite detected the high altitude explosion of an American hydrogen bomb over the Pacific Ocean on July 9, 1962, according to an article published in a Soviet scientific publication. The test was one of a series conducted at the U.S. test site at Johnston Island.

Railroad Strike

NEW YORK (AP)—A strike by non-operating employees of the Long Island Railroad delayed thousands of Manhattan-bound commuters up to one and one-half hours today. The strikers set up picket lines which kept operating employees from reporting for work until they learned that the walkout was wildcat and unauthorized, a spokesman for the railroad said.

Stormy Weather

CHICAGO (AP)—Wintry weather, snow, cold and windy, swept across wide areas in the Midwest today and headed into the Northeast, definitely ending an extra long period of Indian summer. Winter's preview, followed a rash of stormy weather in the form of rain, sleet, snow, tornadoes and gusty winds.

Ringo To Hospital

LONDON (AP) — Ringo Starr's doctor says the Beatle drummer will enter University College in London to have his tonsils removed. Ringo is expected to rejoin the rock 'n roll group Dec. 19.

Undergoes Surgery

NEW YORK (AP)—The Duchess of Windsor is in New York's Hospital for Special Surgery, where she underwent a minor operation on her right foot.

U.S. Payroll Up

WASHINGTON (AP) — The civilian payroll costs of the federal government increased by 6.8 billion dollars the last 10 years, a congressional committee reported today.

Congolese Troops

KINDU, The Congo (AP) — Congolese troops and their white mercenary leaders raced northward today toward rebel Stanleyville. There were no reports of rebel resistance.

Himalayan Aid

KATMANDU, Nepal (UPI) — A Himalayan expedition led by Sir Edmund Hillary reported yesterday it had constructed three schools, two bridges and an airstrip on the slopes of Mount Everest.

Students Strike

PANAMA CITY (UPI)—An estimated 500 students staged an anti-American "march on the White House" here last night, but President Marco A. Robles succeeded in averting the threat of violence. The leftist-led University Student's Union said members will "strike" until the government dismisses Foreign Minister Fernando Eleta and Ambassador to Washington Ricardo Arias.

Hunt For Missile

CREEDE, Colo. (UPI) — Soldiers crowded into this small southwestern Colorado community today to begin their search for a 10,000 Pershing missile which fell with a shattering blast in the rugged snowswept mountains. This solid-fuel missile rattled several windows in the town of 350, but injured no one when it went out of control yesterday.

'Trunk' Man Being Sought By Israel

TEL AVIV, Israel (UPI)—Israel will ask Italy to extradite the mysterious "man in the trunk," partly to enable his wife in Tel Aviv to obtain a divorce, highly placed sources said today.

A formal extradition request will be submitted as soon as "certain technicalities now under study are ascertained," the sources said.

Under Jewish law, Mrs. Nurit Shafica Luk, 27, cannot obtain a divorce without the presence here of her husband Mordecai Ben Masoud Luk who left her and their four children in 1961.

Sources here said an Israeli police officer in charge of special assignments went to Rome yesterday to discuss Luk's extradition.

The Israeli police officer had with him Luk's fingerprints. Luk committed a number of criminal offenses in Israel for which he served time in prison.

Red Chinese Held

RIO DE JANEIRO (UPI)—Nine "trade delegates" from Red China who have been held prisoner here since ex-President Joao Goulart was ousted in April will be deported, it was announced last night.

Actress Marries

LAS VEGAS (UPI) — German actress Elke Sommer, 20, and writer Joe Hyams, 40, were married yesterday in the Clark County Courthouse by Justice of the Peace Thomas L. Pursel.

Ford Plant May Close At Milpitas

DETROIT (AP)—The Ford Motor Co. may cease production of all its automobiles by tonight because of what it calls local-plant strike tie-ups.

The last producing link in Ford's lines of cars, the Mustang, will be out of action after the anticipated closing tonight of a Milpitas assembly plant, Ford said.

Normally, Ford makes 10,000 cars a day.

A Ford spokesman at company headquarters in Dearborn confirmed that the Mustang has been the only car produced since Tuesday.

With between 75,000 and 80,000 men laid off, Ford has been employing only about half its total work force this week.

The company has blamed nine United Auto Workers local-plant strikes that began Nov. 6 for the layoffs. The strikes had been over local agreements supplementing the national Ford-UAW agreement which was reached Sept. 8.

Agreements have been reached at all but three of the nine plants.

To Visit Germany

BONN (UPI) — South Korean President Park Chung Hee is scheduled to visit West Germany next month. He will tour West Germany's industrial Ruhr region and visit West Berlin and Munich.

Birch Society Infiltration Charged By Union Leader

LOS ANGELES (AP) — Members of the John Birch Society are infiltrating California unions in what appears to be a secret conspiracy to gain control, says a top union official.

Thomas L. Pitts, executive secretary of the state AFL-CIO, said yesterday:

"Within the past few months, local unions of the AFL-CIO International Assn. of Fire Fighters in California have been beset by these divisive forces to such an extent as to suggest existence of a clandestine conspiracy by extremist forces to gain control of key community agencies.

"Harassment activities in the fire fighters union included an abortive attempt by a few Birchite members of one local to create dissension by dispatching a letter to other locals containing false and malicious charges against the AFL-CIO political arm, the Council on Political Education.

"The charges were so patently false they made little stir. But the Birchers are becoming more adept every day at mingling half truths and false innuendos to create fear and distrust in organizations they seek to commandeer or immobilize."

Pitts did not identify the local involved.

Thursday, May 7
Dear Jo Ann,
How long it seems since we last sat together and talked. If only I could return to spring field... Only three months since I left, yet it feels like a lifetime in many ways it has been a lifetime. It was so wrong to run away. It was filled with so many wrong impressions of big city life.
I have committed the most terrible of sins. It would never have happened if I had been wiser at the start. I couldn't wait to get away from springfield, and now I'd give anything to be able to return — but I can't.
I hope and pray, Jo Ann, that you will always remember me as I was and not as what I have become.
Love and remembrances,
Judy Collins

Negro Leaders Express Shock Over Hoover's Liar Remarks

WASHINGTON (AP) — Negro leaders Roy Wilkins and James Farmer have expressed shock at FBI Director J. Edgar Hoover's statement that Dr. Martin Luther King Jr. is "the most notorious liar in the country."

Farmer, in a speech last night at Cornell University in Ithaca, N.Y., described King as "a man who has spoken more truths in the past 10 years than any other man." Farmer is head of the Congress of Racial Equality.

Wilkins, executive director of the National Assn. for the Advancement of Colored People, said in a news conference yesterday at Akron, Ohio, that "Millions of people have a high regard for Mr. King and I don't think Mr. Hoover's remarks are going to change that opinion."

Earlier yesterday, Farmer and Wilkins were among six Negro leaders who conferred at the White House with President Lyndon B. Johnson just a day after Hoover had made his comments to a news conference of women reporters. Wilkins told newsmen after the session with Johnson "we expressed our disagreement with Mr. Hoover's characterization of Dr. King."

He added: "The president simply listened and gave no comment and no opinion."

Soldiers soon may be filling their gas tanks with ammonia if Army experiments prove successful, ammonia produced by nuclear reactors will be used as fuel to run trucks.

LBJ Ranch Road Can Be Closed

AUSTIN, Tex. (UPI)—The Texas Highway Commission yesterday gave the Secret Service permission to close ranch Road 1 in front of President Lyndon B. Johnson's LBJ Ranch when the president is at the ranch.

The commission made the announcement today, listing "concern for his safety" as the official reason for the blockade.

Secret Service and Department of Public Safety patrolmen closed off the road, known as the Pedernales River loop, to reporters and tourists last weekend while Johnson was at the ranch.

West Coast Moving West, Oregon Professor Says

LOS ANGELES (AP) — An Oregon State University professor says the West Coast is moving West—at the rate of about a mile in the last 10 million years.

As a result, America is getting bigger.

That's the opinion of John V. Byrne, associate professor of oceanography, who said yesterday a study of fossils found in rock off Oregon's coast shows the continental shelf is rising.

"The fossils are of kinds of animals that can live only at depths of about 6,000 feet," said Dr. Byrne. "However, the fossils are found much shallower than that—at about 600 feet."

Dr. Byrne said this was proof that since the animals died and became part of the ocean floor the sea floor has risen.

Tony Oliva, Minnesota Twin outfielder, is the first Cuban ever to win a major league batting title. He led the American League this year with .323.

the people's revolutionary struggles."

Red Flag called Khrushchev an "arch-schemer . . . this No. 1 representative of modern revisionism."

"The most important (reason for his downfall) is that he vainly tried to obstruct the advance of history," it said.

Khrushchev committed "all the bad things he possibly could in contravention of the genuine will of the Soviet people," Red Flag said.

It listed these as:

1. He "railed at Stalin in the most scurrilous language" and "in opposing Stalin, he opposed Marxism-Leninism . . . Krushchev provided the imperialists and the reactionary countries with the dirtiest of weapons for their anti-Soviet and anti-Communist activities."

2. He violated the Communist summit declarations of 1957 and 1960 by "seeking all-around cooperation with U.S. imperialism and fallaciously maintained the heads of the Soviet Union and the United States would 'decide the fate of humanity'." It criticized Khrushchev's praise of American leaders.

3. It accused him of "adventurism" in taking missiles to Cuba and "capitulation" in "docilely withdrawing the missiles and bombers from Cuba on the order of the U.S. pirates."

4. Khrushchev "catered to the U.S. imperialist police of nuclear blackmail and prevented Socialist China from building up her own nuclear strength."

5. "He tried by every means to obstruct the revolutionary movements of the people in the capitalist countries, demanding that they take the so-called legal, parliamentary road . . . causing serious setbacks to the cause of revolution in certain countries."

6. Khrushchev "worked hand in glove with U.S. imperialism in suppressing the revolutionary struggles of the oppressed nations."

7. Khrushchev proclaimed his friendship for the "renegade" President Tito of Yugoslavia.

8. He declared that Albania, China's only ally in Europe, was "his sworn enemy, devising every possible means to injure and undermine it."

Belvedere Trades Piece Of Land

Belvedere city councilmen in a brief special meeting last night traded a piece of land with a resident.

The city gave up title to a one-foot strip across a waterfront lot at 1 Bellevue Avenue owned by Mr. and Mrs. Donald W. Davis. In return the couple received from the city a one-foot strip farther toward the bay.

The city-owned strip is aimed at preventing residential construction into the water.

Larkspur To Host Building Officials

The City of Larkspur will host a meeting tonight of city and county building inspection officials from Marin, Lake, Mendocino, Napa and Sonoma counties, comprising the Redwood chapter of the International Conference of Building Officials, at 7:30 p.m. at the Blue Rock Inn.

Kenneth Jurgens, district engineer for the American Wood Preservers Institute, will speak on fire retardant wood and its application to the uniform building code.

Belgium Is Ready To Fight In Congo

BRUSSELS (AP) — The government announced tonight Belgian paratroopers have been flown to a British island off West Africa to be ready—if needed—to rescue whites held by Congo rebels in Stanleyville.

A foreign ministry announcement said U.S. Air Force planes had assisted in the operation.

A Congo government spokesman in Leopoldville warned Belgian any unilateral decision to send troops into the Congo would be agression.

But the Leopoldville added that if a proposal were first made to the Congo government, "the latter would study it with favor."

The spokesman, Emmanuel Sinda, also warned the United States against negotiating with the Stanleyville rebel regime.

Sixty Americans are among the 1,000 foreigners, including some 600 Belgians, caught behind rebel lines.

In Washington, the State Department confirmed that the U.S. Air Force is cooperating with Belgium in preparations for the possible mission to rescue white hostages.

The United States, it was learned, has informed a number of other governments of the preparations. The United States has told these governments, informants said, that the arrangements so far are strictly precautionary, and that it is hoped the operation into the Congo will not actually have to be undertaken.

DRIVER

Continued from page 1

continued. Corvino said his investigation revealed no brake skid marks.

He said Lee, formerly of San Anselmo, admitted having five martinis in a San Francisco bar prior to the accident. Corvino said he believed Lee had been drinking because of his "demeanor action," odor of alcohol on Lee's breath, and a "blank look" on Lee's face.

The officer said Lee, in walking, "didn't weave or fall, but he didn't walk comfortably, very sure. He shifted and leaned."

He said Lee told him the drinks "probably" figured in the accident.

Throughout the interrogation, Patrolman Corvino said, he had the feeling he wasn't "getting through" to Lee.

Judge Richard M. Sims Jr. recessed the trial yesterday until 10 a.m. Tuesday. McCullough is among the prosecution witnesses scheduled to testify.

Stolen Auto Found Burned

An expensive sports car stolen early this week from a San Rafael street has been found — stripped and burned — in Daly City, San Rafael police reported today.

Owner Robert Middagh, 128 Stanford Avenue, Mill Valley, reported early Tuesday that his Corvette Stingray, carrying oversize tires and other special fittings, had been stolen from its Fairfax Street parking place.

Daly City police reported at 1:50 a.m. today that the auto had been discovered abandoned, stripped of engine, wheels and other parts, and burned.

Soldier's Fatal Collapse Probed

SAN FRANCISCO (AP) —The San Mateo County coroner's office sought today to determine the cause of the fatal collapse of a soldier at San Francisco's airport while he was on his way on leave from Korea to the bedside of his injured wife at Fort Ord.

Sgt. Charles N. Greer, 38, of Seaside was given mouth-to-mouth resuscitation but was dead on arrival at Burlingame's Peninsula Hospital.

He apparently died of a stroke, possibly a heart attack.

Judo Classes To Be Debated

The great judo controversy marked time in Sleepy Hollow today, because no quorum appeared at last night's special hearing on whether the Sleepy Hollow Homes Assn. should allow children's classes in the self-defense art to be conducted in the community center.

Owen Merritt, vice president of the association, said the issue probably will not be resolved until the next regular board meeting on Dec. 10. He said that a California Highway Patrol sergeant and a sheriff's deputy spoke up in favor of the classes, and members of two families spoke against the training.

But "it must have been too cold last night; everybody stayed home by the fire," Marritt commented.

LYNDON

Continued from page 1

the president said there have been few eras of history when a man could travel from a small Texas college to the presidency.

The president rode in a motorcade to the college.

He stopped the motorcade to speak to a crew of hard-hatted utility workers at a power station. The motorcade stopped so abruptly that the car behind the limousine carrying Mrs. Johnson bumped into it. She was not hurt.

A headlight, parking light and the hood of the car behind her were damaged.

EARTH

Continued from page 1

said Geo-Testing, Inc., has a bright future.

"There's no other laboratory quite like this," he declared.

Hall, who described himself as a pessimist, said there appears to be lots of work coming to the San Rafael laboratory.

Soil samples have already come to San Rafael from many parts of the world. Every time someone starts talking about sites for buildings and dams, soil tests are one of the first considerations.

Geo-Testing, Inc., has been operating in the San Rafael plant since June, but only lately was its biggest testing device installed.

This is a large, thick-jacketed chamber that can put up to 500 pounds pressure per square inch on a sample column of earth 12 inches long. The large samples are significant, Hall explained. The crumbling of soils under strain can be more readily observed.

The lab also boasts a second testing chamber which takes small samples but can exert 1,000 pounds per square inch. Both these chambers exert triaxial forces—that is, press in from top, sides and bottom.

Water forced into the chambers supplies the pressure from the sides, while a plunger puts pressure on the top and bottom of the samples.

There are other smaller triaxial testing chambers in the lab. There is also a bank of testing devices that measure the rate of compaction, a factor of great importance in foundation design and building site preparation.

Hall explained further complexities of testing, including finding specific gravity of soils, percentage of organic content, and determined granule sizes.

He also displaye devices he has invented for measuring total pressure and hydrostatic pressure within earth structures. These sensative devices, part of Geo-Testing's field service, are installed at the time of construction.

Readings can be taken for several years after completion to find how the soils are behaving.

Reuben Karol of New Jersey, of Kerol-Warner Manufacturers which makes some of the testing equipment in the San Rafael lab, is also a member of the Geo-Testing firm. Another member is Richard Harding, San Rafael consulting engineer.

Hall, who has been working in the soil test field for 30 years, has done most of his work while with the Army Corps of Engineers.

Underground Utility Meeting Is Planned

Proponents of placing utilities underground are planning a public meeting in February to air all aspects of the proposal.

Tiburon City Councilman John S. Hoffmire Jr. and Mrs. Walter E. Olson, chairman of the Fairfax Citizens Master Plan Study Committee, discussed plans for the meeting last night at the Tiburon city office. Next meeting of the committee, which Hoffmire noted is open to any interested Marin resident, will be Dec. 3.

Shark Repellants Sometimes Attract

WASHINGTON (AP) — The only trouble with most advertised shark repellants is that those which work at all are as likely to attract as to shoo off the dread killers of the sea.

This warning by the "shark research panel" of U.S. Navy and civilian scientists was coupled with a proposal that the government do something about it by creating a federal agency to crack down on claims that "border on the fraudulent."

Drake High Students To Present 'Macbeth'

Sir Francis Drake High School drama workshop will present "Macbeth" tonight, tomorrow and next Wednesday at 8 p.m. in the school's little theater in San Anselmo.

Heading the cast are Joe Cherry as Macbeth, Greg Norgaard as Macduff, Susie Hofmann and Robin Tatum as Lady Macbeth, and Petra Chambers and Nancy Hammond as Lady Macduff.

Song, Yell Tryouts Held At College

Tryouts were held yesterday at College of Marin for candidates for song and yell leaders for the spring semester. The students will select their leaders in an election Tuesday and Wednesday.

The "Playmates" are Janet kettes" are running for song leaders. Four groups, "Hal's Angels," "The Foul Outs," the "Red Mountain Boys" and "Take Five," are seeking the yell leader posts.

The "Playmates"ar e Janet Schwab, Greenbrae, as head, with Barb Ross, Peg Burge, Judy Sherseth, Lynne Nilton, Rossi Cassell, Donna Sullivan and Sue Sampson. Hollie Walse of San Anselmo leads the "Baskettes," aided by Sharon Deen, Pat Galloway, Lynda Jordan and Sandy Henderson.

"Hal's Angels" are Jody Angel, San Rafael, head, with Hal Aigner, Gus Johnson, Mimi Walker and Gale Mathews. Steven Tenney of Larkspur is chief of "The Foul Outs," with Bob Rosenberg, Bill La Valley and Don Hunsdorf. John Hilderman, Larkspur, leader, and Kent Wisecarver, Bob Betette and Tom Gladney make up the "Red Mountain Boys," and Richard Wynne of San Anselmo, head, and Alyce Jordan, Rick Skinner, Sandi Gray and Jim Georgedes comprise "Take Five."

Birch Statement Made By Chief

Police Chief Robert Di Grazia of Novato said today he would not regard lightly membership of a policeman in the John Birch Society if it interfered with the officer's efficiency or manner of dealing with the public.

In a story in Wednesday's Independent-Journal, Chief Di Grazia was quoted as saying he felt an officer had as much right to belong to the Birch Society as to either of the two major political parties.

What he also said, however, Di Grazia stressed, was: "I'm interested in whether his efficiency as a police officer or his manner of dealing with the public might be affected by his membership in this organization. If it were, that would be a matter of considerable concern."

Youth Council To Question Groups

The Marin Council on Youth Wednesday reviewed a questionnaire to be sent out to all organizations in Marin County which deal with youth and youth problems.

The questionnaire will be mailed before the next meeting on Jan. 13, the council reported.

Seventeen student representatives who attended the meeting set for 7 p.m., Jan. 17, at the schools curriculum laboratory at the Civic Center, a meeting to discuss their own views on youth problems.

Recreation Plan To Be Updated

Sausalito recreation commissioners will hold a workshop session Dec. 8 to update the city's long-range recreation plan and make recommendations on future capital expenditures on a year-by-year basis.

The meeting has been set tentatively, for the home of commissioner James E. Muldoon, at 100 Central Avenue at 8 p.m.

The commission last night asked commissioner Elmo V. Maggiora to make a survey to find a site for a small playground in the Hurricane Gulch area.

Redwood High Elects Yell Leader Team

The "Four Foul Shots," a group of Redwood High School students composed of seniors Bayne Brush and Dick DeBeaubien and juniors Jim Garrett and Bill Grace, won election yesterday as spring semester yell leaders.

Elected song leaders were Sue Berry, a junior, heading a seven-member group composed of seniors Diane Wenger, Janet Prosser, Sandi Kaplan and Nancy Schnell, and juniors Benise Friend and Lynn Hamilton.

Meeting Set On Sanitary Rules

The Novato Sanitary District Board last night set for Dec. 7 public hearing on a proposed set of personnel regulations.

The regulations cover such items as compensation, recruitment standards, appointments, hours of work, overtime policy, cause for discharge, grievance procedures, and rules on employee conduct, residence and training.

The sanitary district board annexed the Indian Valley Medical Center on Hill Road and the Pimentel-McGrath property of two lots on Virginia Avenue.

Mill Valleyan Reports Rock Breaking Window

Robert W. Weekly, 115 Stadium Way, Mill Valley, reported a teen-aged girl chucked a rock through a northeast picture window of his home, Marin County sheriff's officers said today.

Weekly told officers the $100 damage occurred Wednesday. He said his wife saw three girls just before the rock was thrown, but could not identify them.

OBITUARIES

Henry Stern Succumbs

Henry Stern, 76, insurance broker of 15 Mallard Road, Belvedere, died yesterday in a San Francisco hospital. He entered the hospital a week ago and died following surgery.

Funeral will be at 1:30 p.m. Sunday at Halsted and Co., 1123 Sutter Street, San Francisco. Burial will be in Hills of Eternity, Colma.

Stern operated his insurance business in San Francisco, where he also resided from 1909 until moving to Belvedere in 1955. He was born in New York.

A 32nd degree Mason, he was a member of Crockett Lodge 139, Free and Accepted Masons; San Francisco Bodies of Ancient and Accepted Scottish Rite, Knights Commanders Court of Honor, and Islam Temple of the Shrine.

He leaves his wife, Muriel, at the family home; a daughter and two sons, Mrs. Bernard Bloch and Robert Stern of Belvedere and Warren Stern of Portola Valley, San Mateo County, and five grandchildren.

RENATE WILSON

Renate H. Wilson, 40, of 19 Greenfield Avenue, San Rafael, died yesterday in a local hospital after a long illness.

A native of Germany, she had lived in California for 19 years and in Marin County for six months. Surviving is her mother, Mrs. Hertha Orekar of San Anselmo.

Private family funeral will be held tomorrow at the Chapel of the Hills, San Anselmo. Burial will be private.

Romney Calls For Constitutions Reform Crusade

Says Other State View Michigan Streamlining With Great Envy

SAN FRANCISCO (UPI)—Michigan Gov. George Romney called on the other states today to mount a "crusade," emulating Michigan, in streamlining their constitutions.

In remarks prepared for delivery to the National Municipal League meeting, the Republican governor said:

"In Michigan, we had to conduct five statewide elections and win four of them before we finally achieved the new constitution that so many other states view with envy. And it was the efforts of citizens — as individuals — that provided the measure of success in each case."

The key to the eventual success in the elections, Romney said, was citizen participation.

"Individuals became aroused, and they informed themselves, and they worked for what they thought should be done. And they won. Michigan's new constitution is a living monument to the effectiveness of citizenship participation."

"As a citizen and as a state official, I am vitally concerned about the concentration of governmental power in Washington, and what this means to the freedom of action of individuals," Romney said.

"Excessive concentration of power in big government should have been a very important element of our recent presidential campaign, but unfortunately it got drowned beneath the torrents of campaign outbursts on war and peace, racial strife, social security and other matters. . ."

Other states, said Romney, "must follow Michigan's lead in modernizing their constitutions, and in updating their city charters. . ."

In Los Angeles yesterday, Romney deplored "the decline in religious convictions, moral character and family life." These, he said, "not communism," pose the greatest threat to America.

60 A.F. Noncoms Get Promotions

Promotions for 60 noncommissioned officers in the 28th Air Division at Hamilton Air Force Base, effective Dec. 1, were announced today.

Topping the list are 28 promoted to master sergeant. They are.

Erwin D. Blote, Joseph Breaux, John V. Breslin, James Clark, Clay E. Durbin, Thomas E. Grabill, Robert C. Gross, Claude Hancock, Earl D. Harris, Agnes L. Johnson, Le Roy Karnes, Flavio Landavazo, Theodore Linzey, George B. Nickerson, Elvis L. Oatsvall, Howard Phillips, Oliver Radley, Edward T. Rhoades, William Roof, Antonio Salazar, Wallace F. Sims, William Snethen, Charles T. Spencer, Milton Stafford, Bruce F. Swafford, Norman L. Terry, Odell Woods and John Yoho.

Lot-Split Law Action Put Off

The Marin County Real Estate Board yesterday deferred action on a committee report on the new county lot-split ordinance until members have had a chance to study it.

The report was submitted to the board yesterday by its planning and zoning committee. The ordinance was passed Oct. 27 as an emergency measure to avoid further subdivisions of two or three parcels without "adequate provision for traffic circulation, utility services, public improvements and flood control."

The county supervisors agreed to review the ordinance 90 days after its passage.

The real estate board would not make details of its committee's report on the ordinance public.

Attorney Belli Seeks Divorce

SAN FRANCISCO (UPI) — Melvin Belli, the defense attorney in Jack Ruby's murder trial at Dallas, filed suit for divorce from his third wife last night, charging "extreme cruelty."

The 56-year-old attorney's suit was filed in superior court by Vasilios B. Choulos, an associate of the Belli firm. It did not list specific charges against Joy Turney Belli, 36, a former airline stewardess.

Reports indicated Belli was seeking custody of the couple's seven-year-old son, Caesar, and an equitable division of community property. The couple was married in 1956.

Lyndon Seeks 'Heavyweights'

WASHINGTON (UPI)—As far as President Lyndon B. Johnson is concerned, the No. 2 man in any government department is the man who deals with Congress. He wants to make sure only "heavyweights" are selected.

Johnson, wise in the ways of Capitol Hill, made his feelings on the subject clear yesterday in a statement to his cabinet.

"I want to be especially sure that each of you selects a top man to serve as your legislative liaison. Next to the cabinet officer himself, I consider this the most important position in the department," the president said.

Typhoon Louise Hits Philippines

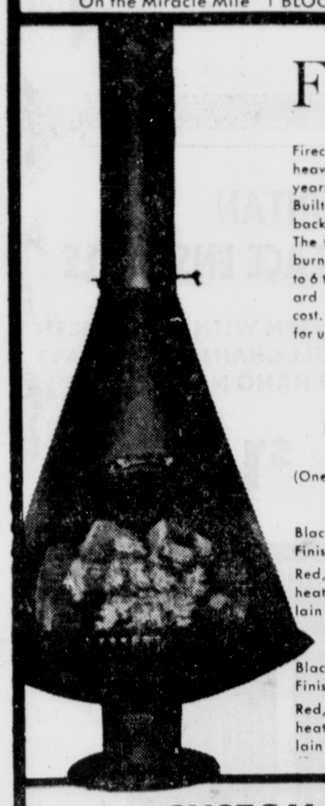

MANILA (UPI)—Typhoon Louise battered the central Philippines today with peak winds of 90 mph.

Storm reports from the northern Philippines said 21 persons have been killed in Cagayan and Isabela provinces since Wednesday. Thousands were homeless.

The weather bureau reported the center of the storm 300 miles southeast of Manila and said it was moving northwest at less than 10 mph.

QUADS ALL OVER THE PLACE

Mrs. Arlin Grenawalt, 19, of Portland, Ore., who gave birth to quadruplet daughters last week, was visited yesterday by Portland's 1946 quads (from left) August, Joe, Beatrice Josephine, Carole Jessie and Dee Jerry Tigner. And in Maury, Tenn., Rev. and Mrs. Willie Grant Lyons and their daughter, Savilla, 3, are attentative to two of the Lyons quads who came home yesterday. They were born Nov. 1. The other two are expected home in one week. Their old four-room farm house has no plumbing and only one coal stove to fight the effects of a leaky roof and drafty floors. (AP Wirephotos)

Subdivision Gets One More Chance

Tiburon planning commissioners almost — but not quite — turned down a proposal last night for a 40-foot subdivision on hills above downtown Tiburon.

Commissioners were about to vote on a motion to disapprove the subdivision when developer Howard Eichen of Fullerton asked postponement. The commission left the negative motion on the books and set Dec. 21 as the date to vote on it or withdraw it.

The 30 persons in the audience at Del Mar School sat in rapt silence through an hour's discussion of the subdivision. It was continued from Monday's regular commission session to decide if Eichen and his development coordinators could subdivide 14 hilltop acres at the end of Round Hill Road into 40 single-family lots. Eichen on Monday said he wanted a decision by last night, which would be the legal 30-day limit after filing his tentative subdivision map with the city.

Leslie Gross, head of the city's department of lands and improvements, recommended the commission turn down the subdivision because of "inadequate access creating unsafe conditions" on Round Hill Road, the only road into the subdivision. Gross also called the subdivision "poorly planned and designed" and "undesirable in appearance."

Five letters from residents opposing the proposed subdivision were read into the record.

Eichen said he hoped to "accede to the desires of the community and not force my desires on them." He said he might add more open areas, but declined to officially change the map.

Planning commission chairman Stephen H. Nash suggested a 90-day continuance so city staff and developers could work on the map.

Eichen's attorney, E. Warren McGuire of Kentfield, asked for specifics.

"To sit here tonight and ad lib all the points that are wrong with this map would be futile, to say the least," answered Gross.

"It is not the function of the staff of the City of Tiburon to design subdivisions," added City Mgr. Lawrence D. Rose.

Nash asked for a roll call vote on the motion to turn down the subdivision. In the pause as the secretary prepared to call the roll, McGuire asked for a "moment" for consultation with Eichen. Then he asked a 30-day continuance.

The audience left. The commission then voted to write the State Division of Highways requesting continuance of underground utilities for the future widening of Tiburon Boulevard; asked for a report from the city staff on signs and sign ordinances in 90 days; continued to Dec. 7 consideration of two sites proposed for school construction by Reed School District.

Spirit Of Christmas Is Shown

The Tiburon Planning Commission last night came to the aid of a young businessman in distress.

Jeff Mayer of Mill Valley had thought all he needed was a license to sell Christmas trees next to the Safeway store in Tiburon. He walked into the city offices yesterday, having bought a load of trees, and found out he needed a use permit, it had to be approved by the city planning commission, and it would take 14 days to get on the commission agenda.

Mayer pleaded and city officials pushed aside red tape in favor of Christmas ribbon.

"It will diversify the economic base of the city," City Mgr. Lawrence D. Rose told the planning commission with barely a smile.

The commission quickly approved the use permit.

Laos Envoy To Be Named

WASHINGTON (UPI) — William H. Sullivan, State Department trouble-shooter on Vietnam, will shortly be named U.S. ambassador to Laos, official sources said today.

Sullivan, 42, headed an administration task force on South Vietnam set up earlier this year. The task force includes representatives from the White House, State and Defense departments, the Agency for International Development, CIA and U.S. Information Agency.

When Gen. Maxwell D. Taylor became ambassador to South Vietnam last July, Sullivan was sent to Saigon as one of Taylor's senior advisers.

Sullivan will replace Ambassador Leonard Unger, who has held the post in Laos since July, 1962. Unger may be made a deputy assistant secretary of state for Far Eastern affairs.

Brown Says Defense Cuts To Mean Gains

SACRAMENTO (CNS) — Gov. Edmund G. Brown said the phaseouts and buildups in the realignment of the nation's defense program actually will provide long-range gains for California, with a loss of 7,256 civilian workers more than offset by a gain in 7,921 military personnel.

Brown said information made available to his office showed the air materiel area at Norton Air Force Base would be phased out but about half of the federal reduction would be recouped by transfer of new missions to the base.

MOVE TO NORTON

Photographic missions at Orlando AFB in Florida and Lookout Mountain in California will be consolidated and moved to Norton. The reduction in force at Norton, which will total 1,158 military personnel and 7,343 civilians, will not be completed until July, 1969.

Norton employees will be given first priority at bases where there will be gains, Brown said. McClellan AFB near Sacramento will gain 3,749 civilian employees and 319 miliary persotnnel; Mather AFB, also near Sacramento, will gain 204 civilployees and 319 military personnel; and March AFB will gain 71 civilians and 2,827 military personnel.

SHIPYARD CHANGE

The only change in shipyards in California will involve consolidation of the headquarters of Hunters Point and Mare Island naval shipyards, resulting in a loss of seven military personnel and 648 civilians. There has been no decision on which of the bases will serve as headquarters for the joint command, Brown said.

In Monterey, the Naval Air Facility will be consolidated with the Navy's post graduate school there, resulting in a reduction of 10 military personnel and 30 civilians. In the Bay Area, 320 acres of Forts Berry, Baker and Cronkhite will be declared excess by January, 1965, and the state has renewed its application for these lands for park use. The radar station atop Mount Tamalpais will also be phased out.

TRUSTEES ALARMED

'Old Timers' Help Fill College Classes

Two students in the College of Marin's adult education course have been taking sewing for 17 semesters, and 11 have been in the same class for 10 semesters or more.

College trustees who asked for a report on the sewing and tailoring programs wondered last night just how much the old timers could learn after 10 semesters or more.

Ellsworth R. Briggs, dean of the college's adult education program, claimed, however, that such old timers constitute a small percentage of the total enrollment.

"I'm not alarmed at these figures," he said.

His report declared that "basically" those in sewing and tailoring classes were in the learning stages. He said only 8 per cent of the students in sewing have had more than six semesters and only 4 per cent have had more than four semesters in tailoring.

If Briggs was not alarmed, trustees appeared to be, particularly if the old timers were preventing newcomers from enrolling in classes.

College President Stephen E. Epler suggested that enrollment in such classes be limited to eight semesters.

"We're not in this for production or as a recreation center," Epler said.

Trustees agreed there should be a limit that would apply to all such classes, including arts and crafts such as weaving and ceramics. They asked Epler to give it more study before fixing a limit.

The last paragraph of Briggs' report declared:

"Note: The board will be interested to know that preparation of this study required 18 hours of clerical time, which, plus the administrative time for interpretation of data and drafting of the report made the information requested cost an estimated $55."

The board made no comment on this.

The report covered all of one typewritten page and took six typewritten lines on a second sheet, four of these lines being required for Briggs' final note.

Fair Employment Aides Announced

SACRAMENTO (AP) — Two appointments were announced yesterday by Gov. Edmund G. Brown to the State Commission on Fair Employment.

Mrs. Barry Sterling of West Los Angeles was named as a replacement for Mrs. Carmen Warschaw, who resigned after her election as Southern California chairman of the Democratic State Central Committee.

Dwight Zook of Rolling Hills was reappointed to a second term on the commission.

The appointments require Senate confirmation.

Mill Valley Chamber Election Aides Named

Herman Boldetti, president of the Mill Valley Chamber of Commerce, announced today he has appointed Clyde E. Beasley, Frank C. Hickman and Danny J. Malugani Jr. as judges of the forthcoming election of directors to serve on the board in 1965 and 1966.

Ballots have been mailed and must be received at the chamber office at 85 Throckmorton Avenue before noon, next Wednesday. Winners will be announced by the board's noon meeting that day at 26 Miller Avenue.

Fairfax Planners Act Again

Fairfax planning commissioners made sure they had a legal quorum last night, then did all over again the things they thought they accomplished at their Oct. 29 meeting.

Commission chairman Dan M. Miller explained that a recent city ordinance amendment trimmed the commission from nine to seven members, but left a quorum at five. Only four members were present Oct. 29.

Asked whether the commission would request the city council to amend the quorum requirement, Miller said a four-man quorum "too often results in ties," and that the commissioners would rather leave it at five members.

Among new business, the commission received the resignation of member Fred Conkle, who is leaving the city.

The commission discussed, but took no action on proposals to establish an architectural commission, and on preparation of a master plan for the Fairfax area.

Re-recommended to the city council were the planned development ordinance favored at the quorum-less session, and amendments of the zoning ordinance enlarging the size of parking spaces and setting fees for subdivision. Plans for a Toyon Drive subdivision and for a triplex on Pine Street were denied, Miller said.

The World Must Be Going To The Bugs

NEW YORK (UPI) — There are more than 600,000 known species of insects, with literally hundreds of new categories being discovered each year.

These range in size from the Atlas moth, which has a wing spread of a foot, to certain types of wasps that are less than a hundredth of an inch long.

NOT TIME 'WASTED'

College Trustee Touchy About High School Job

You've got to be careful what you say about high schools to the Marin Junior College District trustees.

Russell Ridge, one of five new college teachers who introduced themselves to the trustees last night, found this out in a hurry.

In telling his background, Ridge, a life science teacher, said he had taught for 10 years in high school and considered it a "wasted 10 years."

"Wait a minute!" said trustee Joseph D. Gargiulo. "Strike that from the record. I've been in high school 14 years."

"He's going to graduate pretty soon, too," said trustee Robert E. Rogers.

Actually, Gargiulo is a teacher at Novato High School.

State Birds

WASHINGTON (UPI)—Kentucky initiated the practice of choosing a state bird. The first state bird, adopted in 1926, was the cardinal.

Cats are believed to have been domesticated by the ancient Egyptians and to have been introduced into Europe by Phoenician traders long before the Christian era.

This is one of the reasons a Volkswagen's so reliable.
Volkswagens break down.
Just like everything else in this world.
But if everything else in this world could be put back in shape as easily as a Volkswagen, the world would be in pretty good shape.
Volkswagens are easily fixable because fixing them was part of the original design.
For one thing, Volkswagens don't change drastically from year to year.
So VW mechanics get plenty of practice (and plenty good at) servicing Volkswagens.
And they never have to fiddle with a carburetor, touch up a clutch, or yank out a cable with their fingers crossed.
When improvements are made, most of the new parts are made to fit the older models.
Which means you can get parts for vintage VWs without making a tour of the local junkyards for them.
And Volkswagen parts are easy to install.
We can replace a fender with just ten bolts.
Or an entire engine in just ninety minutes.
In fact, that's another reason Volkswagens hold together so well: they come apart so easily.

PARKING PROBLEM SURVEY IS ASKED

College Of Marin Trustees Authorize Converting Tennis Courts For Autos

Trustees of Marin Junior College District last night asked for a survey of the parking problem at the Kentfield campus.

The action came after trustees authorized converting three tennis courts north of the football field into a parking lot.

Business Manager Norman Bird estimated that 140 cars could be parked on the courts and some adjacent land. He had not figured the cost of the conversion.

Trustees wondered how this will fit in with the entire parking picture. College President Stephen E. Epler said he could prepare a report by next fall showing the projected parking areas of the campus.

Trustee Elizabeth M. Deedy said she has long held the opinion that the college must double-deck it parking lots to solve the problem.

TheMarin College Board Also:

1. Adopted a schedule for next school year that provides 175 days of classes, the minimum under state law. The school year will start Sept. 13 and close June 16.

2. Heard from Shirley Conklin, coordinator for the college's registered nursing training to start next fall, that 50 have already taken out application forms for the course. She expects as many as 200 applications. The first class must be limited to 30 by testing and screening of applicants.

3. Approved addition of a dental assistant class for next semester. The two-unit course will require three hours of laboratory work and one lecture a week.

4. Transferred from college accounts to the College of Marin Foundation a total of $2,626.38 in scholarship and loan funds. Also transferred were the records on $3,147.32 in outstanding loans to students from various funds.

5. Adjourned until Dec. 3.

Trustee Kent O. Seymour was absent.

Summer Plan Is Approved At Tam High

The Tamalpais High School District curriculum council yesterday approved a plan for a sumemr teachers' workshop on physical education next year.

The council also set goals for improving high school libraries.

The physical education session would establish a district-wide physical education program, which would include a program for the physically handicapped, and a scheduling arrangement allowing juniors and seniors to specialize in one field.

A goal of 16,000 books for each school library was set, with hope of adding 1,500 books each year.

Keeping high school libraries open at night was suggested, but the council learned that the education code requires that a person with a teaching certificate be present. A search may be started to find staff members willing to work at night.

Kennedy Children Sent Presents

TOKYO (AP)—Ten thousand paper cranes are on their way from Tokyo to Caroline and John F. Kennedy Jr. in New York.

The cranes were shipped today by Taeko Matsuyama and Reiko Sato, 17-year-old high school girls in Nagano Prefecture of north central Japan. They started making the cranes last June, and have devoted almost all their spare time to the work.

The girls said they hope the cranes would be a good Christmas present for Caroline and John.

Three Injured In Crash On Bridge

Three persons were slightly hurt at 10:35 p.m. yesterday when the car in which they were riding struck the rear of a truck-trailer on the Golden Gate Bridge northbound about 300 feet south of the north tower.

Driver Mario C. Dal Balcon, 41, and Roy Balducchi, 36, both of Elk, Mendocino County, and Antoni Dal Balcon, 74, of San Francisco, all refused medical aid. Truck driver was Donald M. Smith, 34, of Ukiah.

Cancer Group Workers Lauded

Seventy Marin County residents who have been volunteer researchers for the American Cancer Society since 1959, were commended last night for their work by Dr. E. Cuyler Hammond, director of statistical research for the society, in a recorded message from New York.

The volunteers met in the library of the Wolfe Grade School in Kentfield to hear a report on the study in which one million persons, 950 of them from Marin County, have participated for five years.

The nation-wide program, to be concluded next year, is attempting to determine the cause of cancer by comparing the mode of living of cancer victims with that of healthy persons.

This Is Perfect Weather For A Drive To Inverness Dinery

Days like this are good for motoring — clear and cold. At least it was clear and cold when this was written. So last Saturday after blowing on our hands and rubbing the circulation back, we decided it was time again to drive up to Inverness.

Had we kept ourselves more informed we might have taken along some fishing tackle and made a day of it. Steelhead and salmon were running in Tomales Bay and fishermen were spotted everywhere.

It's always a problem deciding where to eat there: **Inverness Lodge** or **Drake's Arms** (the latter is now being billed as **Vladimir's Moravian Restaurant**). Both are good places and it's either a matter of alternating between one and the other as trips come along, or tossing a coin.

This time the choice fell on Inverness Lodge, where the lunch fare that day included a delicious cream caraway soup, home-made rolls, Drake's Bay oysters, a fruity wine from Austria and some of **Manka Prokupek's** famous pastries. All this tends to leave you dreamy-eyed and beaming contentedly.

I must say again that **Milan Prokupek Jr.**, his partner **John Far** and their wives **Judy** and **Ann** are carrying on the operation here in the best tradition. And as previously mentioned, they will be closed Tuesday and Wednesday next week (but open on Thanksgiving), and during December right up to Christmas, so they can take a vacation.

We stopped by to see **Alena** and **Vladimir Nevl** at Drake's—excuse me — Vladimir's Moravian Restaurant, there to sip one of Vlad's coffee specialties, of which he has several for cold weather purposes. Even then, past the lunch hour, tables were busy. Food looked good enough to start eating again.

If the fishing drops off and you need an excuse to visit Inverness next month, there's a fox hunt going on Dec. 20 between the Inverness Equestrians, which Vladimir heads, and the Los Altos Hunt Club.

Vlad and Elena will be closed most of the month of January—from the fourth until reopening on the 29th—so they can take off on a ski trip.

WE'VE BEEN HEARING more and more about the good food at the **Lodge** (formerly Tomahawk Lodge) north of Novato since **Lars Eric Benson** took over the kitchen, so we made a point of going there a few nights ago.

For a variety of reasons, this place no longer seems so far removed from the rest of Marin County. I expect it will seem downright crowded when McGraw-Hill starts to build on the adjoining property. Co-owner **Bernardino Farlatti** manages the lodge, and he and his wife live there overseeing every detail, which makes for a more efficient operation.

The exterior has been dressed up with plants and lights so you can find it more easily at night, and I have no doubt the Farlattis will see that more landscaping is added.

The party and banquet space is amazing. There is one medium-size party room downstairs, two more upstairs along with the large banquet room. The latter is equipped with a complete bar.

Erics' food turned out to be as we had expected, since we have had some experience eating it before, and he should draw increasing numbers to the Lodge's tables.

Vivian Mason is a fine entertainer at the lounge piano Tuesday through Saturday nights, and has already developed quite a following.

LOMO DE PUERCO RELLENO, estilo Guadalajara is the new offering at **Ramona's** in San Rafael, and if that baffles you it's the back of the pork, stuffed with almonds, carrots, celery and other good things, then rolled and sliced. Served with a semi-hot sauce. You'll like it.

Ramona's is now open seven days a weeks for lunch and dinner.

That three-dimensional picture of the senorita and two troubadours on the rear wall is the work of **Mrs. M. H. (Jamie) Breffeilh.** She lives in Ross and also did the scene on the side wall.

A SPAGHETTI DINNER is being featured at **Peacock Gap Country Club** this Sunday from 6 p.m. Price is $2 for adults and $1 for youngsters. Sunday is "Rugby Field Day" at Peacock Gap, and if you get there by 4:15 p.m. you can watch the scrimmage on the driving range.

COUNTRY BOY RESTAURANT is still adding new outlets. Restaurant No. 7 is to be opened at 10115 San Pablo Avenue, El Cerrito, soon. San Rafael restaurant is located in **Bermuda Palms.**

ZACK'S in Sausalito has just begun a caption contest to name four hand-carved statues — life size — from the English Tudor period acquired by proprietor **Sam Zakessian.** Contestants are invited to write something humorous, so one should look at them first. Drop as many entries as you want in the special box you'll see there.

Prizes run from dinners at several restaurants and choice theater tickets to merchandise gift certificates. Captions chosen will also be mounted on a metal plate along with the winner's name at the base of each statue. Entries close at midnight, Dec. 7.

LEE LEES, artist at the console in the **Mai Tai Room** of **Lin Fa Gardens** in Northgate, is what is known as an "organist's organist," I hear. At least that's what some organists tell me. They say there are few who can match her all round technique.

DICK SALTZMAN called my attention to the fact that Blue Rock Inn, Larkspur, is probably the only place north of the 35th parallel that has two separate musical trios, each playing guitar, bass and vibes. Dick's trio is on Friday and Saturday nights. That of **Stan Gibbs** is on Sunday afternoons.

SOME RESTAURANTS have already advertised on this page that they will be open for Thanksgiving dinner. There will be a similar page next Wednesday for others who may wish to make such announcements.

But as there are now more than 100 restaurants in the county, we will not attempt to give a complete roundup of all the places that are expected to open this year. But the proportion of openings seldom changes from year to year. More than half of them will be serving.

If your favorite place does not announce it's intentions, do not assume it will be closed. Call it on the phone, preferably far enough ahead of time to learn whether reservations will be needed.

Almonte Club Hears Tam High Problems

Almonte Improvement Club heard N. J. Hainovsky discuss problems caused by Tamalpais High School students in the Homestead Boulevard area at its Wednesday night meeting.

The board took no action but agreed to send a representative to Tamalpais High School at 8 p.m. Dec. 7, when the matter will be discussed again with the school administration, reported Mrs. Edith Kramer, club custodian.

Nikita Still On

MOSCOW (UPI) — Stationery stores in Moscow today were selling 1965 calendar books with a note in the April section reading "birthday of N. S. Khrushchev." Portraits of the ousted Soviet premier were removed from stores almost immediately after he was stripped of power last month.

Inverness Inn Opens

Inverness Valley Inn, a new 10-unit motel, has been opened on the Point Reyes peninsula.

Located on Sir Francis Drake Boulevard at Camino Del Mar, about a mile north of Inverness, the motel is situated on a 15-acre parcel of land and features stables and corral for equestrians, swimming pool, barbecue pit and an area which will be developed for croquet and lawn games.

It is owned by a corporation, of which Milan Prokupek of Inverness and Louis J. Glicksberg and Victor J. Corsini of San Francisco are the principals. The development was designed by architect Robert W. F. Severin. Cabins and other facilities were constructed by Crown Development Co.

Motel units are fully carpeted and feature large dressing rooms, baths, fireplaces and electric stoves and refrigeration.

Rentals are being offered both on the European plan and American plan with a choice of meals at either Drake's Arms or Inverness Lodge in Inverness.

their own oats for feeding. The property lies in a little valley contiguous to the lands of Charles Mel, through which riding trails lead to the highlands above Inverness.

Barn and stable facilities include hay and water, but horse owners are required to supply

Hamburger and CHAMPAGNE?

Well, not for *every*body.

You have to be 21 and come over to Sam's in Tiburon to get it.

And, if you find fulfillment in the works of Edgar Guest, Paul Harvey, Daddy Warbucks, Jane Addams, Norman Rockwell, and Henry Doelger... you might prefer to stick with Sam's tried and true Burger & Beer.

But if a spark of the *bon vivant* burns in your soul, your taste will be abundantly rewarded with this bizarre combination.

Sam's Anchor Cafe has even bottled its own champagne for the occasion.

That would be Sam's in Tiburon.

CLASSIC COMEDY IN MILL VALLEY

Miss Hardcastle (Harrie Batz) stoops to conquer Charles Marlowe (Joe Allen) as a bar maid, while Miss Neville (Benita Truman) looks on in the Tamalpais Valley Players' production of the Oliver Goldsmith comedy, "She Stoops To Conquer," staged for a final weekend today and tomorrow at 8:30 p.m., in the American Legion Hall, 469 Miller Avenue, Mill Valley. Proceeds of the play go toward the new building fund of the Tamalpais Valley Improvement Club. Coffee, lemonade, and wine will be served at tables for the audience.

(Craig Sharp photo)

Hopps Says His Life Threatened

Special to the I-J

SAN FRANCISCO—Insurance wizzard Stewart B. Hopps yesterday described a threatening phone call he allegedly received while living at his Belvedere mansion Sept. 5, 1962.

In the witness box in Judge William T. Sweigert's federal court, Hopps told of a call from Allen Dorfman, 38, Chicago insurance executive.

Hopps said Dorfman, who called from Nassau in the Bahamas, threatened to "cut a new hole" in Hopp's head and asked if Hopps wanted a "concrete overcoat."

Hopps said Dorfman was angry because $100,000 that he and his stepfather, Paul Dorfman, 62, had invested in one of Hopps' insurance firms had been transferred to another firm.

Young Dorfman said he was sending his stepfather west to collect the money.

Trial of the Dorfmans on a federal extortion charge was in its fifth day today, with Hopps still on the stand.

Hopps said there was lots of profanity from Dorfman in the phone call. He said he and his late wife, Geraldine, were at the breakfast table when the call came through.

His wife, who could not help overhearing the shouted conversation, was very upset, Hopps said.

Mrs. Hopps died of an overdose of sleeping pills in Miami last year.

Thant Urges Peking Disarmament Talks

UNITED NATIONS, N.Y. (AP)—Secretary-General U Thant called today for greater progress in disarmament in 1965 and proposed talks among the nuclear powers, including Communist China, to check the nuclear arms race.

Thant's call was contained in his 10,000-word introduction to the annual report on the state of the world—as he sees it—to the U.N. General Assembly opening Dec. 1.

His statement dwelt briefly on the precarious U.N. financial situation and wound up with the hope there will be a solution before the assembly meets.

Thant reported a 113.3-million-dollar deficit as of Sept. 30, arrears of 112.3 million dollars on the Congo and Middle East peace-keeping accounts, and only 24.8 million dollars cash in hand. He said cash resources would practically disappear in six months unless a payments solution is found..

The secretary-general made no reference to U.S. determination to challenge the General Assembly voting rights of the Soviet bloc and France unless they pay peacekeeping arrears.

Thant said disarmament questions continue to have high priority on the international agenda, despite the advances market by the limited test ban treaty which he noted "remains neither universal nor comprehensive."

Communist China and France have not signed it, and there has been no agreement to ban underground tests. The treaty bans testing in the air, sea and in space.

Thant called reduction and elimination of nuclear delivery vehicles the key issue of general and complete disarmament and noted some measure of agreement at the Geneva disarmament talks last summer.

With the question of seating Communist China in the United Nations coming up, Thant also proposed a foot in the U.N. door for East Germany, North Korea and North Vietnam.

He noted that several countries not members of the organization—West Germany, South Korea and South Vietnam among them—have membership in U.N. specialized agencies and maintain observers in New York to the benefit of their understanding of the international scheme.

New Taximeter Rule Adopted

SACRAMENTO (AP)—New regulations for the inspection of taximeters and odometers have been adopted by the Department of Agriculture in the wake of recent complaints about customer overcharging.

Three methods of testing accuracy will be used.

Vehicles will be road tested over a measured course.

A simulated road test will be made by moving only the wheels of the vehicle, which can remain stationary.

And a "fifth wheel" may be attached to the rear of a motor vehicle and the mileage reading on its odometer compared with that on the vehicle's odometer.

My Hand, Sir

NEW YORK (UPI)—The handshake originated in the peaceful desires of privitive civilizations. In those times, men extended their hands to show they were not going to use their weapons and the handshake developed from this practice.

Directors Seek To Raze Marin City Center Wing

Razing of the east wing of the Marin City Community Center building was asked last night by directors of Marin City Community Services District.

The wing must be razed, reported John A. Thomson, CSD board secretary, because the wood foundation is rotten and unsafe, the roof is "gone," and the district, which has a budget of $300 per month, cannot afford to pay $300 per month to maintain it. Maintenance cost has been paid by the Marin County Housing Authority, but it will move its office in January from the community center to 429 Drake Avenue.

The four rooms, two used for church activities and two as storerooms, are used by the Church of God, Village Baptist Church, the County Health Department and a branch of the Marin County Library.

Space for the health department's well baby clinic and the library may be found in the main portion of the building, from which the housing authority will move, said Thomson.

The Church of God will be ready to move into its new building by January. Other facilities will have to be found for the Village Baptist Church, he said.

Marin Crusade Drive Now At 70% Of Goal

Contributions to the United Crusade drive in Marin now total $108,625, for 70 per cent of goal, Stephen D. Burke, county campaign chairman, announced today.

"The pace of the campaign has quickened considerably," Burke said. "The trend to increased giving is also continuing."

He urged volunteers to complete their phases of the drive and to turn in all gifts collected in time for them to be reported at a United Bay Area Crusade awards luncheon next Tuesday in San Francisco. Several Marin firms and groups will be honored at the luncheon, Burke said.

The residential division, formerly in the lead, has relinquished the top spot to the education division, he reported. The education division's total to date is $10,896, or 86.5 per cent of goal, while the residential drive stands at 78-1 per cent with a total of $43,165.

Other division standings are: commerce and industry, total $9,197, or 68.3 per cent of goal; professional, $16,437, or 66 per cent; business, $21,225, or 64.2 per cent; public employees, $7-705, or 52 per cent.

Campaign highlights reported today were:

Business division: Corte Madera, first community to go over the top; total $720, or 105 per cent of goal; Casper Borst, Corte Madera business drive chairman. Second closest is Sausalito at 94 per cent.

Education division: The first two elementary school districts to complete their drives show increased gifts: Larkspur District, contributions totaling $297, up 58 per cent over last year; Mill Valley, total $1,001, a 40 per cent gain over last year.

Professional division: Engineers, first group to top its goal; total $646, or 127 per cent of quota.

Residential division: New figures for communities already over the top: Ignacio, 228 per cent of quota; Glenwood, 164 per cent; Marin Golf and Country Club Estates, 156 per cent; East San Rafael, 133 per cent; Marin City, 119.8 per cent; Tiburon Peninsula, 118 per cent; Larkspur and Santa Venetia, both 106 per cent.

Now, Get A Horse

NEW YORK (UPI) — Modern technology has produced cars and trucks that travel faster than healthy young horses, but in New York's Manhattan borough trucks now move at an average speed of six miles per hour. In their day, horsedrawn carriages averaged 11 miles per hour.

Brown Calls For Aerospace Help

SACRAMENTO (AP) — California's aerospace industries have been called upon again by Gov. Edmund G. Brown to shoulder some of the burden of the state's major problems.

Brown made a second appeal yesterday for space age industries to offer bids on contracts aimed at solving California's more complex headaches.

The governor has asked for studies in four fields: A statewide transportation network; waste management, including smog and water pollution; care of the criminally and mentally ill, and a system of data collection to improve governmental and industry functions.

Royalty Aides Wed

COPENHAGEN (UPI) — Maj. Constantine Kombokis, former adjutant to King Constantine of Greece, and Dorrit Bech, former lady-in-waiting for Princess Anne-Marie of Denmark, were married here yesterday.

San Anselmo Seems To Be Over Trouble With Spans

San Anselmo has had its troubles with bridges, but the future looks better, according to City Engineer Richard Sypher.

Latest sore spot, span-wise, is the brand-new bridge on Sir Francis Drake Boulevard.

The bridge approaches subsided in a manner that threatened to make the span rival the infamous "hump" that once plagued motorists on the San Francisco-Oakland Bay Bridge.

But that's all fixed, Sypher said today. Contractor's crews smoothed out the approaches yesterday, and will go after the cause of the subsidence on Monday.

Sypher blamed an abandoned water district main that soaked the 20-foot-deep fill at both ends of the bridge and caused too much settling. The bridge has not yet been accepted by the city, and the contractor is making the necessary repairs, the official added.

All was well today, too, at the once-troublesome Caletta Avenue bridge. After a series of rebuildings and collapses last spring and summer, the new structure "looks real fine," Sypher said. A small drainage problem developed at both ends of the span during last week's rains, but was easily fixed by city street workers, he said.

Santa, Not Mother, Has Sweetest Tooth

NEW YORK (UPI) — Santa Claus outranks mother when it comes to candy purchases, according to the National Confectioners Assn., which says the top ranking holidays for candy sales are:

Christmas, an estimated $300 million; Haloween $250 million; Easter, $160 million; Valentine's Day, $120 million ,and Mother's Day, $100 million.

Thefts Totaling $220 Reported

Two separate thefts involving losses totaling $220 were reported yesterday by Marin County sheriff's officers.

Donald Frank Donohue, of the Lodge in Novato, told officers a tool box, tools, and a public address system were taken from the trunk of his car parked at the motel early Tuesday.

Vernon Ray Walker, attendant at Santa Venetia Shell Service Station, 296 North San Pedro Road, reported two men distracted his attention Tuesday night and departed with an outside cash box containing $50.

Parliament Opens

TOKYO (UPI)—Emperor Hirohito today opened a session of the Japanese Parliament, the first under the government of new Premier Eisaku Sato. Sato is expected to make his first policy speech Monday.

Mill Valley, Sausalito Pupil Exchanges Held Farsighted

By WAT TAKESHITA

SAN FRANCISCO — The exchange of students between Sausalito and Mill Valley in order to reduce racial imbalance is "novel" and "farsighted," a State Senate subcommittee chairman declared yesterday.

"The idea is novel and worth trying out," declared Sen. John W. Holmdahl (D-Alameda), chairman of the Senate Fact-Finding Subcommittee on Race Relations and Urban Problems. "It is certainly far-sighted for officials of both districts to test it."

Senator Holmdahl asked Dr. William Clark, president of the Mill Valley School District Board, to let his committee know "if any significant conclusions develop" from the student exchange experiment.

Others from Marin County who testified during the all-day hearing in the State Building included Sausalito school officials headed by Harold Sleight, president of the school board, and Supt. Marcus W. Davis; and the president and vice president of Marin County Congress On Racial Equality, Douglas J. Quiett and Arthur Brown, respectively.

The Marin County presentation was relatively uncontroversial, compared with the sharp clashes that marked the testimony from San Francisco.

Reginald Major, spokesman for the education committee of the National Assn. for Advancement of Colored People in San Francisco, charged the San Francisco Board of Education is unwilling to start an effective program to eliminate de facto segregation.

James E. Stratten, Negro president of the San Francisco Board of Education, angrily countered that San Francisco schools have made great strides in solving racial imbalance.

Stratten declared the root of the problem lies in the racial imbalance in the community as a whole.

Marin County's portion of the hearing came late in the day and lasted for an hour and 15 minutes.

Marin CORE officials, Quiett and Brown, declared that Manzanita School in Marin City is a segregated school. Brown charged that reading and mathematics courses at Manzanita were not on a par with other schools in the Sausalito School District. Brown said he was at times treated with disrespect by school officials.

Sausalito officials Davis and Sleight denied that the quality of education or facilities at Manzanita School are inferior to other schools in the district.

Alfred L. Anderson, Manzanita School principal, challenged Brown on the statement he had been treated with disrespect.

Brown replied that he had encountered disrespect in the past, but under Principal Anderson "the whole tone of education at Manzanita changed overnight."

Sausalito school officials emphasized "the need for preschool training programs" to help culturally deprived children, and a continuation of the compensatory education program that is now in effect in the district.

Dr. Clark testified that some Mill Valley citizens had suggested the exchange of students to help desegregation. He said five students from Mill Valley have voluntarily transferred to Manzanita School in Sausalito, and three from Sausalito have transferred to Mill Valley.

"This has given Manzanita a chance to move to Mill Valley if they want," said Dr. Clark. "This has taken down a fence, I believe."

Credit for this program of exchange should go to the community at large, he said.

Scientist Points Out Errors In Mental Illness Thinking

SAN FRANCISCO (UPI) — A California scientist said today that mental illness results from an imbalance of some kind within the individual—but its manifestations are largely in his relations with others.

Dr. Ralph W. Gerard, professor of biology at University of California, made his comments to the National Assn. for Mental Health.

He said the inner disturbance in the individual may result from the operation of hereditary, congential, childhood, and adult conditions, acting directly on the brain or indirectly through other body parts.

Gerard said much unprofitable argument has been directed to such "meaningless questions" as, "Is mental illness caused by heredity or environment? or "Is insanity organic or functional."

The errors, he said, are first in thinking of mental disease as a single entity and, second, in thinking of either-or explanations of illness.

On an average day the residents of Tokyo eat six million pounds of rice and 3½ million pounds of fish, read 21 different newspapers, increase the population by 460 persons, start building two major buildings, commit 641 major crimes and withstand 25 fires and three earthquakes.

Finance Aide Says Personnel Key To Government Economy

By GILES BIXLER

San Rafael's new finance officer believes that personnel are the key to economical city government.

"I have always been interested in personnel policies, because salary costs dominate any city budget," said Orrin Wendling, who stepped into the job of city finance officer Monday.

Wendling, who has spent 16 years working for city governments in California, worked as a personnel technician in San Jose from 1955 to 1958. While there he developed personnel tests he believes contributed to economical government in that city. He and a psychologist started to devise a test to determine what makes a good policeman, but were unable to complete the project because of insufficient funds.

"There are ways of screening out accident-prone people, for example," said Wendling, "and psychological tests will help screen applicants for policemen's jobs, eliminating those who might be trigger happy or like to hot-rod the police cars."

At Santa Clara, where Wendling was finance director in 1958-62, the city sent employees for training in maintenance in an effort to extend the life of the equipment they use.

ORRIN WENDLING
Interested in personnel

He is breaking into his new job under W. Lynn Morgan, who is retiring Dec. 15. Morgan is elected city clerk. The city council has voted to make the finance officer's job appointive and separate it from the job of city clerk. A charter amendment making this effective is scheduled to be voted on next April.

Deputy City Clerk W. C. Cornwell has been recommended by Morgan for the city clerk job.

In the meantime Wendling will be made a deputy city clerk so he can deal with the city's finances without going to the city clerk every time he needs a signature on an official document.

Still in the talking stage is consolidation of certain other functions, such as purchasing and budget preparations, now residing with the city manager, into the job of accounting and finance officer.

Wendling is sure these things will work out.

"All the officials in San Rafael seem to get along well," he said. "I don't know where you could find higher morale than here. What I've seen has really impressed me and encouraged me."

Wendling's wife and four children are staying in Santa Clara until the end of the school year and will move to San Rafael then. He is staying in a San Rafael apartment and will commute home weekends.

"Cooking is my hobby, so I'm not suffering too much," said Wendling, "but I like cooking for other people best."

Quake Hits Tokyo

TOKYO (UPI)—An earthquake jolted downtown Tokyo at 1:35 a.m. today, causing buildings to sway. There were no immediate reports of any damage.

Welfare Taxes Low, Brown Says

PALM SPRINGS (AP) — Gov. Edmund G. Brown said today that contrary to popular belief welfare programs take only a small portion of the property tax dollar and should not bear "an unwarranted share of blame for rising local taxes."

Brown told the 54th annual meeting of the County Supervisors Assn. of California that during the 1963-64 fiscal year 5.19 cents of the property tax dollar went for welfare programs in the state.

"Any way you want to figure it, 5.19 cents does not constitute the principal part of the property tax dollar," Brown said in prepared remarks.

Lynch Says He Will Seek Full Term

LOS ANGELES (AP) — Atty. Gen. Thomas C. Lynch said yesterday he will seek a full four-year term in 1966.

Lynch made the announcement at a luncheon sponsored by the Democratic state and county central committees and Democratic Associates, a volunteer group.

The Audubon Society operates four year-round educational and demonstration centers in California, Ohio and Connecticut. These museums are designed to show dramatically the interrelationships of rocks, water, soil, plants and animals.

Larkspur-Corte Madera Rec Group Approves Budget

A half-year, $10,600 budget, and a new agreement for two cities and a school district were approved in principle last night by the Larkspur-Corte Madera Joint Recreation Commission.

The new agreement would be in the form of a year-long contract based on the calendar year. The budget would carry the recreation program from July 1 to Dec. 31, 1965.

Recreation director Robert C. Bundy today started discussions with city attorneys of Larkspur and Corte Madera, and County Counsel Douglas J. Maloney for the Larkspur School District, to gain legal approval for the proposed contract.

The change to budgeting on the calendar year basis was suggested by the Larkspur city council, Bundy said, because the major expenses come during the summer.

The main problem is whether the cities and school district will be able to firmly commit contributions to the program beyond the end of a fiscal year. Bundy said he hopes the attorneys can iron out the question.

The agreements will be presented to city councils and the school board in December, Bundy said.

Shot Is Fired At Parked Car

Alfred M. Roblin reported to Corte Madera police yesterday that someone had fired a shot at his car, probably while it was parked outside his house at 462 Chapman Drive. Police found a bullet hole about a half inch from the right rear door window, in the metal frame of the door.

The bullet, which lodged inside the door, was probably of .22-caliber, police said, attributing the shot to a vandal's attempt to smash the car window.

Meeting Postponed

Lacking a quorum, there was no meeting of the Tamalpais Fire Protection District board last night. Another date will be set, reported commissioner Donald J. Taylor.

Bolinas Session

Bolinas Harbor District commissioners will meet next Friday, Nov. 27, at the Community Center at 8 p.m. They will not meet Thanksgiving evening, their regularly scheduled day to meet.

Ike Assails Birch Leader

NEW YORK (AP) — Former President Dwight D. Eisenhower received an award for "combating communism" and took the opportunity last night to chide a man who once accused him of links with communism.

The former president described Robert Welch, president of the John Birch Society, as "an irresponsible publicity-seeking person."

Some of Welch's statements, Eisenhower added, should be "taken with a laugh, if not complete disbelief."

Eisenhower was among those receiving the awards from the Order of Lafayette.

Advice Is Given Aspiring Newsmen

STANFORD (AP)—Santa Barbara publisher Thomas M. Storke, whose news and editorials on the John Birch Society won a Pulitzer Prize, today urged aspiring journalist students to "look beneath the surface appearance of things."

In remarks prepared for delivery at dedication of Stanford's new $360,000 Storke Student Publications Building, the publisher-emeritus of the Santa Barbara News Press lauded courageous journalism but said there isn't enough of it.

How much does a Dodge cost?

Correction...

How little does a Dodge cost?

We Dodge Boys have them as low as $2,074†

Just take a look at that line-up! And every one is a handsomer-than-ever, better-than-ever Dodge! Handsomer? Use your eyes. Better-than-ever? Wait'll you drive one! Longer wheelbases. More comfortable ride (Torsion-Aire). More get-up-and-go on regular gas. And more resale value built in by Dodge!

What's more, we Dodge Boys have set new sales records in each of the last two years and we've got our little hearts set on doing it again this year. So come see us!

THE DODGE BOYS

TAKE THE TIME TO LOOK AT ONE MORE—DODGE!

DART: The Dodge-size compact—10 different models, 4 engines (6 and V8).

CORONET: A new kind of full-size, full-power Dodge for less than a Ford or Chevy.

POLARA: The big Dodge at the cost of an Impala.

CUSTOM 880: Nothing so luxurious at anywhere near the price.

MONACO: The best-of-everything Dodge.

TRUCKS: A complete line from compacts to tilt-cabs.

†Prices are Manufacturer's Suggested Retail Prices at Factory Detroit, Michigan for Dodge Dart 2-dr. Sedan, 6 cyl., and Dodge Custom 880, 9-passenger wagon. They include factory retail provision for dealer new-car preparation and E. H. and O. State and/or local taxes, if any, destination charges and optional equipment are not included.

GLENN'S LAST SOLO FLIGHT

Marine Col. John H. Glenn Jr., who spun three times around the earth as a pioneer American astronaut, is shown as he checked out of jet trainer at El Toro Marine Air Base yesterday before starting the final series of solo flights in his Marine career. It was a big day for Glenn as he proved he was once again in top shape after his injury in a fall last February. Glenn, 43, will retire from the Marine Corps Jan. 1, ending 23 years of military service. Of the two-hour flight, he said, "Great. No trouble at all." (AP Wirephoto)

Novato Boy Is Hurt Near Crash Site

A 16-year-old Novato boy was injured in a scooter-car accident yesterday just one block from where another youth was injured in a similar accident less than 24 hours earlier.

Paul Duane Williams, 16, of 2080 Vineyard Road, was riding his motor scooter west on Novato Boulevard at noon. He started to pass a westbound car driven by Albert Edward Bauwens, 43, when Bauwens made a left turn onto McClay Road, Novato police reported. Williams's scooter hit the car, went off the road and damaged a fence on the property of John T. Gerssing of 1901 Novato Boulevard.

Williams was to see his own doctor for treatment of injuries to his right arm, leg and foot, police said.

At 7 p.m. Wednesday, Edward William Hukoveh, 17, of 603 Davidson Street, Novato, was knocked unconscious in a similar accident one block away at Novato Boulevard and Wilson Avenue. He was reported in satisfactory condition today at Kaiser Hospital in San Francisco, being treated for head injuries.

MARIN FIRE CALLS

YESTERDAY:

10:15 a.m., Sausalito — Firemen turned off furnace, believed to be overheated, in home of Jacquelyn Miller, 116 Sausalito Boulevard.

5:20 p.m., Tiburon — Investigated newly installed gas heater smoking at home of Mrs. Claire Lynn, 1848 Vistazo West. No damage.

Drake's Campus Is Now Closed

Sir Francis Drake High School's campus was closed yesterday.

Principal Harold Allison gave three reasons for closing the campus—which means students may not leave after classes begin in the morning until they end in mid-afternoon. The reasons:

1. Excessive throwing of food on the parking lot.
2. Smoking in parked cars.
3. Fires started in garbage cans.

The student council, which concurred in the order closing the campus, held a student body meeting at noon yesterday to discuss the restrictions and how they might be lifted, and called another for Monday.

Allison said the campus would be closed indefinitely. If the student body shows it can police itself, the restriction may be lifted, he said.

Many of the 1,600 students at Drake have been eating lunch off-campus, since the campus lacks lunch accommodations. Most of them will now have to eat in the parking lot—lunchtime littering of which was one of the reasons for the restriction.

Residents near Tamalpais High School have asked that campus also be closed, but high school authorities have resisted the request. San Rafael, Redwood and Novato High schools have closed campuses.

Old-timers in New York's Hudson Valley say the Lincoln funeral train still makes its way up the valley, gliding along to the dirge of an orchestra of skeletons seated at a flatcar. The Hudson Valley has many ghosts, notably the Headless Horsemen who chased after Ichabod Crane.

Group Works To Save Old Adobe Home

Preservation of the Burdell mansion at Rancho Olompali, which encases the first adobe north of San Francisco, and the nearby battleground of the Bear Flag Rebellion was the principal subject discussed at a meeting of directors of the Marin County Historical Society last night.

Alton Lerch, president, reported he had written Gov. Edmund G. Brown, state Sen. John F. McCarthy and Assemblyman William T. Bagley asking that the historic landmark be preserved with funds from the state parks bond issue approved Nov. 3.

Cooperation of the 50 inveschase of the Burdell Ranch will be asked. Directors approved developers' plan for an access road to be built to the 26-room mansion.

The first adobe on the rancho was built in 1776. The land grant was made to Camilo Ynita in 1843. A large part of the land was sold to James Black and he gave it to his daughter when she became the bride of Dr. Galen Burdell.

Lerch announced all the regional vice presidents had been reappointed. They are Frank B. Williams, Sausalito; Waddell F. Smith, San Rafael; Thomas Barfield, Bolinas; Dr. Rodney B. Hartman, Mill Valley; Frank Galli, Novato; Mrs. Jesse Adams, Point Reyes; Dr. Leo L. Stanley, Fairfax, and Thomas Peryam, San Anselmo.

THREE FACES OF WAR IN VIETNAM

An American adviser, M/Sgt. Fred R. Williamson of Pontiac, Mich., stares intently into jungle prior to a Vietnamese attack on a rebel village near Saigon. Advisers frequently go along on such actions. In second photo, a Vietnamese soldier carries a wounded comrade after the successful attack on Viet Cong village. And the third face, that of the Vietnam peasant, is shown after the attack in which village changed hands. The sudden change and the stoic expression are typical of the strife in the Southeast Asian nation. (AP Wirephotos)

Parks-Vs.-Parking Dispute Flares Anew In Hub City

The parks-vs.-parking dispute over the former Northwestern Pacific depot property in San Anselmo flared anew at yesterday's meeting of San Anselmo Chamber of Commerce directors.

Merchant Mozart Kaufman attacked the city's new plan for the former depot area as contrary to the master plan adopted in 1961 because it includes landscaping where parking was previously shown.

"He brought out what all of us have been thinking for a long time," said Richard A. Kientz, chamber president.

The chamber directors, meeting in Alexander Hall of San Francisco Theological Seminary, agreed to continue investigation of the plan and "fight for more parking area."

"We surely want landscaping, but not enough parking area has been provided in the new plan," Kientz said.

The plan was drawn by landscape architect William Kapranos, and has been approved by the Hub City's parks and recreation commission. Earlier, the master plan's showing of parking throughout the former depot area had been attacked by a group of residents.

The parks-vs.-parking dispute is involved in San Anselmo's downtown parking assessment district, the number of parking places available on property now owned by the city affecting the amount of land that will have to be purchased for parking lots if the assessment district is formed.

Kaufman is chairman of a committee pushing the assessment district. He has already extended his Kaufman's Department Store across Corte Madera Creek to where access from a parking lot is shown on the 1961 master plan.

Contractor Is Sued For Faulty Home

Gerald C. Kott, 39-year-old Mill Valley building contractor facing a grand theft charge in Marin Superior Court, has another legal problem: a $17,500 law suit filed against him for allegedly building a faulty house.

The suit, filed in Marin Superior Court by Mr. and Mrs. Douglas M. Bell, charges the house Kott built for them at 304 Richardson Way in Strawberry was erected with poor lumber and the framing failed to meet specifications agreed upon in the purchase.

They ask $7,500 general damages and $10,000 punitive damages.

Co-defendant is Kott's wife, Margaretha S.

Kott, of 361 Cascade Drive, is accused in the theft of a mobile air compressor and a trailer belonging to Elmer J. Freethy Co. of El Cerrito. He was errested Oct. 17 by Marin County sheriff's officers and the equipment recovered.

San Rafael City Hall Seating Is Firmed Up

San Rafael city councilmen firmed up seating arrangements and other features for the council members of the future city hall in a meeting with architects yesterday.

The new council chamber will seat 128 in the audience section, City Mgr. Dan E. Andersen said. The room will be separate from the rest of the building, so it will not be necessary to open the entire building when meetings are held after business hours.

Councilmen expect to have one more meeting on the plans, to settle such decorative details as the type of brick facing for the building, and door styles.

The completely air-conditioned three-story structure on Fifth Avenue will bring all the city's scattered offices under one roof.

Andersen said he has notified tenants of apartments at Fifth Avenue and C Street that they must vacate by Jan. 1, so the city can call for demolition bids on Jan. 14. Ground work must be done on the whole city hall-fire station complex at once, he explained, even though it may be several years before a new main fire station is built on the C Street end of the property.

The new city hall will contain about 24,000 square feet, as compared to the 7,200 in the present building.

Philip Morris Sells Notes

NEW YORK—Philip Morris, Inc., has announced the direct sale to Institutional Investors of 55 million dollars of 4.65 per cent notes, due Nov. 1, 1989.

The placement for the major tobacco and diversified company was negotiated by the investment banking firms of Lehman Brothers and Glore, Forgan & Co.

This is the largest long term financing by a major tobacco company in recent years and the first such financing by Philip Morris since 1959 when the company raised 40 million dollars through the sale of debentures.

Larkspur Man Hurt In Crash

A Larkspur man had stitches taken in his forehead yesterday after a car in which he was riding went over the bank on Corte Madera Grade near Azalea Drive in Mill Valley and ran into a tree.

A resident of Shelley Drive reported the 1961 four-door Buick over the bank at 4:45 p.m. Other residents reported the car "balancing" on the bank.

Odem Bobo of 34 Millard Road, Larkspur, was located by Police Chief Dan Terzich and taken to the police station for questioning. He denied being the driver of the car, which he said is owned by Pauline Parlier of 34 Millard Road.

Drive Starts To Aid Group In Mississippi

A drive has been started by College of Marin students to collect Blue Chip trading stamps to obtain a moving picture projector to be used by the Student Non-Violent Coordinating Committee in Mississippi.

The College Friends of SNCC have asked that donations of stamps be mailed to Post Office Box 486, Kentfield.

Upper Lucas Valley Works To Get Fire Protection

If Upper Lucas Valley can't get fire protection from San Rafael, it can get it from the Marinwood Community Services District, directors of the district said last night.

The Lucas Valley Homeowners Assn. asked the district to provide fire protection on a contract basis—the same request put earlier to the San Rafael City Council. The council did not give a flat turndown, but referred the request to the city fire commission with comment that San Rafael's policy has been against providing city services by contract to unincorporated areas.

Community services district directors said they would be willing to contract the fire protection if all costs involved are paid for by residents of Upper Lucas Valley, reported Mrs. Genevieve Golding, district business manager-secretary. The board authorized its fire commission to discuss details with representatives of the homeowners association.

A new house in Upper Lucas Valley was destroyed by fire last month. The area is outside the community services district and depends for fire protection on the county fire department. Nearest county fire station is in Santa Venetia.

The Marinwood CSD board also approved a hospitalization and medical insurance program for employees. It will decide what plan at a meeting at 8 p.m. next Tuesday.

Lions Club Dance

The Corte Madera Lions Club harvest moon ball dinner and dance will be held at 7 p.m. tomorrow at Corte Madera Recreation Center. Cocktails will be served at 7 p.m., with dinner an hour later and dancing to the music of the Show Stoppers from 9 p.m. to 1:30 a.m.

HEAVY DUTY

NEW WESTINGHOUSE HEAVY DUTY 15 WASHER: ENGINEERED TO PREVENT COSTLY REPAIR BILLS

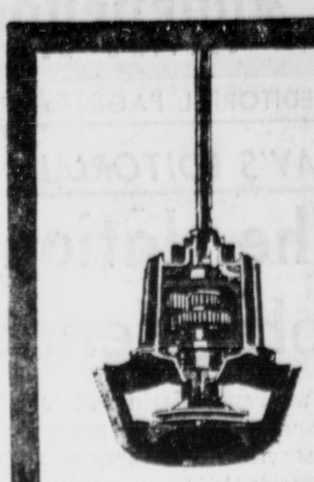

$2.75 PER WEEK

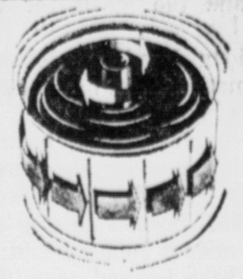

THE WASHER DESIGNED TO DO BIG 15-POUND FAMILY-SIZE LOADS OF YOUR TOUGHEST WASH WITH EASE!

New family additions. More clothes to wash. More clothes that are washable. Here's the washer that's built to handle today's ever-growing loads of wash. It has the strongest, biggest transmission in the home washer industry. Westinghouse saw to that.

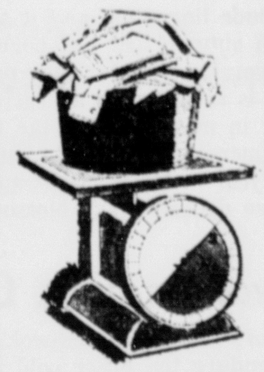

QUALITY CONTROL CHECKED AND TESTED—the new "Heavy Duty 15" Laundromat® Automatic Washer has been checked, rechecked and tested through and through to minimize the chance of costly repairs.

BIGGEST TRANSMISSION OF ALL—We built the transmission (the cause of costly repair bills) half again as large as those found in other automatics. It has what it takes to run this trouble-free, heavy duty washer.

DOUBLE-ACTION WASHING—Thorough Yet Gentle—specially engineered Westinghouse agitator draws clothes in one direction through hot, sudsy water. Ribbed wall tub turns in opposite direction for a second washing action.

15-LB. CAPACITY—now, you can wash any size load you wish—from the smallest load all the way up to a big 15-lb. load. And with Westinghouse you get really thorough washing action regardless of the size of the load.

As part of our big Introductory Celebration look at these outstanding values on Westinghouse Color TV, Refrigerators, Dishwashers & Ranges

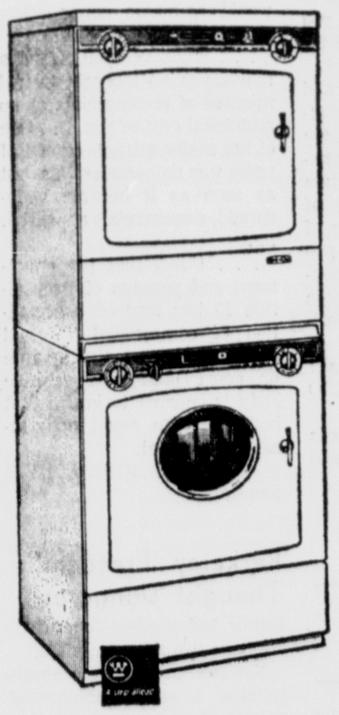

Model CK5110

Color TV

Westinghouse 21" Color Television featuring color fidelity picture tube and memory tuning. 24,000 volts picture power for brilliant color. Two color-keyed controls for simple, accurate tuning. High sensitivity for top performance even in fringe areas. Memory tuning eliminates need for fine tuning each time you change channels. Variable tone control. Full fidelity. 9-inch oval and 3 inch speakers for outstanding sound. Handsome walnut grained finish cabinet.

REG. 599.95
NOW **$488.88**

LAUNDROMAT Dryer

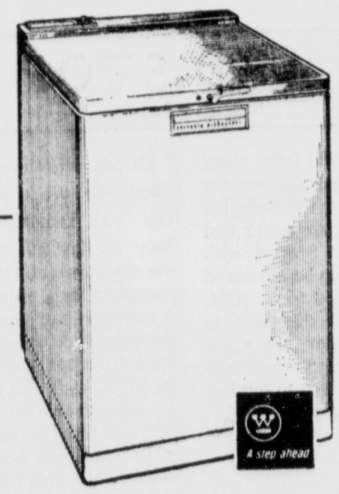

Five pre-set drying programs for every type of fabric. Automatic dry setting—dries completely than shuts off. Large capacity lint collector and balanced air flow system.

$198.00

Washer

Giant capacity washes and dries 24 or more pounds of clothes at the same time. 5-position water saver adjusts input to load-size. Install anywhere using only 24-inches of floor space. 2-Deep Rinses, 4-preset washing programs.

$248.00

DISHWASHER

Westinghouse dishwasher features Turbo-Jet Water Action, Easy Single Dial Control, New Rinse-Hold Setting, Completely portable—no installation necessary.

$138.88

2-OVEN RANGE

Two ovens will bake and broil at the same time. Two-Step Timer is easy to read, easy to use. Single Dial Oven Control, smokeless broiling, infinite surface heats, lift-off oven doors, plug-out oven heaters and full width storage drawer are just a few of the Westinghouse specials you recieve.

$288.88

UPRIGHT FREEZER

Westinghouse upright freezer has 333 lb. yet is only 24 inches wide. Air-Sweep shelves give fast, efficient freezing. Full width door shelves. 3-Year Food spoilage warranty plus Factory protection plan.

TODAY'S EDITORIAL

The Nation Carries On As John Kennedy Would Ask

This weekend, Marin will join the nation and the world in prayers and special services in memory of a martyred President.

A year ago Sunday, the nation lost John Fitzgerald Kennedy in a moment of senseless violence.

Most of us remember vividly that black Friday, Nov. 22, 1963, when first reports from Dallas left us stunned and speechless.

The President was gone, but not the ideas and the ideals for which he stood.

President Lyndon B. Johnson called on the nation: "Let us continue." And continue we did.

The country quickly bounced back into action, carrying on where John F. Kennedy left off.

As 1964 dawned on a grieving nation, President Johnson said:

"We have learned anew that nothing is so enduring as faith and nothing is so degrading as hate. John Kennedy was a victim of hate—but he was also a great builder of faith—faith in our fellow Americans, whatever their creed or their color or their station in life; faith in the future of man, whatever his divisions and differences."

In the one year since President Kennedy, the nation has experienced divisions and differences, and crises both foreign and domestic.

The crises and differences have been met and overcome. Americans, in the main, have rejected hate and violence, whether they be from the extreme left or the extreme right.

President Kennedy's programs to rid the nation of poverty and discrimination are being carried forward.

On that black Friday a year ago, many of us may have experienced a fleeting moment of despair. But that despair was short-lived.

Today, we can look forward once again with hope for world peace and brotherhood, and faith in the future of man.

That is how President Kennedy would have wanted it. And his country did not let him down.

Before Autumn Ends, Spring Begins

The coxcomb and fuchsias are in full bloom, the tube-roses have just recently opened, a few sickly looking rose buds linger on, and it seems as though autumn had just begun.

However, already the narcissus, which is regarded as an early spring flower in most parts of the country, is commencing to bloom. It's that way every year in Marin.

These delicate waxy blossoms with their pervading, heady perfume are so lovely they were named for the demigod of self-love, Narcissus, who became so enamored with his own reflection in a pool that he fell in and drowned.

Nature is confusing in our marvelous county. Tell us: are narcissus the last flower of fall, the first flower of winter, or are they a spring flower?

Miwok Indians Could Take It

Marin's sturdy little Miwok Indians could endure the bitter cold and the biting wind, a diet composed largely of leached acorn meal, shellfish and wild plants, but they couldn't survive the white-man's disease, tuberculosis, and it wiped them out.

We think of these tough, little guys on cold mornings when we are loathe to leave the comfort of our electric blanket. We'll never be able to understand how the Miwoks took the winters in Marin clad only in a short fur cape down the middle of their backs.

MARIN POLITICAL VIEWS

Accent On Youth From Marin Courthouse To State Capitol

By WAT TAKESHITA

THE ACCENT will be on youth, come Jan. 1, in both county government and perhaps in the state Legislature.

Veterans like Bill Fusselman and George Ludy will be stepping down to make way for younger men like Ernest Kettenhofen and Tom Storer on the county Board of Supervisors.

TAKESHITA

Both Storer and incumbent Byron Leydecker are still in their 30's, and Kettenhofen is 47. When the new board takes over in January, the mature judgment of the old-timers will be missed.

However, from the statements and actions displayed by the younger men during almost a year of campaigning, we believe the reins of county government will be in good hands.

DESPITE THEIR comparative youth, the freshmen supervisors seem to have a down-to-earth approach to problems. In their public appearances, they have all indicated their awareness that the taxpayers of the county are already burdened to the hilt.

They will undoubtedly keep that fact uppermost in their minds as they go about the job of decision making for the next four years.

In the State Legislature, a group of young Republican legislators, including Assemblyman William T. Bagley of San Rafael, is making a bid for leadership of the minority party in the lower house.

THE LEADER of the group is Robert T. Monagan, 44, a Republican from San Joaquin County, who is challenging veteran Charles J. Conrad of Sherman Oaks for the title of House minority leader.

Monagan's supporters are largely young moderates who backed Gov. Nelson Rockefeller when many Republicans chose up sides in the June primary fight between Rockefeller and Sen. Barry Goldwater.

It will be interesting to see how "youth" will fare in Sacramento when the Legislature convenes on Jan. 4.

YOUTH IS ALSO active in the Goldwater camp.

Fred Ullner, president of Action TV Service in Larkspur, is spearheading an advertising campaign to keep the Goldwater backers intact. Ullner was one of the outspoken exponents of the Yes on Proposition 14 drive.

Ullner makes no bones about his aims. He wants to induce actor Ronald Reagan to run for Governor of California in 1966. Reagan, as you know, was one of the most eloquent spokesmen for the Goldwater cause during the election just ended.

If the Reagan-for-Governor drive succeeds in gaining any momentum, it's bound to run up against those who would like to see Sen. Thomas H. Kuchel for governor.

Californians may be in for another big "choice" in 1966.

WHAT OUR READERS SAY

'Buy America Act' In State Defended

Editor, Independent-Journal:

You recently printed an article concerning the testifying by Mr. William E. Warne, director of the Water Resources Board for the State of California, before a State Senate Sub-Committee regarding the repeal of the "Buy America Act" which is a part of California law.

This law stands on the books for a very good reason. Mr. Warne advocated before this Committee that this Act should be repealed and that in so doing savings amounting to approximately 20 million dollars can be effected in the purchases of heavy equipment . . . over the next five years for the continuing expansion of our water resources program.

On the surface, his statement appears quite logical . . . that such savings are well worth the abandoning of the purchasing of domestic equipment. However . . . Mr. Warne fails to point out that the savings would be merely those reflected in the budget of his own department. Equipment purchased domestically is subject to all the taxes imposed by local governments, state governments, and the federal government. It will be found that the total of this will more than equal the so-called savings he claims. We have already seen a considerable amount of equipment purchased on the foreign market and brought into this State and other parts of the country where the "Buy America Act" does not apply. The money paid out for this equipment to the overseas supplier generates at no tax benefits to local or national government. Admittedly there is a small import duty, however this falls far short of the total tax bill against domestic equipment....

The backbone of our economy and any economy is its ability to produce heavy equipment in times of peace and times of war. By taking the substance of this industry away, we are jeopardizing this ability....

We are all concerned with unemployment. Mr. Warne speaks of savings of approximately 20 million dollars. In so doing he is probably referring to an overall expenditure in the neighborhood of 200 million dollars for equipment. This represents a tremendous bite in our national employment roles. Mr. Warne advocates taking this from us.

California has already seen the closing of some of its finest and oldest manufacturing facilities and this is traceable in large part to this very cause. Others now stand in jeopardy and if this policy is permitted to prevail, will also become victim to this policy of false economy....

Thanks Given For Transit Vote Help

Editor, Independent-Journal:

We are sure you are as delighted as we are at the resounding "yes" vote on County Proposition B, and we wish to thank you for the help you gave to the Citizens Committee for a Marin Transit District.

Some of you gave time and skill, some financial assistance, some both. Certainly these combined efforts—organizing of meetings, distribution of the brochure, securing of endorsements, preparations of ads, arranging for news stories, raising of funds — contributed greatly to the large margin by which the proposition won.

And now on to better transit!

Another Side To Pay TV Problems

Editor, Independent-Journal:

What you have had to say about Pay TV in Monday, Nov. 16, editorial in my opinion is true. However, I feel that there are two sides to every argument.

I feel that the establishment of Pay TV or (STV) and the signing of the San Francisco Giants and other ball clubs to contracts by Pay TV which is just preparatory . . . and will put commercial TV to a threatening disadvantage.

. . . It wouldn't be long before you would be required to pay for a lot of interesting and entertaining programs that you now enjoy for the cost of viewing a few minutes of commercial advertising.

As an example, STV would be in a position to offer stock in STV to start and monetary contracts once they were well established for exclusive movie and personal appearance rights of prominent personalities as well as organizations, denying commercial TV access to them.

In addition to this I firmly believe that once Pay TV increased its subscriptions to the point industry were able to reach enough people, you would soon see commercials on Pay TV.

. . . Whenever you attend a movie you sit through several minutes of commercials at no additional cost to you. . . . One of the major attractions of FM radio was no commercials, but as soon as it became widespread, commercials appeared.

. . .

. . . I feel that the enactment and passage of Proposition 15 has insured continuation of commercial TV and should not be repealed by vote or court until a legislative body is enacted to insure that both have an equal opportunity of survival.

Berkeley 'Freedom' Thought Dangerous

Editor, Independent-Journal:

I have two things in mind.

The fuss at Berkeley. Shortly after I was a member of the faculty, as an instructor with the ROTC program, there was a student upheaval. The student government, which had been granted as a PRIVILEGE, decided that they were endowed with RIGHTS. There is a considerable difference.

. . . Today the "students" . . . have forgotten, or ignored, the fact that "freedom of speech" can be dangerous on a university campus. Students are still young, still immature, and very likely to be influenced one way or another.

I do not want my grandchildren **exposed** to such crackpots!

About the closing of shipyards in California—the economic factor is important. . . . BUT . . . if the Panama Canal is put out of action, where are our warships to be repaired? Pearl Harbor hasn't been forgotten, has it?

J. S. SWITZER
San Rafael

TRY AND STOP ME

BENNETT CERF

MARIE SMITH tells about the wife of a popular senator who returned to Washington after a short visit home and found her desk heaped with letters that had to be answered and bills that had to be paid. She did the best she could to dig out from under, but a few days later her kindly but frustrated banker called to tell her she had signed all her checks, "Love, Mary."

IN AN OHIO city where the taxis are all equipped with two-way radios, a dear old lady in the outskirts phoned the downtown office of the taxi company, and ordered a cab. A company car happened to be discharging a passenger just a block from her home, and, contacted by radio, its driver pulled up outside the old lady's home less than two minutes after she had hung up the phone. "You don't get me into that cab," she told the driver indignantly. "I wouldn't dream of riding with anybody who drives that fast."

A 250-POUND extrovert, former fullback on a pro football team, has opened a clinic in Denver where timid souls can build up their physiques and their self-confidence at the same time. One sign in the clinic reads, "If you don't see what you want, pound on your chest and roar for it."

WHITNEY YOUNG

Major TV Sponsor Crosses The Racial Barrier First

IT IS 11 P.M. just the other Sunday night, a good time for making a point on TV, when a commercial unfolds picturing a Negro motorist and his family driving up to a filling station for gas. The white serviceman is pleasant and amiable and smiles at the couple's children as he cleans the windshield, and the driver pulls away satisfied by the service under that brand's sign.

Not so long ago a commercial portraying Negroes on TV was as conspicuous by its absence as a Negro actor. No doubt the public stereotype of the "healthy, happy" Negro was reinforced by all those cold commercials showing white people only. Who ever saw a Negro woman with stopped-up sinuses? Or a man with hammers going bang-bang-bang inside his head? Or a watery-eyed little girl lying miserably in bed while her mother sprayed her bedroom with a fine, anti-histamine mist?

NOW TIMES ARE changing. Pretty soon TV will have to show Negro men with hammers going bang-bang-bang inside their heads just like white men. The point of it all is that TV must begin to include Negroes in the human race. In the past, the media went to the other extreme. One TV drama show—according to a Hollywood scriptwriter — needed to film a scene at the elevated stop at 125th St. in Harlem. The producers had to go to the trouble and expense of hiring scores of white actors and transporting them to a stop where a white face is as rare as a robin in January.

The program came as quite a shock to Negro viewers and its image of "reality" evaporated in amused chuckles in many a household. The gasoline commercial of the other night, however, conveyed to Negro viewers the idea that some thoughtful and intelligent human being has decided that maybe Madison Avenue ought to grant them diplomatic recognition, like the government does, say, to England or Liberia.

TO THE MAN on the street, the TV ad says that Negroes drive ordinary cars, not just the Cadillacs we are all supposed to own. It shows that Negroes have families that like to go out for a drive on Sunday like everybody else. It shows that Negroes enjoy the fruits of prosperity and freedom, too, just like everybody else. And it shows a white man judging people not by their skin color by applying to them the same standards he does to others — the standard of courtesy to which every human being is entitled.

Now when the fifth largest corporation in America, the Socony Mobil Oil Co., Inc., decides to integrate its commercials, one would hope that more like it will follow suit. Just as Negroes cannot be barred from public places of accommodation under Title II of the Civil Rights Act, neither should they be barred from commercials on publicly-licensed airwaves, and advertisers might do well to take note of this.

THE PRESS IS WAY out ahead of TV in this respect. Ads featuring Negro models are common in even the biggest dailies. Entire supplements have turned up in Negro newspapers depicting colored folk behind the steering wheels of the new cars. Detroit, at least, has recognized that the Negro market in this country is larger than all American export trade with all the nations of the world—and this is a market which can, and will, double as Negroes obtain equal opportunities in commerce, industry, housing and education.

An important reason for including Negro citizens on TV, in ads and plays, in store window mannequins and in all other media projections, is to bring home the truth that most contacts in this country between the races are neither violent nor extraordinary. By showing that it is normal to cooperate and get along together, the mass media can vaporize the stereotype that people who do get on harmoniously are kooks or oddballs. We must remember that for every story of a Deerfield, there are a dozen unprinted tales about towns where no-fuss integration is proceeding quietly and without turmoil. If Negro citizens are portrayed like others, we shall have established a new image of integration as the "norm," rather than the exception, and hasten the day of equal opportunities for all.

INSIDE WASHINGTON

White House Aloof To Refugee Racket

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—The Johnson administration is adopting a hands-off policy toward a flourishing international Communist refugee "shakedown" ring that is extorting millions of dollars annually from U. S. citizens.

DESPITE IMPRESSIVE evidence uncovered by congressional probers that the Rumanian Communist regime is running this 200-million-dollar traffic in human lives, Justice and State Department authorities have ruled out a U. S. crackdown, but for different reasons.

Acting Atty. Gen. Nicholas deB. Katzenbach, whose Immigration Service has confirmed the existence of the racket, spelled out the Justice Department's do-nothing position in a confidential memorandum to the House Judiciary Immigration Subcommittee probing the extortion ring.

He wrote Rep. Michael Feighan (D-Ohio), chairman, who requested a government crackdown, that his prosecutors have no legal weapons to stop the Communist racket, stating:

"A review of the available facts and of the statutes which may be relevant does not disclose any violation of the laws of the U. S.

"THE BRIBERY LAWS are not applicable since there is no indication that any U. S. officials are involved. Generally, the federal extortion statutes relate to threats to kidnap or to injure a person, his property or reputation. In order for the conspiracy statutes to be applicable, there must be an attempt to defraud the U. S.

"In these circumstances, therefore, I do not see how the Department of Justice can appropriately undertake the investigation you suggest."

State Department authorities are now taking the position it is better to maintain good relations with the Rumanian Red regime than cause friction to halt this traffic in human lives.

The State Department's hands-off policy is highlighted in a subcommittee memorandum on the unsuccessful efforts of a New York businessman to obtain the release of his grandmother from behind the Iron Curtain.

According to the subcommittee's findings, the businessman was forced to pay $6,000 to Henryk Jakober, ringleader of this Communist shakedown, to free his grandmother after the State Department refused to intervene.

THE SORDID NATURE and extent of this traffic is documented in a series of hearings by Representative Feighan's subcommittee. The sworn testimony shows that thousands of human beings are being "sold."

The Country Parson

"Often the folks who don't leave a forwarding address are the ones who leave unpaid bills."

I-J REPORTER'S NOTEBOOK

By FRANK FARRARA

Not Enough Meetings To Go To? Join The Schools Department

IF YOU MEET a man at the Civic Center returning from or leaving for a meeting, chances are he is from the county schools office.

In a world where the meeting is Mecca, school officials appear to be making the most pilgrimages.

Since their jobs involve coordination of educational programs and liaison with other educational units, numerous meetings seem to be inevitable.

You just can't coordinate all by yourself or conduct liaison with yourself or you'll be reassigned to the mental health clinic . . . as a patient.

THERE IS A DANGER, however, that the whole system may become meeting-happy, and in that event, something like this may occur:

SUPT.—Okay, Sam, let's review your progress for the month.

SAM—Well, I drew up a new foreign language program, wrote a new textbook, and set up guidelines for a new social studies project.

SUPT. — Not bad. But how many meetings did you attend?

SAM—To tell you the truth, I was so busy I didn't go to any.

SUPT.—That's unbelievable. How did you get anything done?

SAM—I worked alone.

SUPT.—Alone? What are you trying to do, undermine the system?

SAM—I work better when I work alone.

SUPT.—That's too bad, Sam. I'm going to have to put that on your record.

SAM—But why?

SUPT.—Well, if one fellow like you starts staying away from meetings, the first thing you know, no one will go and there'll be no meetings. . . . And then, what will we do with our time?

SAM—Well, I almost went to a luncheon meeting.

SUPT.—What happened?

SAM—I wasn't hungry.

SUPT. — You're not taking this seriously. Do you realize that we dropped to 25th in meeting attendance last year? We even fell behind Siskiyou County and they have to go by horseback.

SAM — I'll make an effort next month.

SUPT. — You'd better. Just think of MASA and CASA, CASCD and CSBA and CACSS and MCESSA.

SAM—Who?

SUPT. — Good grief, man. Don't tell me you haven't heard of MASA, Marin Assn. of School Administrators, or CASA, California Assn. of School Administrators . . . or any of the rest.

SAM—I've seen the initials, but I thought it was all part of the foreign language program.

SUPT.—For crying out loud, you should have learned that in basic training, along with public speaking and smiling during school unification meetings.

SAM—I'm ready to learn. When can I start going to meetings?

SUPT.—Right now. There's two of us. That's enough for a meeting. We'll call ourselves MANA, Marin Assn. for Non-Attenders, and we can set up a program to get non-attenders to attend.

SAM—To attend what?

SUPT.—Who cares? It'll look good on the record.

Four Artists To Show Works In San Rafael

Exhibit of collages, paintings and drawings by four Bay Area artists will open at 10 a.m. tomorrow at the Froghorn, 607 Irwin Street, San Rafael.

Portraits and landscapes by Alice Campbell of San Anselmo and pen and ink drawings and oil paintings by Emily Clemons of Mill Valley will be displayed. Works of Charlene Winters and Frances C. Barrett of San Francisco also will be exhibited.

ART BUCHWALD

Should United Nations Intervene In Clay-Liston Fistic Warfare?

NEW YORK—The news that Cassius Clay and Sonny Liston have postponed their fight for at least six months was greeted at the United Nations with great relief. The fear that the two men would actually get into a fight has been hanging over this body for weeks.

"Our strategy," a U. N. official said, "has been to see if we could work out a peaceful solution to a very sticky situation. With a six-month breather, we're hoping to get the two principles to sit around a table and discuss their differences. We don't think anything can be gained by a fight."

"Why has the U. N. taken an interest in the dispute?"

"IF YOU WILL RECALL, a few months ago Mr. Clay said that he expected some sort of skulduggery and he was going to invite members of the United Nations to witness the fight. As soon as he requested U. N. assistance, it became an international matter and we were asked to step in."

"But how can you avoid a fight between the two?"

"By keeping them talking. When people are talking, they won't fight. Perhaps eventually they'll realize it is to their best interest as well as their country's not to fight at all."

"It sounds like a big order."

"It would be if we weren't dealing with reasonable men. But both Mr. Clay and Mr. Liston have shown in the past that they only want to fight as a last resort.

"THEY PREFER to call each other names, and we naturally want to encourage this. After all, both sides have so much more to lose than to gain by engaging in combat."

"But both men have said things about the other that would certainly indicate there was no other way out than to fight."

"We believe most of these statements were for the benefit of the press. The feeling here is that they have to put on a show of belligerence to please their supporters. Neither party wants it to come to blows."

"How do you propose to prevent some sort of accident in which there would be no turning back by either side?"

"FIRST, WE WOULD call a meeting of the U. N. Security Council, where they would present their cases. The Security Council could censure either one or both of them. If they still insist on fighting after appearing in front of the U. N., then we would advocate a United Nations peace force headed by a Swedish general to patrol the prize fight ring in Boston."

"Do you think it will come to that?"

"Not as long as it's possible for one or the other to get a hernia."

"ISN'T THERE a question of money as well as prestige involved?"

"Yes, but we think we can solve that. We plan to put the Security Council meeting on closed theater television and sell tickets. We believe people would be far more interested in paying to see the two men debate than they would be in seeing them swing at each other."

"If the U. N. could pull this one off, it would gain immeasurable standing. Have you talked to Mr. Clay about it?"

"YES, WE HAVE, and he said he'd consider it if he could have U Thant's job."

Peacock Gap Club To Elect Officers

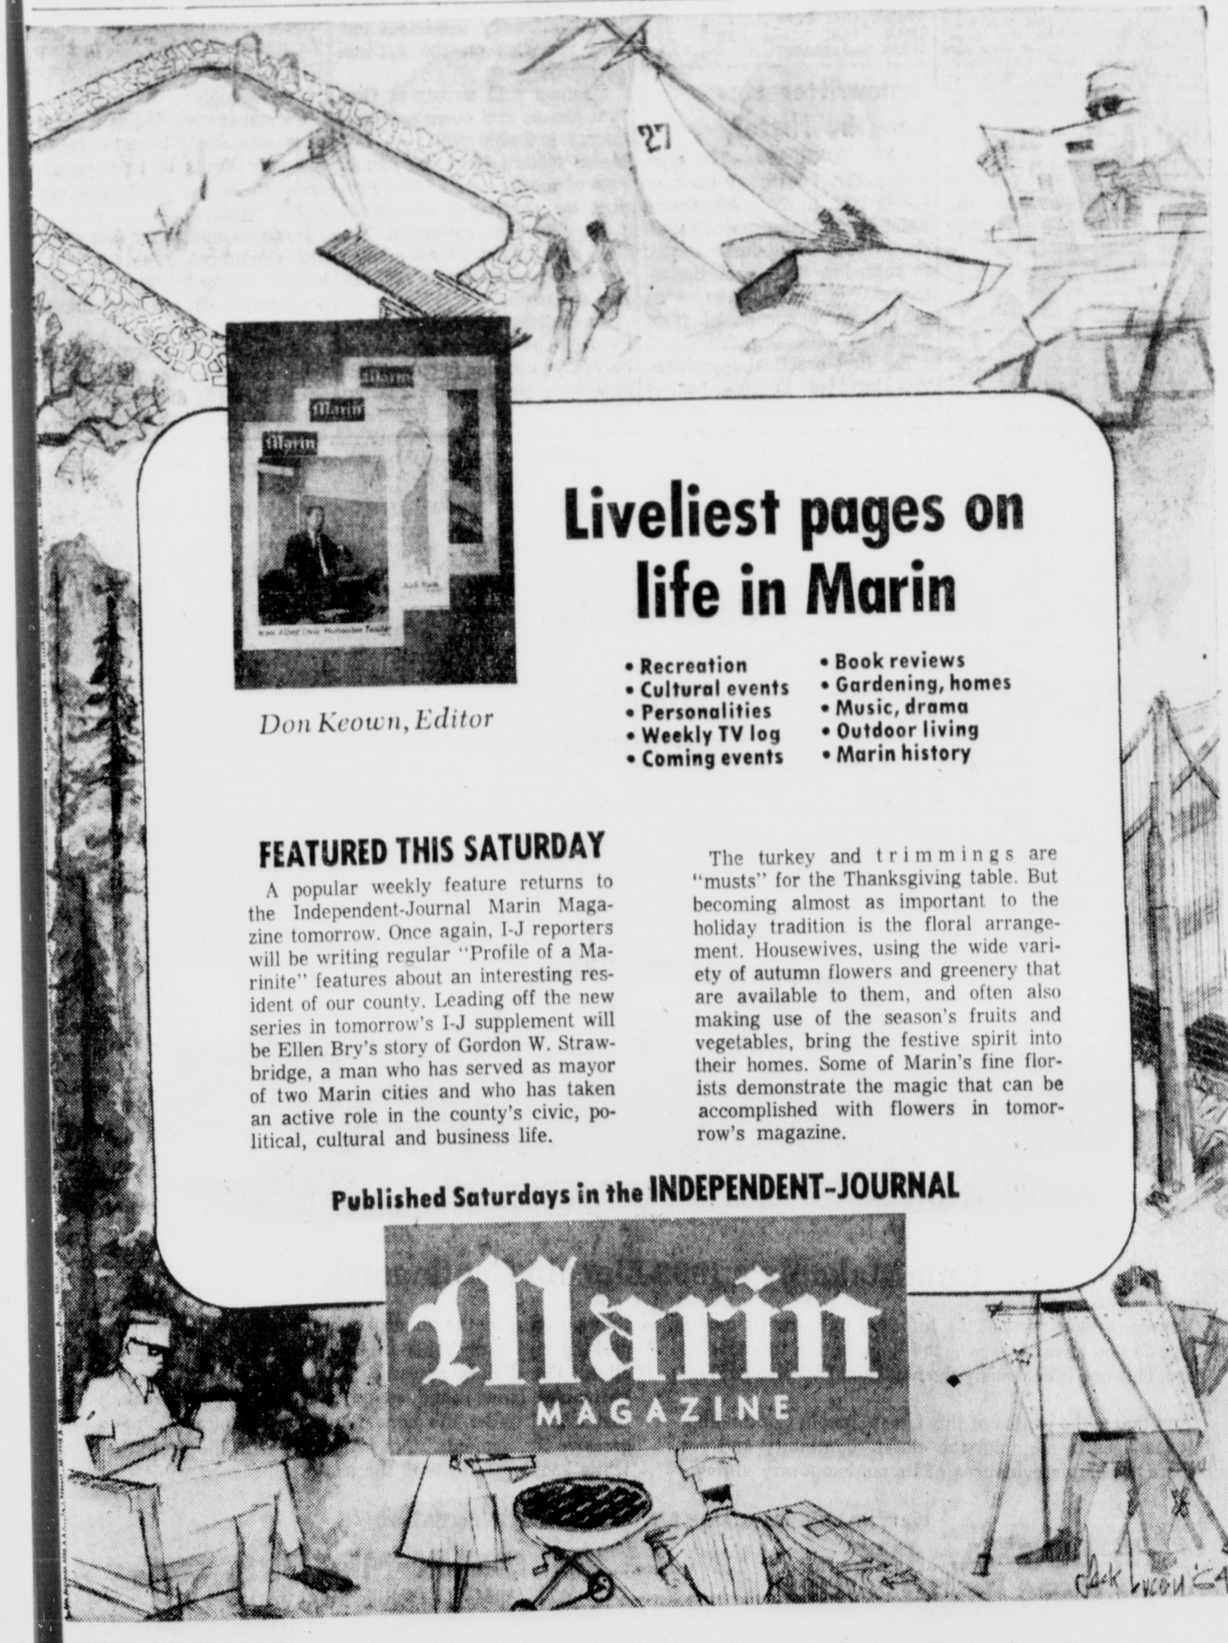

Members of the Peacock Gap Country Club will elect officers for 1965 at a meeting at 4 p.m. Dec. 6 at the club.

Merton Jacobs has been nominated for president, William R. Seeger for vice president, Earl J. O'Grady for secretary-treasurer, and Jorddan B. Dell'Era and Donald N. Fox for directors.

Don Keown, Editor

FEATURED THIS SATURDAY

A popular weekly feature returns to the Independent-Journal Marin Magazine tomorrow. Once again, I-J reporters will be writing regular "Profile of a Marinite" features about an interesting resident of our county. Leading off the new series in tomorrow's I-J supplement will be Ellen Bry's story of Gordon W. Strawbridge, a man who has served as mayor of two Marin cities and who has taken an active role in the county's civic, political, cultural and business life.

The turkey and trimmings are "musts" for the Thanksgiving table. But becoming almost as important to the holiday tradition is the floral arrangement. Housewives, using the wide variety of autumn flowers and greenery that are available to them, and often also making use of the season's fruits and vegetables, bring the festive spirit into their homes. Some of Marin's fine florists demonstrate the magic that can be accomplished with flowers in tomorrow's magazine.

Prices Slashed! FRIGIDAIRE CLEARANCE!

SALES-A-POPPIN' CLEARANCE ON ALL '64 MODELS! LIMITED QUANTITIES! POP IN TODAY! NEW MODELS ON THE WAY WE NEED SPACE

Use McPhail's Handy Credit Plan • Up to 36 Months To Pay

THRIFTIEST FRIGIDAIRE 2-DOOR REFRIGERATOR

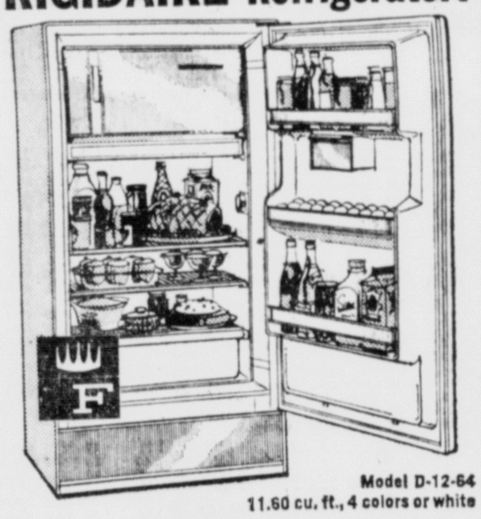

Model FDS-13T-2
13.24 cu. ft., Copper or white

- Big 100-lb. top freezer has its own door. Freezes 40 cubes extra fast. Two Quickube trays.
- Automatic defrosting in refrigerator section.
- Twin vegetable Hydrators hold nearly ¾ bushel.
- Roomy storage door has space for eggs, even ½-gal. cartons.
- Every shelf is full-width, full-depth.

$248 with trade

Space-saver, dollar-saver FRIGIDAIRE Refrigerator!

Model D-12-64
11.60 cu. ft., 4 colors or white

- 63-lb. freezer chest freezes ice cubes extra fast! Two 18-cube ice trays!
- 10.4-lb. sliding chill drawer for fresh meats.
- Full-width Hydrator for 25.1 quarts of vegetables.
- All shelves are full-width, fully usable.
- Roomy storage door has space for eggs, even ½-gal. cartons.

$198 with trade

FRIGIDAIRE compact 30" Range with big holiday oven!

- Cook for a crowd in this big, 23-inch wide even-heat oven—holds large holiday turkey.
- New, recessed, one-piece flowing top.
- Exclusive Radiantube surface units.
- Roomy, full-width storage drawer for utensils.

$174.88

PLUS THESE 1964 CLEAN-UP VALUES!

Our '65 merchandise is now arriving . . . and we must move out all 1964 models . . . here are just a few of the bargains at greatly reduced prices! Come early for best selections!

'64 FRIGIDAIRE REFRIG-FREEZER. 16 Cu. Ft. Zero-171 lb. bottom freezer. 11.16 Cu. Ft. food section. All frost proof! Chrome front ..... 638.00 with trade

'64 FRIGIDAIRE FAMILY-SIZE REFRIG. Zero 100 lb. freezer, 11 cu. ft. food section. All frost-proof. Three only ..... 320.00 with trade

Natural Gas Well Completed

OAKLAND (AP)—Completion of the Buttes Community One No. 69 natural gas well has been announced by the venture group of Buttes Gas and Oil Co., Santa Fe Drilling Co., and G. Randolph Scott.

The well flowed at a rate of 5.5 million cubic feet a day. Santa Fe is the operator.

Located on Buttes' Sutter Buttes lease block about 12 miles west of Marysville in Sutter County, the new well is the fourth completion from the Kione pool discovered in this sector of the lease block last May.

Depth of the well was 2,915 feet.

Rail Merger Study Approved

CHICAGO (UPI)—A proposal to study the merger of the Santa Fe and the Frisco railroads had the official approval today of both lines.

E. S. Marsh, president of the Santa Fe, and L. W. Menk, president of the St. Louis-San Francisco Railway—better known as the Frisco—announced yesterday that a joint study will be made that will explore the feasibility of merging into an 18,000-mile system.

At the same time Marsh revealed the Santa Fe was deferring merger talks with the Missouri Pacific Railroad.

Selected Blue Chips Help Market Advance

NEW YORK (AP) — The stock market closed higher today under the gains of selected blue chips.

Several high quality oils, chemicals and others moved up a point or better to build the averages.

Volume for the day was estimated at 5.4 million shares compared with 5.57 million yesterday.

Gains exceeding a point were made by Union Carbide, Standard Oil (New Jersey), Texaco and Eastman Kodak.

Gains of about a point were madeb y General electric, Westinghouse Electric and Sears, Roebuck.

IBM rebounded about 6 points. Polaroid rose more than 2.

All big three motors took fractional losses. Steels were unchanged to narrowly mixed.

Aerospace defense stocks were irregular in the wage of news of air force base closings.

Rails moved ahead slightly on balance.

Helene Curtis eased fractionally from yesterday's big gain. Trading was heavy in the issue.

Up about 2 were Motorola and Barber Oil.

Down more than a point were Honeywell and Tung-Sol.

Prices were higher in active trading on the American Stock Exchange.

Corporate and U.S. government bonds were mixed.

Wine Prices Hit 70 Cents

FRESNO (UPI)—California bulk dessert wine prices reached as much as 70 cents a gallon last week but most bottlers paid 60 to 65 cents a gallon.

The Federal-State Market News Service said some wines from last year's crop sold for 55 to 57.4 cents a gallon, but most were in the 60 to 65 cent range.

The 70-cent wine was red port.

Pay-TV Fight 'Is Not Over'

LOS ANGELES (AP)—Sylvester L. Weaver, president of Subscription Television, Inc., says the State Supreme Court's refusal to prevent certification of Proposition 15 in no way affects his fight to have the measure declared unconstitutional.

The court declined to rule Wednesday on the proposition's legality but said it would hear the case if it reached the court through other legal steps.

Road Contract Let

Ghilotti Brothers, Inc., of San Rafael, was awarded a $99,507 contract yesterday for grading and paving of sections connecting the old parts of San Geronimo-Nicasio Road with those on new alignment near San Geronimo, the State Public Works Department announced yesterday.

Dividend Declared

NEW YORK — Servel, Inc., has declared the regular quarterly dividend of $1.31¼ per share on its $5.25 cumulative preferred stock, payable Jan. 1 to stockholders of record Dec. 15.

NEAR PERFECT TIMEPIECE

This atomic clock, known as the H-10 hydrogen maser, is so accurate it will not gain or lose more than one second over a period of one million years. Its precision is the result of utilizing the natural oscillation from the interaction of the proton and electron that constitute the hydrogen atom. The H-10 is one of two atomic clocks developed by Varian Alto. The instruments will be studied for possible use in high precision tracking of satellites and experiments to test Einstein's prediction of the effect of gravity on time.

Prep Grid Titanic: Drake Vs. Terra Linda

Independent-Journal Sports

Unbeaten Powers Clash For Title

By RALPH CHATOIAN

Everything is "Go" for the 1964 Marin prep grid titanic between Drake and Terra Linda high schools tomorrow.

The two undefeated teams will be playing for the championship of the Marin Athletic League in the game scheduled to start at 1:30 p.m. in College of Marin stadium in Kentfield. The Trojans of Terra Linda and Pirates of Drake have gone through the season with eight triumphs, five of them against like opponents in league play.

The game was originally scheduled for last Saturday, but Terra Linda head coach Pete Limm called for a postponement because of the sloppy condition of Kentfield's gridiron. With a full week of sunshine, the field is back in good shape. And more sunshine is scheduled tomorrow with crisp temperatures.

A crowd of 9 or 10 thousand is expected to be on hand to jam the stadium past capacity. For all those who can't make it in person, the game will be broadcast on KTIM with Bill Guyman and Jerry Smith handling the play-by-play. It will be the KTIM debut for Guyman who is a noted Bay Area sportscaster and disc jockey.

A bagfull of stars will be provided by the two teams which have displayed powerful offensive attacks, both in the air and on the ground. A dry field will allow those starts to maneuver, which would have been impossible if the game was held last Saturday.

One of Drake's big offensive weapons is the passing game, especially the long bomb. It's the combination from quarterback Al Simontacchi to split end Larry Stein that has paid off handsomely for the Pirates. Simontacchi has thrown for 417 yards in the five Marin Athletic League victories for Drake, completing 26 of 52 attempts for an even 50 per cent. Stein is the primary target, as the 182-pound speedster has a record of 14 catches for 335 yards. Five of those 14 were for touchdowns.

Terra Linda will counter with the throwing arm of Gary Lieberman, a fine field general for the Trojans. Lieberman has completed 28 of 58 passes for 372 yards in league competition. His primary targets have been the halfbacks on short swing passes. Halfback Tim Garvin is the leading receiver for the Trojans, racking up 183 yards on 10 catches. Most of that yardage came after he got his hands on the ball on those swing plays.

DRAKE OFFENSE—Here is the starting offensive lineup the Drake Pirates will use against Terra Linda tomorrow. Linemen (from left) are Larry Stein, John O'Mara, Ed Farina, Loren Swaney, Bob Barnecut, Lee Jamison and Stan Carter. Backs (from left) are John Boothby, Joe DeMasi, Al Simontacchi and Dean Lazzarini. (Independent-Journal photo)

TERRA LINDA DEFENSE—These are the stalwarts who make up the defensive team for Terra Linda. Front row (from left) are Pete Cowger, Mike Martinez, Steve Kane, Dennis Camgros, Brian Perron and Eldon Miles. Back row (from left) are John Clifford, Glen Corona, Jim Crisp, Pete Marcovich, Steve Brigandi and Fred Daniele.

Drake Ground Game: Lazz,DeMasi

Drake's running game can be covered in two words: Lazzarini and DeMasi. That's Dean Lazzarini, the speedy halfback, and Salvatore "Joe" DeMasi, the powerful fullback.

Lazzarini is murder if he is allowed to turn a corner. He hasn't been terribly rough through the line, although he does manage to break away on occasions off tackle. His speed of foot (9.9 sprinter) is dangerous at all times.

DeMasi is a bruising runner with the ability to carry half a defensive line with him for four yards. No small man he, De Masi tips the scales at 232 pounds and has surprising speed for his size. In his five MAL games this year, he has gained only two yards less than Lazzarini, 395 to 397. Lazzarini averages 6.5 yards per crack and DeMasi 5.6.

Terra Linda's ground game features a lot of depth in the backfield. Four halfbacks and a fullback have averaged better than four yards per carry through the MAL season. Leading runner is halfback Garvin who has gained 242 yards in 26 carries for a 9.3 average. He and Rick Edwards, MAL champion 440 man with a 4.3 rushing average, will be the starting halfbacks.

Starting at fullback will be Steve Frazzini, a 180-pounder who was on the all-league team last year as a junior. A hard runner, Frazzini has averaged 5.4 yards per carry. In reserve are halfbacks John Clifford (8.2 average in 17 carries) and Dave Bowman (6.7 average in 22 carries). Bowman will start at defensive left half, however.

Terra Linda Outweighed In Line

Drake will outsize the Trojans on the line by a big margin. Drake's line, from end to end, averages 191 pounds per man on offense and 209 on defense. Terra Linda averages 171 pounds per man on the offensive line and 172 pounds on defense.

Terra Linda's line has the advantage of speed to go along with the backs. The Trojans work on precision, and in this, the team's offense rolls along like a well greased machine.

Four out of five Independent-Journal sports writers picked Drake to win, but four out of five head coaches of the other teams in the MAL picked Terra Linda.

The Trojans have been idle for three weeks, missing one week with a bye and another because of the postponement. Because of the non-game activity, Limm has been putting a lot of emphasis on trying to polish the team's play. T. L. had three days of contact work this week to keep the kids on their toes. "We looked a little flat," Limm admitted, "but we hope we'll be ready." But for all you newcomers to the game, Limm has a habit of sounding pessimistic before all games.

"I think we enjoy the underdog role," said Limm. "According to the statistics, we are playing the top team in the league. Now we'll see what happens."

The Trojans are physically in tip-top shape. "We're physically ready, but I don't know about mentally. You just don't know until you get there. All I can say is that we hope to keep our poise and do our best, then we'll see what happens. Our kids are determined. We have gone this far through the season with a good bunch. I've got devoted kids and a hard-working coaching staff. It's been an all-around effort."

Coaches Sigh Relief, No Injures

Drake had a heavy scrimmage Monday. Head coach Bob Franceschini and assistant Carl "Red" Brown held their breath, but the Pirates came out of the rough session without any injuries.

"Our offense looked sharp," said Franceschini. "The boys did a very good job against our No. 1 defense." The Buccaneers' offense seemed flat in their last game against San Rafael (Nov. 7), although the Bulldogs played a great defensive game in holding the Pirates to a 7-0 victory.

The head Pirates coach said he hadn't made any drastic changes for the game. He stressed a lot of work on timing, with light workouts most of the week. "The boys were very serious in their workouts this week," he said. "You can feel the tension. That extra week layoff didn't hurt us a bit."

Franceschini summed up the feeling of thousands of prep fans when he said, "I'm really anxious, and so are the kids."

ALONG MARIN'S SPORTS TRAIL

By JIM GILMARTIN

A Switcheroo; Here's A Ballot For Terra Linda Over Drake

I've changed my mind. At the start of the football season I went on record as favoring the Drake Pirates to win all their games this season. Last week I reiterated that belief by picking the unbeaten Pirates to beat Terra Linda. Then they they went and postponed the game due to mud, giving me another week to study the situation.

Which is to explain my change of heart as noted in today's Fearless, Peerless Pigskin Prognostications on page 20. I pick Terra Linda to win it in a close game. Conversions should decide it.

A number of reasons led to my turn-about. This is the last week for our I-J Pigskin Pickin' Derby and I'm three games behind front-runner Maurie Weinger. This, to me, looks like one of the best upset possibilities to gain on the leader and I'm going for upsets this week. On paper, I think Drake should win it but they're playing on ground—fairly dry ground, and the smaller, faster Trojans could just outspeed the Pirates. So much for guesswork.

Another sound reason for picking Terra Linda: Coach Pete Limm lined up 12 players for each of his starting offensive and defensive teams for the I-J photographers. Drake lined up only 11. That's a helluva big advantage right there. Especially if not one calls it to the attention of the refs.

FRIENDS OF Drake Coach Franceschini are pulling hard for him to win this big one to complete an extraordinary rags-to-riches story that would make Horatio Alger look like a piker.

Cal-Stanford: It's Still THE Big Game

By HAL WOOD

BERKELEY (UPI)—It doesn't mean much outside of Northern California, but it's still the "Big Game"—California vs. Stanford tomorrow in the 67th renewal of a gridiron war that started long before the Spanish-American conflict.

Stanford has won only four out of nine games this year, California only three, but so steeped in tradition is the battle that started in 1892 that there'll be a sell-out crowd of nearly 77,000 in Memorial Stadium.

The Indians, off their victory over Oregon State last week, have been installed as one and one-half point favorites.

"But I think California should be the favorite because it has played some fine football this year," says Stanford Coach John Ralston.

On the other hand, maybe the Indian coach was just being polite. He had predicted that his club would beat Oregon State, which had lost only one game all year and appeared a cinch for the Rose Bowl.

"This is a good team we have and with the breaks we could have won a lot more games."

Actually; the battle may narrow down to feature the passing of Craig Morgon, Cal's non-such quarterback who appears heade for All-America honors; and Ray Handley, the Stanford halfback who leads the Pacific Athletic Conference in rushing.

Morton, who figures to go high in the pro draft, has completed 165 passes out of 272 attempts for a .607 average this year and 1,874 yards.

Handley has packed the ball 173 times for a net gain of 864 yards—five yards every time he tried.

The item that probably influenced the odds-makers in this battle is the fact that Cal's rushing defense is the second weakest in the Pacific Eight. The Golden Bears have been allowing an average of 188 yards from scrimmage every game.

Stanford's defense against the aerial blitz is reasonably good. It ranks third in the league, allowing 125 yards per game. However, it never has come against anything like the Cal attack, which picks up 215 yards per game on an average.

Stanford's defensive problem will be an attempt to contain the receiving of Jack Schaub, Morton's chief target. Schraub runs pass patterns like a pro and has nabbed 47 aerials for 560 yards.

If California is able to stop Handley's rushing, then the Indians may have to depend upon sophomore quarterback Dave Lewis to get the job done.

Lewis got his first call as a starter against Oregon State and

MAJOR LEAGUES

Big Deals Seen On Swap Market

By MURRAY CHASS

NEW YORK (AP) — Baseball's interleague trading period opens at midnight tonight with Dick Stuart, part of a major interleague deal two years ago, possibly on his way back to the National League.

Stuart's name is just one of many that have been suggested as principals in transactions that may take place between National and American League clubs in the next 25 days, or until midnight Dec. 15.

Trading is expected to reach its peak—if there is a peak—during the major league meeting in Houston starting Nov. 30. Only four deals were completed between the two leagues last year compared with 14 in 1962.

Although there is no way of telling whether there will be few or many trades this year, various reports indicate some big names may be involved.

Stuart, Boston's controversial slugger, is said to be headed for Philadelphia where the frustrated Phillies need a long ball hitter for another shot at the NL pennant. In return, the Phillies reportedly will give up a pitcher, either right-hander, Art Mahffey or left-hander Dennis Bennett.

Stuart went to the Red Sox from Pittsburgh in a four-player trade in 1962. After a poor season with the Pirates, the big first baseman hit 42 home runs and drove in 118 runs with Boston, earning the Comeback of the Year award.

This past season he dipped slightly, slamming 33 homers and driving in 114 runs. Mahaffey and Bennett both were disappointments with the Phillies, Mahaffey compiling a 12-9 record and Bennett a 12-14 mark.

Among other names being tossed around in trade talk are Jim Gentile, Vada Pinson, Bob Allison and Ed Mathews.

Gentile, after one season with Kansas City, reportedly will go to Houston in exchange for a pitcher, someone like Dick Farrell or Bob Bruce. Gentile hit 28 homers and had 71 RBI last season.

Pinson apparently has aroused mixed feelings in the management. A 309 lifetime hitter who has gone as high as .343, Pinson plummeted to .266 the past season. The Reds seem to be ready to let him go if they

Continued on page 21

PETE BELDEN RESIGNS AS TAM GRID MENTOR

Pete Belden, 32, head football coach at Tamalpais High School for the past three seasons, announced his resignation last night at his team's banquet at the school. A successor has not yet been selected.

Belden said he decided to give up varsity coaching "because of a conflict with my classroom job." He's a history teacher. "I feel I can no longer do both jobs adequately," he said. "Football requires too much time and work to be done properly on a part-time basis," he added.

Belden has been at Tam eleven years. Besides his history teaching job, he was assistant varsity coach under Jim Hanretty for four years, taking over the head coaching job in 1962. In his first season Tam had an 8-1 record, losing only the final game of the year—and the Marin League championship—to Redwood. In 1963 he had a 2-6 overall and 2-4 league record and this year was 2-5-1 overall and 2-3-1 league.

Here's 1964 Records Of Drake, Terra Linda 11s

Following are the 1964 logs of the Drake and Terra Linda varsity grid teams that clash tomorrow for the Marin Athletic League championship:

	DRAKE			TERRA LINDA

Pheasant Season Opener Tomorrow

SACRAMENTO (UPI)—It's open season on pheasants starting tomorrow, and close to 200,000 scattergunners are expected to brave cold, crowds and muck in all-out pursuit of the gaudy ringnecks.

Prospects statewide generally are good, although not quite as optimistic as last year.

The season will run 16 days through Dec. 6, except for Imperial and Eastern Riverside counties. There, shooting will continue through Dec. 20. Private clubs, of course, will be open into 1965.

Only the colorful roosters may be taken in Northern California. But hens are fair game in Southern California and Inyo and Mono counties. The limit is two birds per day and 10 per season.

Shooting hours are 8 a.m. to 4:30 p.m., except for Imperial and Eastern Riverside, where firing commences one-half hour before sunrise and ends a half hour after sunset.

During the pheasant season, shooting hours for all small game will be the same.

Both the federal and state governments operate management hunting areas, most of them in the Sacramento Valley "Pheasant Bowl." In addition, many local organizations maintain pheasant associations with areas available for hunting.

Generally, the state is enjoying one of its best rooster carryovers in years. However, the hatch and chick survival hasn't been up to last year. It all adds up to conditions above the 10 year average but down from 1963.

THREE MARIN GRIDDERS GET 'STAR' MENTION

Three College of Marin gridders were given honorable mention on the All-Golden Valley Conference football team.

Halfback Rich Bottini, linebacker Steve Minutoli and center Rich Congdon won the honors for the Tars. College of Marin was the only team in the conference that didn't place a man on either the offensive or defensive first teams.

The Mariners finished the conference season with a 1-4 mark.

Lineups For Prep Battle

Place—College of Marin Stadium Time—Saturday, 1:30 p.m.

MORE SPORTS TRAIL

Continued from page 19

"Fran," as his buddies call the Pirate coach, suffered through what is believed to be Marin County's longest losing streak. Without checking back through the gory details, I recall Fran was head coach in 18 of the 20 consecutive varsity football games Drake lost back in the late 1950s.

A victory tomorrow would give him a 9-0 record on the year and 17 out of 18 over the last two seasons, which comes pretty close to obliterating that losing streak smear on his record.

NICEST GESTURE of the year: Redwood High's football players collected $100 and sent it to the Joe Verducci Memorial Fund at San Francisco State in the names of their coaches—Bob Troppmann and Al Endriss. It was the kids' season-end "gift" to their coaches, close friends of Verdooch who passed away two weeks ago today. When informed of the heart-warming gesture at the team banquet last night, Tropp and Endriss were overwhelmed.

NO FOLKS, the Big Game at Berkeley tomorrow absotively, posilutely will not be televised, so come on down to Kentfield and watch another big game among the preps.

PETE BELDEN, who resigned last night as head football coach at Tam High, won't give up the sport completely. The Tam history teacher says he'll help out at the freshman level in future years. "Football is a part of me," he said, "I can't give it up completely."

Pete's first year as head coach at Tam was the highlight of his career, but also the most frustrating one. His Warren Domino-led Indians swept eight straight victories and then, crippled by key injuries, lost the final game of the season to Redwood. That was the famous Thanksgiving Day game that drew 9,000-plus fans.

REDWOOD HIGH was known as "Prep of the Week Maker" around the Marin Athletic League this season.

Four of the six preps of the week were selected by the I-J for their play against Redwood—including Bill Shine of Marin Catholic, Roy Otis of Novato, Dean Lazzarini of Drake and Alex Robertson of Tam.

Golfers Honor Father Scannell At Tournament

About 75 Bay Area golf followers turned out at the Peacock Gap Golf and Country Club yesterday to help give Father Len Scannell of Hamilton Air Force Base a day to remember.

It was a testimonial dinner and golf tournament to celebrate his 25th day in the priesthood. A check was turned over to him for his favorite charity, and he was given a gold clock.

Emcee for the evening dinner was Bob Fouts, 49ers sportscaster.

Winners in the golf tournament held earlier in the day were:

Low Gross—Ovid Seyler, 72; Matt Palacio, 75; Jules Isaacson, 76.

Low net—Jim Fahrner, 72-8—64; Bob Mart, 78-8—70; Sid Nu-Delman, 78-8—70; Art Schallock, 77-7—70.

Scramble For Roses Along The Coast

By THE ASSOCIATED PRESS

If the phone rings at eight Pacific Athletic Conference schools next Monday, will anyone answer?

This is the day when the faculty representatives at each school may pick a conference team to go to the Rose Bowl Jan. 1.

Results of tomorrow's clashes could muddle the mass race for the league championship, although the conference titlist is not necessarily the team that must be chosen.

Faculty representatives could wait one more week to see how Southern California fares against first-ranked Notre Dame since the idea is to choose the most representative squad.

The Big Ten team either will be Ohio State or Michigan, a relatively simple choice to make since they meet tomorrow. If Ohio State wins or ties, the Buckeyes go to Pasadena. Michigan must win to make the trip.

But six teams have a chance at the PAC title. Only Stanford and California are out of it. Ironically, they'll draw the largest Pacific Coast crowd when they meet in Berkeley.

That's because Memorial Stadium seats 80,000 and the 67th annual Big Game is not televised. This shapes up a duel between the Cal passing game headed by quarterback Craig Morton and the Stanford running attack, led by top rusher Ray Handley and sophomore quarterback Dave Lewis.

The Los Angeles Coliseum seats more, but television should drain some fans away when USC takes on UCLA. USC, with halfback Mike Garrett and passing quarterback Craig Fertig, must cope with the all-round abilities of UCLA quarterback Larry Zeno.

The pivotal game is in Corvallis where Oregon State hopes to capture a share of the PAC title by beating Oregon. The host Beavers would then share the crown with the winner of the USC-UCLA clash.

This is another battle of quarterbacks — OSU's sophomore Paul Brothers against senior Bob Berry.

If Oregon wins, the winner of the UCLA-USC game ends on top of the standings. Oregon also has a chance to share the title if the two Los Angeles teams tie and Washington State beats Washington.

The Oregon schools caused all this confusion by rejoining the conference last July and forcing an incomplete league schedule. But they're glad to be a part of it.

Washington, the hard-luck defending PAC champ, has an outside chance. But first the Huskies must beat Washington State on the Cougars' home field in Pullman.

Actually, both Washington teams have a chance if Oregon beats or ties OSU and USC and UCLA tie. Then if Washington wins, the Huskies rule alone. If WSU wins, then it gets a share.

The Huskies' stiff defense against running gets a test from Clarence Williams, the Cougar back who's expected to get snatched on the first round of the professional draft one week from Saturday.

MICHIGAN-OHIO STATE TOPS U.S. GRID SLATE

By The ASSOCIATED PRESS

Now that Michigan's head cheerleader has warmed up, the Wolverines will try tomorrow for their first Rose Bowl appearance in 14 years.

Michigan, No. 6 in the nation, plays seventh-ranked Ohio State for the Big Ten championship and the trip to Pasadena, Calif. The game, considered a toss-up, is one of the highlights of college football's last big weekend which pairs many traditional rivals.

The weekend gets underway tonight when North Carolina State meets Wake Forest. A victory would give State the Atlantic Coast Conference title. Other major games pit Vanderbilt against Miami of Florida and New Mexico at Hawaii.

Michigan's rooters started getting their steam up last night at a campus pep rally. University President Harlan Hatcher led some 4,000 students in cheers and noted that the students could travel to the Rose Bowl without worrying about final examinations because the school's first trimester ends before Jan. 1.

The Wolverines, 5-1 in the conference and 7-1 over-all, last were in the Rose Bowl following the 1950 season. The situation then was similar to the present.

Michigan went into its final game with Ohio State needing a victory to beat out the Buckeyes for the title. The Wolverines won 9-3 in a bitter snow storm.

Ohio State is undefeated in five Big Ten encounters and is also 7-1 over-all. The Buckeyes' last Pasadena visit followed the 1957 season.

Whichever team wins, it may not know its Pacific Athletic Conference opponent right away. The PAC race is such that any one of several teams could win the crown. Tomorrow's schedule has the contenders playing among each other: Oregon State-Oregon; Southern California-UCLA and Washington-Washington State.

Several other bowl spots remain to be filled. Ninth-ranked Syracuse plays West Virginia and is expected to announce acceptance of a Sugar Bowl invitation afterward. Syracuse's likely opponent, eighth-ranked Louisiana State, plays Tulane.

Apparently wide open are the Gator, Bluebonnet, Liberty and Sun Bowls.

The winner of tomorrow's Florida-Florda State contest has a good chance of receiving a Gator invitation. Other post-season contenders playing are Tulsa against Toledo, Penn State against Pitt and Kansas against Missouri.

Unbeaten Notre Dame, the nation's No. 1 team which probably won't wind up in a bowl, goes after its ninth victory, meeting a tough Iowa squad.

The Irish haven't said definitely one way or the other about their bowl availability, but by the time they do decide — if it's positively — a major bowl may not be available.

Third-ranked Arkansas meets Texas Tech while Nebraska, No. 4, takes on Oklahoma. Second-ranked Alabama and Texas, No. 5, are idle.

Besides the Pitt-Penn State clash, a pair of Ivy League games highlight the schedule in the east. Princeton goes after an unbeaten season against Cornell while Yale and Harvard hook up in their annual encounter. Other Big Ten meetings are Illinois-Michigan State, Purdue-Indiana and Wisconsin-Minnesota.

In the South, it's Duke-North Carolina, Tennessee-Kentucky, South Carolina-Clemson and Virginia-Maryland. The Southwest has Rice-Texas Christian and Southern Methodist-Baylor whkle the Far West shows California-Stanford and Colorado-Air Force.

Hewett, Anthony Most Valuable Tam Footballers

Steve Hewett, Tam halfback, was voted the most valuable player on the varsity and Marty Anthony was named the most valuable lineman at an awards banquet for the football, cross country and Class C basketball teams at Tamalpais High School last night.

Emcee for the event, held in the Ruby Scott auditorium at Tam, was Ray Carrillo, Tam Booster Club president.

Other awards presented to the athletes:

Varsity football—Alex Robertson, most improved; Ted Carrillo, most inspirational.

Junior varsity football—Kirk Sparks, most improved; Gerry Geisinger, most inspirational.

Frosh football—Mike Fowler, most improved.

C basketball—James Cook, most improved.

Cross country—Gregg Sparks, Tam Boosters award.

Football Stagg awards—(For individual game efforts) varsity: Ron Pedersen, Steve Hewett, Marty Anthony and Alex Robertson. Frosh: Mike Simpson.

GOLF'S WORLD SERIES CHAMPION

THERE'S NO SUCH THING AS A "GIMME" IN THE RULES OF GOLF. THE POINT IS TO PUT THE BALL IN THE CUP, SPELL THIS OUT TO YOUR FOURSOMES ON THE FIRST TEE: SINK ALL PUTTS. THEY MAY BE SHOOK UP AT FIRST, BUT SECRETLY THEY'LL APPRECIATE IT. IT MAKES A BETTER GAME AND IT SHOULD. THAT'S HOW IT'S SUPPOSED TO BE PLAYED.

ANOTHER THING: PLAY THE BALL AS IT LIES, SO-CALLED WINTER RULES ARE MEANT TO SPARE THE COURSE, NOT TO IMPROVE YOUR LIE. THERE'S A TIME AND PLACE FOR THIS SORT OF THING—AND BOTH ARE EXCEPTIONAL.

CAJUN CLASSIC

Arnie Is Saved By A Rainstorm

LAFAYETTE, La. (AP) — Arnold Palmer doesn't know it, but he came within a cat's whisker of being disqualified before he even started his battle with Jack Nicklaus for the 1964 golf money championship.

The night before the start of yesterday's first round in the $25,000 Cajun Classic — which wound up being washed out by a thunderstorm — Arnie's caddy, 15-year-old Danny Barbato, son of host pro Luca Barbato, asked his dad for an electric cart to check the pin placements just made by PGA tournament supervisor Joe Black.

Black was standing alongside the elder Barbato when Danny made the request.

"You can't do that Danny . . . it would disqualify him," both shouted in unison. PGA rules forbid a player or his caddy from using a cart.

Nicklaus jokingly accused Palmer of taking his airplane up and "salting the clouds or something" to cause yesterday's downpour.

Palmer, one of the day's early starters, had finished his round with a two-over par 74, running into trouble on the wind-swept Oakbourne Country Club course.

Nicklaus got off to a booming start in his drive to overhaul Palmer for the money championship. Palmer leads Nicklaus by $319 and both have picked up checks for over $111,000 in tourneys this year.

The Burly Nicklaus — chief challenger for Palmer's golf throne — played only eight holes before the rains came. But he was four strokes under par, or six strokes ahead of Palmer.

"I got a good start with an opportunity for more birdies," said the 24-year-old Nicklaus. He had consecutive birdies on the fifth, sixth and seventh holes.

"I think the pressure is on Arnie," he continued. "It's always a little easier for the chaser. I've got everything to gain and nothing to lose."

PGA tournament supervisor Joe Black said 36 holes would be played Sunday because of the delay.

BIG GAME

Continued from page 19

went all the way. He is a good passer who throws a bullet-like ball. And he can run a bit, too. In his few chances this year he has completed 13 out of 26 passes, had two intercepted. He has gained 187 yards and tossed for one touchdown. He has averaged 3.4 yards per carry while packing the ball 24 times.

The series stands at 28-28—10 for the 66 games played. So this one will put one club or another in the lead—unless they decide to settle for a tie.

The forecast is for clear, crisp weather.

Mails, Miss Beck To Wed Tuesday

Walter Mails of San Rafael, public relations executive for the San Francisco Seals, and Miss Viola Beck of San Francisco took out a marriage license in San Francisco yesterday. They plan to be married next Tuesday in San Francisco.

The marriage license gave Mails' age as 68 and Miss Beck's as 50.

49ers Tell Mira: Pass, Hand Off, Please Don't Run

Coach Jack Christiansen of the San Francisco 49ers has indicated that he wants quarterback George Mira to concentrate on handoffs and passes.

The youthful coach said yesterday that Mira's purpose is the same as every other National Football League quarterback "to hand the ball off and pass. Not to run."

Mira's dazzling running has kept him near the top of 49er team rushing statistics and also kept the fans in a tizzy. But Christiansen seemed to indicate yesterday he would like to see George run less.

The coach did add "we have some plays designed for George to run and we have some rollouts he can use. He likes to use those sometimes because he feels he can see the receivers a little better. I feel when he has a little more experience he'll be able to see the receivers as well in the pocket."

Christiansen said his only lineup change for the Bear game at Chicago Sunday would be the insertion of Clark Miller, whose injured leg has healed, at defensive end.

That means the 49ers will go with their youthful backfield of Mira, Dave Kopay, Mike Lind, and Bernie Casey.

Christiansen said that John Brodie, whose long bombs beat the Bears in the teams' last meeting, might be rushed in if the famed Bear red-dog should rattle Mira.

Christiansen said the Bears offer some strange problems since they are using some double wing formations and often splitting out tight end Mike Ditka besides.

The Bears are about one touchdown favorite to win. The 49ers could earn a higher draft position by losing Sunday, but they would much rather clobber the Midwest team again.

SPORTS BRIEFS

By The Associated Press

BASKETBALL

NEW YORK — The board of governors of the National Basketball Association voted to name the league's championship trophy the Walter A. Brown Memorial Trophy in tribute to the late president of the Boston Celtics.

GOLF

LAFAYETTE, La. — A thunderstorm washed out the first round of the Ajun Classic Tournament.

BASEBALL

ST. HELENA, Calif. — Fred Hofmann, 70, a scout for the Baltimore Orioles and former catcher for the New York Yankees, died.

RACING

NEW YORK — Kelso, four-time Horse-of-the-Year and the all-time leading money winner among thoroughbreds, was retired for the rest of this year.

NARRAGANSETT, R.I. — Darrell Madden rode his 2,000th winner, bringing home Randoon, $11.40, in the sixth at Narragansett Park.

NEW YORK — Flag Raiser, $6.50, scored by six lengths in the Finn Purse at Aqueduct.

BALTIMORE — Irepeat, $5.80, bolted out of the fog that covered the backstretch and won the Dulaney Valley Purse at Pimlico.

LOUISVILLE, Ky. — Lady Wayward, $7.60, withstood a late challenge and won the feature at Churchill Downs.

CHICAGO — Prince Reaper, $6.20, romped to a three-length victory in the feature at Sportsman's Park.

SAN MATEO, Calif. — Johnny Longden brought Khal Ireland, $5, from last place and won the feature at Bay Meadows, the 5,908th winner of the veteran jockey's career.

Women's Guest Day At The Meadow Club

Mrs. John Cann shot a 77 to win low gross honors yesterday during guest day action at the Meadow Club in Fairfax.

Class A—Mrs. John McGee, 90-16—74; Mrs. John Weitzel, 88-14—74; Mrs. William May, Indian Valley, 86-11—75.

Class B—Mrs. Clifton Morrill, 94-18—76; Mrs. T. N. Brown, 96-18—78; Mrs. Ellis Jacobs, 98-20—78.

Class C—Mrs. Thomas Marshall, 99-23—76; Mrs. E. Brown, 101-22—79; Mrs. William St. Sure, 103-23—80.

Marin Golf Club's Turkey Tournament

Winners in the Marin Golf and Country Club turkey shoot flag tournament yesterday were:

Front nine — Mrs. Harry Flachs, Mrs. Mark Sanford, Mrs. Herb Prodger, Mrs. E. N. Dawson, Mrs. R. Griesz, Mrs. R. Wardlaw, Mrs. R. Cunningham and Mrs. William Weiland.

Back nine—Mrs. Al Morris, Mrs. Gordon Wardlaw, Mrs. George Richardson, Mrs. Bert Mollo, Mrs. M. Grey, Mrs. William Elliot, Mrs. Art Schallock and Mrs. William Bailey.

Season Begins Trading

Continued from page 19

can get something worthwhile in return.

His destination is unknown, but the Baltimore Orioles are looking for an outfielder of Pinson's .300 plus caliber.

The Pirates apparently have been eyeing Minnesota's Allison for some time, and the Twins just may deposit him in the National League if Pittsburgh can supply a starting pitcher.

The Twins, loaded with power, still need more pitching before becoming serious contenders for the AL championship. The Pirates similarly need a power hitter or two. Allison socked 32 homers with 86 RBI in 1964.

Mathews expected to be traded last year and feels even more certain about his non-Milwaukee future now. Mathews is on the other side of the hill—he hit .233 last season—but could be of help with the long ball.

A couple of other sluggers, Norm Cash of Detroit and Frank Howard of the Los Angeles Dodgers, also could wind up in different leagues for 1965. Cash hit only .257 while Howard was even worse at .226.

It's possible, however, that the Dodgers still are enamored with Howard's potential and will give him one more chance.

Lending to the possibility of a busier interleague trading period this year than last is the fact that all 20 teams, including the pennant winning St. Louis Cardinals and New York Yankees, are seeking help for at least one position.

The 1963 session saw only one major trade. Pitcher Jim Bunning and catcher Gus Triandos went to Philadelphia from Detroit in exchange for infielder-outfielder Don Demeter and pitcher Jack Hamilton.

Bunning was one of the major reasons why the Phillies nearly won the NL pennant while Demeter was the Tigers' big clutch hitter.

The other three 1963 deals sent Nellie Fox to Houston, Harvey Haddix to Baltimore and Bill Skowron to Washington from where he moved to the Chicago White Sox.

Fulton New Cage Aide At Marin

Larry Fulton, former College of Marin star athlete, has returned to his alma mater to coach.

The College of Marin board of trustees last night unanimously (4-0, with trustee Kent O. Seymour absent) approved recommendation of athletic director Harry Pieper and president Stephen E. Epler to hire Fulton as a part-time coach to help with basketball.

Because of the large number of cagers out for the Tars' team, head coach Cal Riemcke had to either cut 15 players or have a junior varsity team formed.

Fulton will coach the junior varsity team. The board agreed to pay the former San Rafael Military Academy coach a salary not to exceed $250.

Marinites Catch Prize Salmon

Three San Rafael fishermen won prizes in the Schenley Sportsmen's Club's salmon program last week, the final week of the season, it was reported today.

They and the size of their prize-winning fish are Ray Sweenty, 391 Hibiscus Street, 37 pounds, 4 ounces; Genell Magias, 51 San Marino Drive, 35-8; and Michael C. Felix, 20 Wilson Court, 36-0.

OLYMPIC SPRINT KING FAVORS PRO FOOTBALL

By ROBERT SANDLER

TALLAHASEE, Fla. (AP) — Robert Hayes, world's fastest human who won two gold medals in track at the Tokyo Olympics, would rather play football.

And, following graduation from Florida A and M University in June, Hayes has an opportunity to go into professional football.

Despite his gold medals and world records for running, the 21-year-old Hayes has his heart and mind set firmly on the gridiron.

In high school at his native Jacksonville, Hayes was a star in football, track, baseball and basketball. At Florida A&M he has confined his athletic efforts to football and track.

The 190-pound, 5-foot-11 halfback was drafted last year by the Denver Broncos of the American Football League and the Dallas Cowboys of the National Football League.

"I think that I would like to play football," he said, without committing himself further.

In any case, he won't turn to track. "No more Olympics,," he said. "If the Olympics were next year, I'd be glad to, but not in 1968."

Hayes told an interviewer he has no immediate goals. "All I want to do is as much as I can to help myself and the university.

"The goal I had, I was successful in—winning the gold medal."

During Hayes' 3½ years at Florida A&M, he set three track records and tied another.

He ran the 60-yard dash in 5.9 seconds, the 70-yard dash in 6.9, and the 100-yard dash in 9.1, setting three world records.

At the Olympics, he tied the Olympic and world record for the 100-meter dash in 10 seconds. He came from behind twice in the 400-meter relay to win his second gold medal.

In the semifinals, he picked up 13 yards in 100 meters—about 109 yards—to win. In the finals, he received the baton in sixth place, picked up 10 yards and won going away.

In Hayes' first football game upon returning from the Olympics, a 54-6 romp over Benedict, Hayes returned three kickoffs for 47 yards and caught one pass for 35 yards.

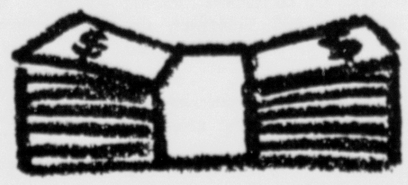

Coach Jake Gaither has been using the speedster only in spots.

Hayes, a determined young man, wants to be used more.

After seeing very little action in the Benedict game, Hayes carried seven times for 24 yards and caught two passes for 32 yards in a 46-24 win against North Carolina A and T.

Against Southern University, FAMU's first loss of the season, 40-23, Hayes carried three times for 11 yards and returned four kickoffs for at total of 83 yards.

The Rattlers have three games left to play this season, including the Orange Blossom Classic in Miami Dec. 5.

WHY DID VARNER-WARD GIVE ITS CUSTOMERS A $53,000 "CHRISTMAS PRESENT?"

Like most car-leasing firms, Varner-Ward used to require a deposit when leasing a new car.

Then we saw the light. A year and a half ago, we refunded every cent of deposit money.

Why?

Because we feel a man's character and integrity mean much more than a few dollars of his money.

So now we don't lease cars to just everyone. But if a man has a good credit standing and takes care of a car properly, we will trust him implicitly.

We don't ask for a deposit or down payment — and we even go further than that. We give him the option of returning the car after two years — or buying it and applying all lease payments toward its purchase.

Many of our competitors don't agree with this thinking — but enough customers do to make us the largest car leasing firm in our area — and one of the fastest growing in the U.S.

Call, phone or write for details.

Planners Due Request For Teen-Age Club

The San Rafael Planning Commission will hold a public hearing Tuesday on a proposed teen-age club at 70 Woodland Avenue.

ESM Enterprises has requested a use permit for the club, which would operate supervised dances and other recreation. The developers hope to draw as many as 900 teen-agers to their functions.

The property is in a manufacturing zone and needs no zone change.

The planning commission meeting begins at 7:30 p.m. in city hall. The hearing is the first item on the agenda.

Commissioners have also slated a discussion of the proposed annexation of the 208-acre Fegundes Ranch south of Lucas Valley Road and east of Gallinas Avenue. The city council has scheduled a public hearing on the proposed annexation for Dec. 7.

Annexation to the city has been requested by Permabilt Corp., which plans a residential subdivision on the property.

Commissioners will consider a use permit requested by Clear View Cable Systems for a receiving antenna at the end of Reservoir Road south of West End Avenue.

South Rhodesia Student Visits

Shirley Pinto, 28, an exchange student from Founders School, Bulawayo, Southern Rhodesia, visited Lagunitas School yesterday.

She is a music teacher in the African high school. Her trip to the United States was sponsored by the School Affiliation Service of the American Friends Service Committee and Germantown Friends School in Philadelphia.

She came with colored slides of her country and tape recordings of African music.

TWO DIRECTORS

'My Fair Lady' Saved At San Rafael High

The show will go on at San Rafael High School, thanks to an assist from the Parent-Teacher Assn.

The show is the annual school musical, which this year is to be "My Fair Lady."

Soon after opening of the school year, the word got around there might be no musical, breaking a long tradition. The reason: lack of a director.

Lew Levinson, school drama teacher who directed both the school play and the musical last year, said his other duties would make it impossible for him to direct both this year. Prior to last year, another faculty member, no longer at the school, had directed the musical productions.

The P-TA volunteered to help find a director. It has come up with two: Mrs. Woodward Melone and Mrs. Gordon Dunn.

Mrs. Melone graduated from Stoneleigh College in New Hampshire with a degree in drama, which included experience under directors and technicians in New York theaters. She later produced several school dramas at Baycroft School in Connecticut.

Mrs. Dunn graduated in drama from Northwestern University in Illinois and has been a member of Ross Valley Players for three years. Both women have acted as a directing team on productions of the Junior Theater of Marin.

They will be assisted by Levinson. Art teacher Charles Maurice will help with set designs.

The school music director, Hugo Rinaldi, will direct the school orchestra in the production, and choir director Byron Jones will direct the singing.

Rehearsals will begin after the Christmas vacation. Production is scheduled for March 26 and 27.

Phone Numbers Are To Change

New telephone numbers will go in effect for about 600 Santa Venetia subscribers next year, Gordon C. Davenport, Pacific Telephone and Telegraph Co. manager in San Rafael, said today.

The move is necessary to meet growth in the area, he said. Affected customers, presently served out of PT&T's main dial equipment office in San Rafael, will be served out of the PT&T facility on Professional Parkway.

The change is a mechanical one only, with calling boundaries to be unaffected. It is due with the issuance of the 1965 telephone directory in April. Affected subscribers will be notified by mail, Davenport said.

School Elects Yell Leaders

Terra Linda High School students Wednesday elected song and yell leaders for the basketball season.

The song leaders, known as the VJ's, are Cheryl Asselin, Sue Brookover, Jennifer De Jung, Maggie Mackey, Renee Savel and Grace Sheridan. The yell leaders, knowns as the Bossmen, are Steve Kane, Norm Tronsen and Barney Zitzmann.

The VJ's ran unopposed. The Bossmen beat out two other groups in the election.

No Contest

SANTA BARBARA (UPI)—Assemblyman James L. Holmes, (R-Santa Barbara) today conceded defeat to Democrat Winifred Shoemaker, a Lompoc high school teacher, in the 36th Assembly District and changed his mind about seeking a recount.

The canvass showed 60,950 for Shoemaker and 59,990 for Holmes.

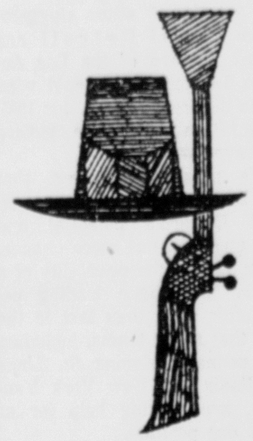

Approval Given For Dredging

Harbor Cove developers on the Strawberry Peninsula have gained approval for dredging some 45,000 cubic yards of earth from Salt Works Canal.

Work had been held up when the company applied for permission to dredge some 52,000 cubic yards, a portion of it in the City of Tiburon. County supervisors approved the dredging of 950 feet of the canal for fill to be placed along the shore, only if the City of Tiburon approved dredging of the portion within its city limits.

Harbor Cove then filed a request to amend its excavation permit, eliminating the 300 feet of the canal within Tiburon. This has been granted Arthur Knutsen, assistant county public works director, disclosed today.

Board Due Question Of Tam Patrol

Marin County Sheriff Louis P. Mountanos said today he will ask the Marin County Board of Supervisors next Tuesday if it is willing to hire additional deputies to patrol the Tamalpais High School area, termed a trouble spot by the board Tuesday.

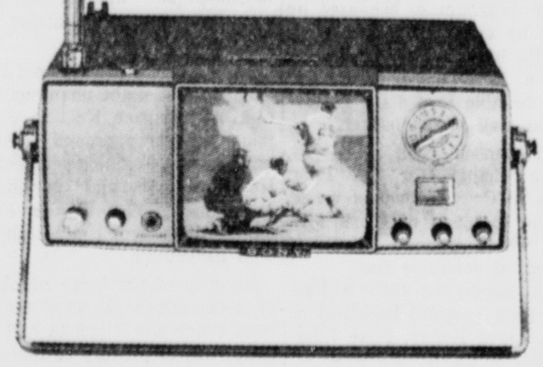

He said he has insufficient officers to beef up patrol in that vicinity. Even additional patrol will be no solution unless the school district, board of supervisors, and police agencies agree on a single patroling agency, Mountanos claimed.

At present, he said, California Highway Patrol, the sheriff's office, and Mill Valley police all have portions of jurisdiction.

Disaster Area

WASHINGTON (UPI) — Small Business Administrator Eugene P. Foley today declared the Verdugo mountain sections of Burbank and Glendale, Calif., as disaster areas as a result of flood damage on Nov. 9.

MENTAL RETARDATION

Advance Seen In Research, Education

By MAYBELLE SPECKMANN

What is mental retardation? What are its causes? What is being done to prevent it? What arei ts special problems?

These were some of the questions dealt with by Dr. Elizabeth Boggs in an interview during National Retarded Children's Week—Nov. 15-26.

A past president and current chairman of the research committee of the National Assn. for Retarded Children, she came to San Francisco to speak at a symposium on mental retardation conducted by the University of California School of Medicine. She spent Monday visiting facilities in Marin before addressing Marin Aid to Retarded Children that evening.

ELIZABETH BOGGS

Since Dr. Boggs holds a B.A. degree in mathematics from Bryn Mawr and a Ph.D. in theoretical chemistry from Cambridge University in England, an immediate question concerned how she became interested in the field of mental retardation.

THE ANSWER WAS simple. She and her husband, a senior research associate with the U.S. Rubber Company's research center in New Jersey, have a 19-year-old son who is severely retarded.

"I was shocked at the neglect and lack of information and activity in the field," Dr. Boggs said. "But all over the country the situation is vastly different now than it was 20 years ago, both in their receptivity of the public and the network of services available."

Nevertheless there are still more things the public needs to learn, she pointed out, even about the fairly well recognized fact that the affliction carries no stigma.

"Nobel Prize winners, the late President Kennedy's family and people like Pearl Buck have had such children," she explained. "She wrote 'The Child Who Never Grew' on being convinced that was a way to make her child's life count for something."

ASKED TO DEFINE mental retardation, Dr. Boggs said, "Its basic characteristics are inadequacy, subnormal intelligence and inability to apply experiences from one situation to another, complicated by many additional things.

"There are at least 100 known causes," she said, "and it is one hundred times as complicated as polio, since each cause affects only a small fraction of the total victims."

There is a considerable burgeoning of research in prevention now, she went on. In the last five to 10 years this has been recognized as a very challenging area.

She described a most interesting study being conducted called collaborative prenatal research, in which some 15 medical centers in various parts of the country have enrolled 60,000 to 70,000 women as early in pregnancy as they can get them. Results of the study of observers are sent to Washington, where they are fed to data processing machines for statistical analysis.

AMONG THE FACTORS being studied are effects of German measles, certain parasites, a virus that enlarges cells, Asian flu, defects that develop after a child is born apparently normal, and biochemical idiosyncrasies in genetic makeup that do not apparently affect the mother but may result in damage to the unborn chiid.

"I foresee the time when one of the things that doctors will do is make biochemical 'fingerprints'," she predicted.

"One of the most important things learned," said Dr. Boggs, "is that a very large number of women do not seek pre-natal care until very late in pregnancy.

"Prematurity of birth is positively correlated with retardation and inadequate prenatal care," she emphasized.

Results of research are being given to doctors as soon as they are confirmed, but knowledge is multiplying so fast that it is impossible for anyone to learn it all. Parents should be tolerant with their pediatricians for this reason, she suggested.

DR. BOGGS THEN turned to the care and training of mentally retarded children. Should they be cared for in the home or an institution?

"One of the things we have to struggle hardest for in the association is to point out that every decision of this kind has to be arrived at on its own merits. This includes the whole family constellation and the problems presented by the particular child, as well as facilities available in the community and even the attitude of relatives and neighbors.

"Generally speaking if it is a stable home and the child is not very severely handicapped, it is better for his personality development if he can be absorbed into the family.

"Love in the home is important," she said, adding quickly, "but do not add to the burden of a person who has made the decision to place his child in an institution. Individual circumstances may have justified it."

People can do a great deal to help the handicapped child and his family, Dr. Boggs went on, pointing out that these children are not dengerous, and people should not refuse to let their children play with them.

"NORMAL CHILDREN can actually benefit by the association if they are given sympathetic understanding of the causes, and this applies to siblings too.

"Parents do their normal children a disservice by trying to protect them from association with the handicapped.

"One of the most encouraging of recent developments is interest on the part of teen-age youngsters in serving either as volunteers or entering a profession of service to the mentally retarded."

ANOTHER PROMISING field of research, Dr. Boggs said, is on methods of teaching work skills to the trainable mentally retarded. Many can learn specific skills if the teaching process is continued long enough, she declared, and some are employable to some extent.

An illustration of this fact is the work done by young adults at the MARC—Marin training center located in the former nurses' home at the old county hospital in Lucas Valley.

Boys can do weeding and yard work, and girls do ironing that is brought there by busy housewives and picked up later.

"The quality of the ironing is excellent," said Dr. Boggs.

"AFTER SPENDING a day touring facilities in Marin," she said, "I was impressed with the spectrum of opportunities available to the retarded in the county. County commissioners and school authorities deserve special commendation for the interest they have taken in this field.

"It means that not only Marin residents are better served but that in the long run it is an economic advantage because each child is being helped to develop to the limit of his capacity."

It is highly commendable that a retarded child in Marin can get into a kindergarten for the mentally retarded at the age of three, she said.

Dr. Boggs concluded by saying that one service that needs to be developed is a home visitor's program. This would make available someone who could go into homes of families trying to rear a pre-school retarded child and tell them what to expect of the child and demonstrate how to proceed with his training.

A LOOK INTO THE FUTURE

Viewing the scale model at the Civic Center in San Rafael yesterday morning were members of the Fourteenth District, California Congress of Parents and Teachers who met in Marin. The San Rafael Parent-Teacher Assn. Council acted as hosts. Following a business meeting, the group had a luncheon at Lin Fa Restaurant in Terra Linda. Mrs. Nell Noguchi, standing left, shows those at the speakers table how to use chopsticks Seated, from left, are Mrs. Dale Moore, district president; Dr. Virgil Hollis, Marin superintendent of schools and Kirkie Wilson. Standing are Dr. Charles Nagel, director of compensory education in the Sausalito School District, and Isidore Pivnick, director of compensory education for the San Francisco School District.

THE SUBURBAN SCENE

Big Game Brings Marin Festivities

By MOLLY MARIN

More than 40 members of the Mill Valley Tennis Club will go by chartered bus to the big game tomorrow. Mr. and Mrs. John Mann, social chairmen, have planned an entire day of activities starting with a brunch at 10 a.m. at the home of the Robert Seymours before the party leaves for the game.

Following the game other club members will join the group at a cocktail party at the Mill Valley Golf Clubhouse, as the new tennis clubhouse is not yet completed.

MRS. W. J. WYNN entertained at a dinner party Monday at her home in Mill Valley honoring her house guests, Mr. and Mrs. Siegfrid Fredrickson of Skelleftea, Sweden. The Fredricksons were the foster parents of Mrs. Wynn's son Frank when he was in Europe in 1958 as an exchange student under the Experiment in International Living program.

Frank was out of town on business and could not attend the party, but his wife, Bonnie, and daughter, Katherine, were present. Others attending were Mrs. John Klein and Mr. H. D. Sheran, both of Mill Valley. The Fredricksons, who have been touring the United States, left Tuesday for Southern California and Mexico.

THE WESLEY Gudmundsons of San Rafael will host a cocktail party preceding tomorrow night's winter dinner dance of the Marin Cotillion to be held at the Meadow Club. Guests will include the Messrs. and Mesdames James Coulter, Thomas Kearney, H. E. Schoonober, Walter Riebling, Jack Skinner, William Cruickshank, Albin Dittli, Willard Hall, Arthur Sauter, Lou Glazer and Richard Giggins.

BACK HOME AFTER more than a month in the South Seas are the Joseph Johnsons of Tiburon. The Johnsons flew to Hawaii with their daughter, Mrs. Howard Craig of South San Francisco, to spend five days on Oahu and Kauai. Mrs. Craig then returned home to her family while the Johnsons went on to French Polynesia. They visited Moorea, Raeatea, Bora Bora and Tahiti.

PLANNING TO spend the holidays in Hawaii are the Robert Gordons of San Rafael who will sail on the Lurline on Tuesday.

MR. AND MRS. Herbert Spilman of Belvedere Island returned recently from a trip to Southern California. En route home they visited their son-in-law and aughter, Mr. and Mrs. Gordon Young and family of Salinas.

HOLIDAYING at the oceanfront Nassau Beach Hotel in the Bahamas capital are Mr. and Mrs. Rodric L. Robinson of Mill Valley.

Karen Franco Weds Frank D. Kornovich

MRS. FRANK KORNOVICH

Karen Joyce Franco, daughter of Mr. and Mrs. Abel Franco of San Jose, became the bride of Frank Dennis Kornovich, son of Mrs. Oudia Kornovich of San Rafael, at 2 p.m. Saturday at St. Martin's Catholic Church.

The Rev. Ferdinand Guerzon officiated at the ceremony in which Karen wore a gown of peau de soie with Alencon lace.

Antoinette Pecoraro of San Jose was maid of honor and Diane Winner of Santa Clara was bridesmaid. Both wore moss green peau de soie with velvet.

Vernon Franco of San Jose, the bride's brother, was best man and Thomas O'Doul of San Rafael, Nicholas Martin of Hayward and Conrad Franco of San Jose, brother of the bride, ushered.

Karen was graduated from Campbell Union High School in Campbell. Frank was graduated from Marin Catholic High School and is presently a lance corporal in the U.S. Marine Corps at Mare Island, Vallejo.

Following a wedding trip in Northern California, the couple will reside in Vallejo.

TREND TO TROUSERS

Model Dale Kole wears a midriff outfit by Geno which drew applause as fashion writers glimpsed the latest trend to trousers in a showing of California's spring resort wear at Beverly Hills. (AP Wirephoto)

Laced To Please

Shown freely in Europe last Spring and now on the American scene are pumps laced to please. With the laced pumps come shoes with lower heels, lower backs and sides and softer shape in the toe.

Family Therapy Program Is Mill Valley Branch Topic

The new program for family therapy initiated at the Family Service Agency of Marin will be discussed by Shirley Gehrke at Tuesday's meeting of the Mill Valley Branch, American Assn. of University Women.

The meeting, planned by program chairman Mrs. Charles A. Murphy, will be held at 8 p.m. in the Mill Valley Community Church parish hall.

Miss Gehrke will discuss how this therapy works, with all members of one family meeting at one time with the social worker to discuss their problems.

She will also discuss such topics as how a family operates, what brings a family to the agency and how the agency works with the problems.

Graduated from Washington University, St. Louis, with a master's degree in social work, Miss Gehrke has been employed with psychiatric hospitals, adoption agencies and in private practice. She joined the Family Service Agency of Marin to initiate this new family therapy program.

Five Layers Form Unusual Cushion

One furniture manufacturer offers a new five-layer cushion that is unique in technique. A center core of latex foam rubber is wrapped in dacron. This entire section is then wrapped in a 1" thickness of latex foam rubber for five super-soft layers of comfort.

LOOKING TOWARD NEXT SUMMER

These four creations are by Paris designers from their summer collection for 1965. In photo, left, are: "Ultra," from Jacques Heim-Maria Carine, a blue lace suit with a matching muslin blouse and a lace capeline, and "Zodiaque" from Laroche-Maria Carine, a beige guipure lace dress and bolero. At right are two navy blue crepe ready-to-wear evening dresses by Capucci. (AP Wirephoto)

Sparkling Evening Planned As Northgate's Yule Party

The sparkle of a thousand gems will be seen at the annual cocktail party of the Northgate Group of the Marin Art and Garden Center at the Meadow Club on Dec. 4 at 7 p.m.

"CHRISTMAS FANTASY of Jewels" is the theme of the holiday party for members and their guests, and it will be highlighted by an opulent display of jewelry by Robert T. Lindemann of Kentfield, who has won international recognition for his approach to jewelry design.

FORMALLY GOWNED Northgate members who will display the collection of jewels are Mesdames Rowland A. Chapman, Melvin J. Duncan, H. Wallace Hickman, Rudolph D. Lang, Edgar T. Lindner, Harding McPhun, Henry E. Skinner, Dan J. Sweeney Jr. and Les Vogel Jr.

THE JEWEL THEME will be enhanced further by the ruby red, emerald green and gold decorations on the Christmas tree and in the glittering fireplace and foyer decorations.

Mrs. George E. McKenna is decorations chairman and on her committee are Mesdames John C. Cummings, H. Harrel Canon, Frank T. Dettner and Edward W. Detrick.

Mrs. Sweeney is award chairman, assisted by Mesdames Allen J. Marshall, Melville R. Baruh, Henry D. Eddy, George V. Herrero, Warren R. Perry and Allen O. Zeiss.

Mrs. J. Kenneth Peters is chairman of the holiday cocktail party. Her committee are Mesdames William J. Cassidy Jr., models; Joseph J. Nicholson, invitations and reservations; McKenna, decorations; Mrs. Sweeney, awards, and Mrs. Jay Hale, publicity.

Judi Rourke Sets January Wedding

Mr. and Mrs. Fred W. Rourke of Mill Valley announce the engagement of their daughter, Judi A. Rourke, to Peter E. Dardis of San Anselmo.

The bride-elect is a graduate of Marin Catholic High School and is employed at the Bank of America in Mill Valley. She is the sister of Mrs. J. D. Miller of Sausalito and the granddaughter of Mrs. R. J. Kelly of San Francisco.

Peter is the son of the late Mr. and Mrs. Peter J. Dardis of San Anselmo and the grandson of the late Mr. and Mrs. Robert Williams of San Francisco and the late Mr. and Mrs. Peter Dardis of Los Angeles.

He is a graduate of Sir Francis Drake High School and attended the College of Marin. He is an assistant operations officer at the Bank of America in Mill Valley.

The couple are planning a wedding in January.

Sale Tomorrow

The Reserve Officers Assn. Ladies are sponsoring a rummage sale from 9:30 a.m. to 6 p.m. on Saturday at 618 B St., San Rafael. The sale will benefit Marin Aid to Retarded Children.

Board Appointed To Hostess Club

Mrs. Leland Jamisen, Novato Hostess Club president, appointed members to serve on the executive board following the installation dinner at Sonoma Joe's in Petaluma Wednesday night.

New chairmen are Mesdames Pat Lyons, welfare; Robert Powers, civic affairs; David Hooper, sunshine; Cleve Wilkinson, membership and transportation; and Fred Binnewies, publicity,

New section chairmen are Mesdames Tubby Bristowe, bridge; Raymond Young, sewing; Robert Lyons, arts and crafts; Woodrow Wilson, gardening and Karl Zueger, bowling.

New members include Mesdames Ray Emerson, James Engle, Roy Piccinni, John Plumb, Ernest Shelver, Karl Johnson and Michael Hemovich.

Club Champion Is Chosen Women Golfers' President

Mrs. Thomas H. Keigwin, new president of the Mill Valley Women's Golf Club, is a champion golfer and the present champion of the club. It is not surprising, therefore, that her major interest is golf.

In fact, it occupies most of her leisure time, for she is also a member of the Lincoln Park Women's Golf Club of San Francisco, where she recently became the handicap champion, and of the Sonoma Women's Golf Club.

A member of the Mill Valley club two years, she stepped up to president succeeding Mrs. John Hurley, from the office of vice president.

The club, she says, is open to golfers with established handicaps and those who wish to establish handicaps and to non-golfing social members. At present the membership is two-thirds golfers and one-third social members.

MRS. THOMAS KEIGWIN

The club also has a monthly duplicate bridge section and gives an annual benefit luncheon-card party to raise funds for various charitable projects. Last year the club donated $230 to five different organizations.

A native of Kansas City, Kan., Janice Keigwin is a graduate of Kansas State University with an A.B. degree in journalism. She is a member of Alpha Chi Omega sorority and the honorary journalism fraternity Theta Sigma Phi.

Before her marriage she worked as a reporter on a weekly in Manhattan, Kan., and as a reporter for the United Press out of Kansas City.

She and her husband, a certified public accountant who recently opened offices in San Rafael, came to Marin County from Rogers, Ark., in 1962 and lived in Mill Valley a year before they moved to Greenbrae. They have three sons, Kent, 14; James, 11, and Jan, 7.

Other officers who will take over their duties with the new president in January are Mesdames Bill Brown, vice president; C. G. Cooke, secretary; Victor Verdellet, treasurer; Henry Helmboldt, golf captain; George Prydz, North Bay representative; Tom Brymer, Pacific Women's Golf Assn. representative.

Dominican Unit Plans Baby Party

The annual baby party for children of Dominican College Alumnae will be held from 2 to 4 p.m. on Dec. 6 at Dominican.

Approximately 150 guests are expected to attend the party, which will include Christmas tree, gifts, refreshments and Santa Claus.

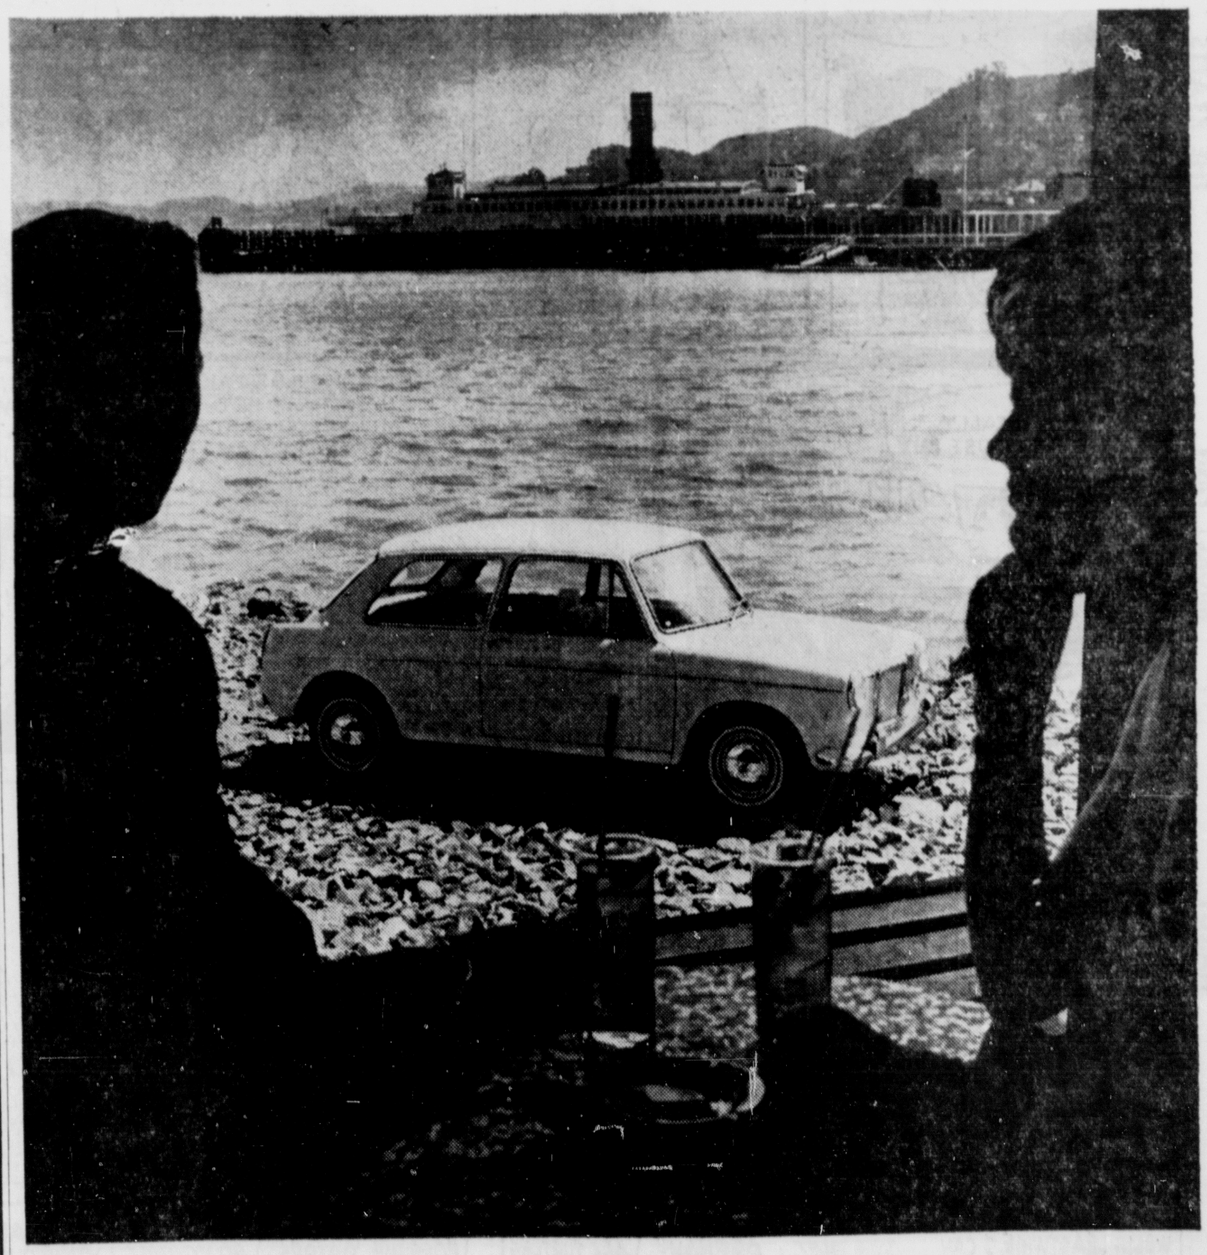

KAREN L. MOORE of Terra Linda became the bride of Ensign J. R. McMichael of Stockton Sunday at Calvary Presbyterian Chapel in Stockton.

ALMANAC

Today is Friday, Nov. 20, the 325th day of 1964 with 41 to follow.

The moon is approaching its last quarter. The morning stars are Venus, Mars and Jupiter. The evening stars are Jupiter and Saturn.

On this day in history:

In 1866, the Grand Army of the Republic, made up of veterans of the Union forces, held its first national encampment at Indianapolis.

In 1945, the Nuremburg, Germany, war crimes tribunal began hearing evidence on 24 top German leaders of World War II.

In 1961, Governor Rockefeller of New York traveled to New Guinea to help search for his son, Michael, who disappeared on a scientific expedition.

A thought for the day: English Novelist Anthony Trollope said: "Always remember that when you go into an attorney's office door, you will have to pay for it—first or last."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Don't Let Your Opponents Steal Your Thunder When Playing

It's humiliating to catch your finger in a mousetrap, especially if the mouse creeps out of its hole to snicker at you as you exercise your vocabulary.

If you're careful with mousetraps, it's pleasant to know that a certain kind of bridge hand may give you the same sort of experience.

Opening lead — ♠ J

South won the first trick with the queen of spades and led a trump to dummy's queen. He next led the jack of trumps from dummy, but nobody seemed to want this trick either.

SPADE ACE

Declarer got to his hand with the ace of spades to try a club finesse. When this worked, he led the 10 of trumps to West's ace.

West adroitly shifted to a low diamond. East took the king and returned a diamond to the queen, and West then led the ace of diamonds to make dummy ruff.

Dummy was thus stuck in the lead with only clubs, so that West got the setting trick with the king of clubs. South had the unwelcome experience of being end-played by the defenders.

IMMEDIATE FINESSE

"The only play that makes this contract is an immediate club finesse on the second trick," Gerald Abrahams comments in his beautifully written book, "Brains in Bridge."

After winning one club finesse, declarer leads trump to force out the ace. South can get back to his hand with the ace of spades to repeat the club finesse—and the rest is easy.

"Clubs may be ruffed," Abrahams admits, "but the greater danger is to draw trumps too soon. The hardest problem is the one you don't know to be a problem."

DAILY QUESTION

Partner opens with one club, and the next player passes.

You hold:
♠ J 10 9
♥ A 9 7
♦ A Q 9 4
♣ K 10 9.

What do you say?

Answer: Bid one diamond.

Avoid a jump to 2NT with no stopper in an unbid suit (spades).

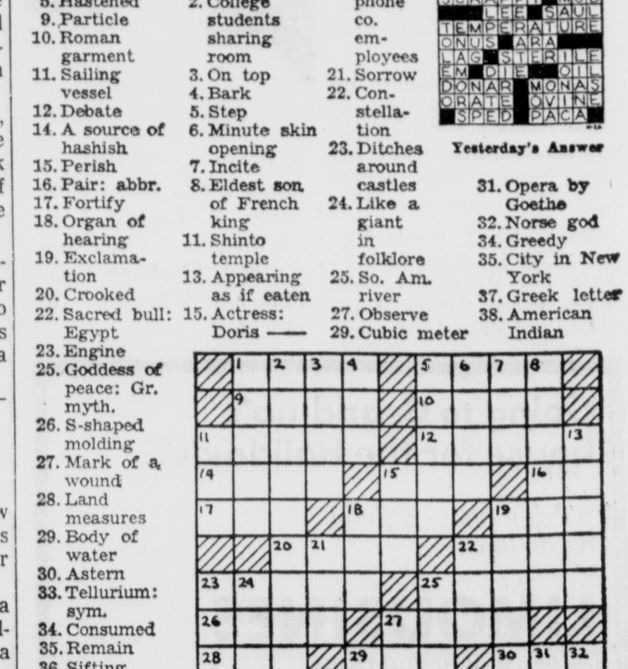

For Sheinwold's 36-page booklet, "Pocket Guide to Bridge," send 50¢ to Bridge Book, Independent-Journal, P.O. Box 330, San Rafael, Calif.

Man Gets Edge On Unwanted Birds

TULSA, Okla. (UPI) — A new chemical product apparently has given man an edge in his war against unwanted birds.

Tests conducted by a Tulsa pest control firm and the zoology department at Oklahoma State University indicate a dose of the chemicals in grain sends birds flying drunkenly away. They don't come back and they warn their feathered friends. The new chemicals were developed by Philips Petroleum Co. of Bartlesville, Okla.

This Is Perfect

for anyone looking for a 2-bedroom home in Morningside Court! Here you can have the luxury of a separate dining room and also a separate breakfast room! You'll love the level lot with its abundance of fruit trees — the location for its closeness to everything — and most especially the price — only $24,950.

Greenbrae Gaiety

Within this vale
of trees and charm,
secluded setting,
peace and calm,

yet just a brief
few minutes away
to shopping, schools
and freeway fray.

3 bdrms., 2 baths,
a pool and more,
you'll find that all
is on one floor.

Dining room for
added space,
beamed ceilings
and a fine fireplace.

Too many extras
to list them all,
for full particulars
give us a call.

The poetic touch comes when we tell you that all this can be yours for $45,500.

Reduced in Price

But not in charm! Be our guest and treat yourself to an inspection of this perfect 3-bedroom home with a modern kitchen that's situated on a huge corner lot in a gem of an area! Close to transportation and schools, with all the shopping you'll ever need at the Emporium and Northgate Center which is just a stone's throw away! Where can you get all this value for $20,500? Make a call to our office for an appointment and we'll show you.

Don't

waste another minute. Here is the anwser to that charming and immaculate 2-bedroom, 1-bath home you have been looking for, the finest possible location, quiet cul-de-sac, excellent neighborhood, walk to Marin's newest Super Market, 2 minutes to Freeway. Attractive low maintenance garden with patio, lanai and BBQ and all fully landscaped. Unbeatable for the elderly retired or for the young couple with a commute problem. $29,500.

ROCKETS ARE ROLLING!!
New Oldsmobile Trade-Ins

'62 Olds Conv $2095
Here's a terrific value in a low mileage Dynamic "88" convertible with all the quality Oldsmobile features, like power windows, power steering and brakes, radio, and heater and hydramatic drive. We sold this new to its one local owner. Silver Mist finish, white top and white wall tires.

'64 Olds F-85 2695
Dlx. If you want a top value in a nearly new car, be sure to see this one. Over half the new car factory warranty goes with this V-8 deluxe 4-dr, along with automatic trans, power steering, heater & defroster, tinted windshield glass and back-up lights. All white finish with full vinyl seat trim.

'63 Olds Cutlass 2395
We sold this Sport coupe new and it only has been driven 20,000 actual miles. Saddle Mist and white two-tone finish with bucket seats, finished in saddle trim. Automatic transmission, power steering, radio and heater, white walls and tinted glass. Still under new car warranty.

'61 Rambler Wg 1295
A very nice 1 owner Classic Custom 6 cylinder wagon with radio, heater, automatic transmission, luggage carrier and white wall tires. It shows fine care by the original owner, and is a lot of wagon value at a low price.

'58 Chev Bel Air 595
Just traded on a '65 Olds this clean '58 Chevvy V-8 sedan will give you lots of transportation at a low price. Radio, heater and Powerglide. Mechanically sound and lots of eye appeal.

'62 Olds "98" 2195
Razor sharp 4-dr "98" model. A true luxury car in every respect. We sold this new and have serviced it regularly, so we know that it's a top value. Provincial white finish with a stunning red interior, and fully equipped with Olds quality features.

'64 Olds Fiesta 3795
Dynamic "88" 9 passenger Fiesta wagon with all the features including factory air conditioning and premium white wall tires. This beautiful station wagon was driven by the sales manager, and has never been registered, so you will be the first owner of record. New car warranty still in effect.

NOTICE OF TRUSTEE'S SALE
WT-531710

On Friday, the 4th day of December, 1964, at the hour of 11:00 o'clock A.M., of said day, at the office of Marin County Abstract & Title Company, 801 "A" St., San Rafael, County of Marin, State of California, Western Title Insurance Company, a corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Marin, State of California, and described as follows, to-wit:

Lot 74, as shown upon that certain map entitled, "Map of Marinwood Unit 1-D in the County of Marin, California," filed for record June 24, 1955, in Book 8 of Maps, at page 72, Marin County Records.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by Anne M. Canessa, a widow, trustor, to Western Title Insurance Company, a corporation, as trustee, for the benefit and security of Israel M. Eisenstadt and Anna M. Eisenstadt, his wife, as tenants in common, dated October 3, 1963, and recorded October 4, 1963, in the office of the County Recorder of the County of Marin, State of California, in Liber 1734 of Official Records at page 36.

Dated November 4, 1964.

NOTICE OF TRUSTEE'S SALE
No. 73189-JFB

On Thursday, the 3rd day of December, 1964, at the hour of 9:30 o'clock A.M., of said day, at the Fourth Street entrance to the Court House, in the City of San Rafael, County of Marin, State of California, Marin Title Guaranty Company, a corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Marin, State of California, and described as follows, to-wit:

A PORTION of Lot "D" of the Sausalito or Richardson Rancho, more particularly described as follows:

BEGINNING at the common corner of Ranches "A", "E" and "F" as shown and delineated on the map entitled, "Tamalpais Land and Water Company, Map No. 3" on file in the office of the County Recorder of the County of Marin, State of California, in Map Book 1 at page 104; running thence on the dividing line between Ranches "A" and "F", South 61° 59' West 295.85 feet and South 51° 43' West 675 feet to the common corner of Ranches "A", "B" and "F"; running thence along the dividing line between Ranches "B" and "F" South 34° 52' West 480 feet; thence leaving said dividing line South 55° 08' East 400 feet, North 68° 59' East 257.548 feet, South 52° 50' East 2757.705 feet, North 37° 10' East 1091.017 feet to Southwesterly line of that certain parcel of land known as Oakwood Valley; running thence in a Northwesterly direction along said Southwesterly line, North 52° 50' feet 100 feet, North 61° 59' West 123.79 feet, South 84° 00' West 130 feet, North 58° 35' West 60 feet, North 24° 05' West 152.21 feet, North 74° 31' West 160 feet, North 60° 18' West 240 feet, North 52° 35' West 119.66 feet, North 50° 25' West 184.04 feet, North 52° 04' West 311.87 feet, North 84° 31' West 177.04 feet, North 61° 07' West 216.97 feet, North 41° 20' West 442.76 feet, North 51° 31' West 480.58 feet, North 46° 34' West 146.36 feet, thence North 15° 25' East 219.42 feet to the point of beginning.

BEING portions of Ranches "A" and "B" and containing 75 acres of land more or less.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by CLIFFORD W. PARLEE AND MARJORIE C. PARLEE, his wife, trustor, to MARIN TITLE GUARANTY COMPANY, a corporation, as trustee, for the benefit and security of LEO EPP AND MARGARET EPP, his wife, dated June 27, 1963 and recorded June 28, 1963, in the office of the County Recorder of the County of Marin, State of California, in Liber 1700 of Official Records at page 645. By mesne assignments of record in the office of said Recorder the beneficial interest under said deed of trust and the obligation secured thereby has been assigned to D. Cameron Baker, Jr.

NOTICE TO BIDDERS STANDARD SCHOOLS SUPPLIES

NOTICE IS HEREBY GIVEN that the Board of Education of the County of Marin, State of California, hereby calls for sealed proposals to be delivered to the Secretary of said Board, at Civic Center, San Rafael, California, on or before the 6th day of January, 1965, at the office of the County Superintendent of Schools at Civic Center, San Rafael, California, up to 4:00 o'clock P.M., at which time said bids will be opened by the Board of Education for tabulation and at which time the Board will set the date for the awarding of the contracts for:

Supplying standard school supplies (instructional, duplicating, paper, athletic supplies and equipment, audio-visual supplies and equipment, flags, janitorial supplies, and school furnishings and equipment, respectively), in accordance with specifications and general conditions which are on file at and may be obtained in the office of the County Superintendent of Schools, Civic Center, San Rafael, California.

The Board of Education of the County of Marin, State of California, reserves the right to reject any and all bids and/or waive any irregularity in any bid received. Unless otherwise allowed by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for opening thereof.

NOTICE OF TRUSTEE'S SALE
No. 73484-JFB

On Friday, the 18th day of December, 1964, at the hour of 2:00 o'clock P.M., of said day, at the Fourth Street entrance to the Court House in the City of San Rafael, County of Marin, State of California, Marin Title Guaranty Company, a corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Marin, State of California, and described as follows, to-wit:

LOTS 14, 15, 16, and 17, in Block 1, in the tract of land known and designated as "Subdivision Number Two, Muir Woods Park", as the said lots and block are delineated and so designated upon the map entitled, "Map of Subdivision Number Two, Muir Woods Park", filed in the office of the County Recorder of the County of Marin, State of California, on the 3rd day of April, 1911 in Book 3 of Maps, at page 66, thereof.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by ETZEL H. BARKER, an unmarried man, trustor, to MARIN TITLE GUARANTY COMPANY, a corporation, as trustee, for the benefit and security of TABER L. KOPAN and MARLYS A. KOPAN, his wife, as joint tenants, dated November 8, 1963 and recorded November 15, 1963, in the office of the County Recorder of the County of Marin, State of California, in Liber 1750 of Official Records at page 256.

Powerful X-rays Aid Space Exploration

CAPE KENNEDY, Fla. (UPI)—An X-ray system that sees through materials to spot defects in workmanship is now helping in the project to put men on the moon. The system was installed at Cape Kennedy shortly before the recent first successful moon shot. Its penetrating rays can uncover a misplaced 0.0005-inch wire or an unwanted solder pellet 0.003-inch in diameter.

'RECUERDOS #2'—This is a pastel by Carlos Licon, inmate artist at the California Medical Facility at Vacaville. Inmates will have a show Nov. 27 through Dec. 6 at the facility.

'COMING IN'—This ocean scene is an oil painting by T. Zane Farmer, an inmate artist at the California Medical Facility at Vacaville. Farmer and 125 other inmate artists will be showing their works at the facility starting Nov. 27 and running through Dec. 6.

Inmate Artists Are Ready For Show

I-J Special Report

VACAVILLE — The walls of California Medical Facility's administration building could hardly be recognized today as those of a state penal institution. Nearly 1,500 paintings, in all media, adorn the walls of both floors, as the institution makes ready for its "Hobby Fair and Pre-Christmas Exhibits."

The doors will be open to the public from Nov. 27 through Dec. 6 from 8 a.m. to 4 p.m. daily.

More than 125 inmate artists, constituting one of the largest "art colonies" in the United States, will display their work.

Dr. William C. Keating Jr., superintendent of the prison hospital, is responsible for the Vacaville art program. He recognized the therapeutic value of art as a rehabilitation tool when he launched the program three years ago. The idea was to provide the men with a creative outlet for their energies and to relieve some of the frustrations that build up in prison.

Under a semi-directed program, Dr. Keating permitted the men to work wherever they can find available space to set up shop. Consequently, studios have popped up all over the institution.

By December, 1962, it was felt that the quality of art being produced at the prison hospital warranted a public showing. With the approval of Walter Dunbar, state director of corrections, Dr. Keating initiated the institution's first fine arts show. Twenty-five artists entered 400 works and it proved so successful that officials decided to hold showings twice a year.

The prison exhibit will display nearly 1,500 paintings priced for sale on opening day.

Although the monetary gains have been high in a few cases, the most important part of the program is the emotional outlet it provides, the opportunity of self-expression, and the feeling of constructive accomplishment.

"The art program at CMF has been one of our most successful attempts so far in producing satisfactory parole results," says Keating.

Certainly not to be overlooked are the many other skills that are prevalent at the medical facility. The pre-Christmas exhibit will also show many outstanding examples of craftsmanship in ceramics, sculptural work, marquetry, leather, copper and jewelry. More than 10,000 persons visited the Spring Fine Arts Show and another capacity crowd is predicted by prison officials. There is no admission charge.

The medical facility is located at Vacaville in Solano County, two miles south of Highway 40.

'HOBBY HORSE PHANTASY'—This oil was painted by inmate artist Gordon Corson for a show to be held at the California Medical Facility, Vacaville, Nov. 27 through Dec. 6.

Traffic Chief Killer Of The Working Man

NEW YORK (UPI)—Motor vehicle accidents are the major source of accidental deaths of men in the main working ages, according to a life insurance company.

At ages 20 to 24, motor vehicle mishaps account for 70 per cent of the total and at none of the other age groupings under review does the proportion fall below 40 per cent, the company's statisticians say.

Huge Increase Seen In American Traffic

NEW YORK (UPI)—The nation's roads and highways are going to have to carry a staggering burden of 122 million motor vehicles by 1974, or half again as many as today, an industry official predicts.

In the same decade, says Charles S. Jensen, president of a firm that finances the purchase of road building equipment, the number of licensed drivers is expected to jump from the present 93.7 million to more than 140 million.

TO THE BOARD OF DIRECTORS
Marin General Hospital
Marin Hospital District
250 Bon Air Road
San Rafael, California

We have examined the accompanying balance sheet of MARIN GENERAL HOSPITAL as at June 30, 1964, and the related statement of income and expense for the year then ended, and including the accumulated excess of income over expense. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The accompanying statements include only the finances of Marin General Hospital and are exclusive of funds and accounts administered by the County Treasurer in connection with Marin Hospital District Bonds.

In our opinion, the accompanying statements present fairly the financial position of Marin General Hospital at June 30, 1964, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles, except that no depreciation has been provided for hospital buildings, applied on a basis consistent with that of the preceding year.

Judges Find Way To Punish Litter Louts

NEW YORK (UPI)—Litter bugs in a growing number of states are facing a new and persuasive punishment.

Judges, losing patience with the purveyors of trash, are sentencing offenders to clean-up stints along state highways in lieu of fines and terms in the jail house, according to Keep America Beautiful, the national organization dedicated to elimination of littering through public education. Highway "clean-up sentences" have been levied by judges in New Jersey, California, Missouri, South Dakota, Maryland and Michigan.

It's Always Spring

RICHMOND, Va. (UPI) — The "spring chicken" is as obsolete as the dodo, says the National Broiler Council. Today, with Vitamin D administered in their feed, broilers can be raised indoors in any season.

Left Means Right

ALDERSHOT, England (UPI)—Traced in the dust on the back of an army truck in Aldershot was the warning: "M.I. (Army Intelligence) driver. Coded signals only."

Englishmen Have Their Own Way Of Pronouncing Name

By ROBERT MUSEL

LONDON (UPI)—Every now and then an American asks for "Lyesester Square" to the immoderate laughter of the natives who have secretly agreed to pronounce it "Lester" regardless of its spelling.

By every rule of orthography Leicester Square ought to be "Lyesester" but the British take the somewhat arrogant view that it's their language and they can do with it as they wish, let logic fall where it may.

The truth of the matter is, of course, that if the Latin, Greek, Hebrew, German and other foreign words were taken out of English the British would be reduced to Anglo-Saxon grunts and sign language.

But until that happy day they will continue to call the city of Cirencester "Sissister" and be coldly disagreeable to anyone who mildly inquires why it isn't "Siren-sester."

Now writer Sid Colin comes forward with a suggestion that will shake many stately homes and crumbling castles to their ancient foundations. For centuries one of the minor snobberies of this breed has been to mispronounce the family name.

The rule seems to be: the older the name the less it should be pronounced the way it is spelled.

And Colin thinks it is time that place names and family names were either properly pronounced or foreigners given a glossary at ports and airports.

"How else," he asked, "will they know that Holmondeley is spoken Chumley? and Featherstonehaugh is often Fanshawe? and Bourchier is Bowcher and Beauchamp is Beecham?"

How indeed!

Colin does not advocate anything as drastic as legislation although he feels any bar to making English the dominant international language ought to be removed. He points out that such eminent reference works as Debrett's Guide to the Peerage have already had to put the family pronunciation of a name in brackets after the family listing.

Debrett's and others of its ilk show that the Ayscough family call themselves Askew. The Abergavenny family pronounce it Abergenny. Lord Beaulieu claims his name is Bewley.

The Bellinghams say it Bellinjum.

The Belvoirs call themselves Beaver. The Claverhouses say it Clavers. The famous Leveson-Gower family call themselves Looson-Gore. The Marjoribanks are the Marshbanks.

The Wriothesley family somehow manages to get Rexly out of their name.

Colin thinks the reform movement ought to start inside Britain.

"You Americans cannot throw the first stone," he said. After all, you pronounce Sault Ste. Marie Soo Ste. Marie. And how about Arkansaw for Arkansas?"

South Africans Find Uses For Negro Detective

JOHANNESBURG, South Africa (UPI)—A new trend in "private-eye agencies" has been started here with the employment of non-white detectives by white agencies.

A spokesman said the non-whites were "very successful and very efficient." The men are mostly employed in African townships where their white counterparts are not allowed. The "black private eyes" cope with adultery, installment plan and business investigation.

They also assist in the tailing of whites. The secret of the African detectives' success is that although a white South African might suspect that he is being followed, he will pay little attention to a black "messenger boy" in uniform on a scooter.

Girls, Dogs Hunt For Peeping Tom

DISLEY, England (UPI) — Janetta Reeves and Carol Harris, both 20, have been recruited by a security firm to take Alsatian dogs on "Peeping Tom" patrols.

The girls will patrol nurses' homes, women's hostels or any other places where groups of young women live togther. Carol said: "This job has got everything — outdoor appeal, adventure, good pay and our uniforms are smashing—we designed them ourselves. Janetta and I are competing to see which of us gets the first Peeping Tom."

Glass Ranks As Old, Old Product

NEW YORK (UPI) — Glass is the world's oldest manufactured substance. The first glass containers were hand-molded around clay cores 15 centures before the birth of Christ. But even now, after the passage of almost 3,500 years, glass remains a paradox.

The Glass Container Manufacturers Institute reports that today glass can be blown as thin as a soap bubble or made strong enough to stop bullets and build skyscrapers.

Canned Fish Helps Prevent Old Disease

TERMINAL ISLAND (UPI) — Canned tuna provides a major portion of the daily requirement of iodine, the element which prevents the development of goiter, according to the Tuna Research Foundation.

Goiter used to be prevalent in land-locked countries, without easy access to iodine-carrying seafood, but canned tuna, salmon and other fish have solved that problem.

Like Buck Rogers

WASHINGTON (UPI) — Astronauts in the not-too-distant future may use small rockets strapped to their backs to scurry back and forth between space ships in flight, according to scientists.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Smoking, Air Pollution Share Blame For Cancer Of The Lungs

VAN DELLEN

Cancer of the lung is the most common cause of death from malignancies among men. Fifty years ago the disease was rare, whereas 43,000 Americans died of it last year. Fewer than 6,000 victims were women.

Smoking and air pollution are incriminated most often as playing causative roles.

Both are capable of irritating the lining of the air passageways and chronic bronchitis develops after years of exposure. Some authorities blame everything on smoking; others on air pollution.

THE PUBLIC may be confused by these conflicting opinions, not realizing that both are factors. They are not as philosophical as a 67-year-old New Yorker who stopped smoking 25 years ago, following a heart attack. His chronic bronchitis disappeared.

A few weeks ago he read an article quoting a physician who said the urban resident inhales daily the equivalent in toxic substances of two packs of cigarettes, regardless of whether he smokes. This did not confuse our reader who commented: "If air pollution is a link to cancer, then cigarette inhalation adds another link that brings on this dreadful disease years sooner." This is not a new idea because the medical profession has known for some time that two cancer agents produce tumors faster than one.

IN ALL PROBABILITY there is more to lung cancer than inhaling chemical agents. The chronic bronchitis that stems from infections must be considered. The same applies to heredity, as some individuals are more susceptible to chemicals and gases that pollute the air we breathe and inhale when smoking. This may explain why some light smokers develop lung cancer after smoking the same number of years as a heavy smoker.

The public has an insight into how difficult it is to pinpoint the cause of a fatal disease when the suspected material is enjoyed by millions of voters or is closely associated with large industries, agriculture, and politics.

(Dr. Van Dellen will answer question on medical topics if stamped, self-addressed envelope accompanies request.)

MILD SPINAL ARTHRITIS

Mrs. T. P. writes: X-rays of my spine show minimal hypertrophic osteoarthritic changes in the lumbar spine and sacroiliac joints. How is this condition treated?

REPLY

No treatment is needed if pain is not present. Heat, massage, and bending exercises will keep the spine flexible and strengthen the back muscles. A corset may be needed when there is pain.

ABDOMINAL SWELLING

Mrs. D. G. writes: How can a woman tell whether a swelling in the abdomen is a gas pocket or a hernia?

REPLY

By consulting her physician. Most abdominal hernias protrude when standing or straining and disappear when lying down. Gas is not constant; it makes the entire abdomen protrude and when tapped with fingers, gives off drumlike sounds.

DEPRESSED CHEST

Mrs. G. writes: What is the chance of a normal life for a child with a funnel chest, if operation is not done?

REPLY

Excellent, provided the chest wall does not squeeze or press upon the heart or important blood vessels.

IT WON'T GO AWAY

A. P. writes: Will a fungus infection in the ear disappear with age?

REPLY

No. Fungal infections in the ear call for treatment. Even then, it may be difficult to clear up the condition.

Today's Health Hint — Don't manhandle the skin.

People Misinformed About 'Sex Offender'

By DELOS SMITH

NEW YORK (UPI)—From the viewpoint of the science of sociology many Americans are misinformed and needlessly alarmed about "the sex offender."

If they believe "there are tens of thousands of homicidal sex fiends roaming through the country," they're wrong. They're also wrong if they think sex offenders usually repeat their offenses or that minor offenders go on to more serious offenses.

And they're very wrong when they believe "the law gets at the brutal and vicious sex criminal and the sex crime problem can be solved by passing more laws."

This sociological view was prepared for circulation by the National Assn. for Mental Health by Gerhard J. Falk, who is a professor of that discipline at the State University College, Buffalo, N. Y.

He went back over the crime statistics of many years. Only murders have a smaller crime-repeating rate than sex offenders and "those who do repeat their offense usually are convicted for minor deviations such as exhibitionism and peeping," he said.

He found no scientifically supported evidence of any increase in sex crime rates and recalled that the late Dr. Alfred Kinsey, on the basis of one of his massive statistical studies, had been unable to find any evidence of an increase or decrease in the rate over a period of 50 years.

The fact is that "most sex offenders are mild and submissive and it is impossible to predict their future actions," he said. "For this reason laws which are designed to restrain sex deviants in advance cannot be justly applied."

And besides "the privacy of sexual behavior not only insures difficulty in enforcing laws pertaining to sex offenses but also promotes a situation which makes accusations easy to make and hard to prove," he added.

There are sound reasons for believing "many so-called sex crimes never occurred at all. Often these sex crimes are the products of the imagination of women and children who accuse innocent men." Such accusations arouse public hysteria which has promoted conviction of the innocent on "the uncorroborated testimony of disturbed children and spiteful women."

He found scattered reasons for thinking the public's attitude toward "sex crimes" is becoming more sociological and less hysterically misinformed. It may be Americans are more and more realizing that it isn't instinct nor an inherited depravity nor a throwback to primitive human behavior which makes sex expression abnormal.

"Many sex deviations are remnants of normal childhood sexuality perpetuated into adulthood," he continued. "It is to be hoped that this new trend in understanding the sex offender will continue until treatment is substituted for punishment and unrealistic laws are repealed.

"All of this must, of course, await the day when sex itself is no longer regarded with fear and hysteria but with the kind of understanding which all of us deserve from each other."

Pope Overrules American Protest

VATICAN CITY (UPI) — Pope Pius VI refused to overrule a decision to postpone a vote on religious liberty as the Ecumenical Council wound up its third session today.

But the council fathers gave last-minute approval to a series of other crucial documents, including a section clearing Jews of deicide in the crucifixion of Jesus Christ.

Pope Paul stepped in on one of the historic gathering's bitterest controversies, handing conservatives a major victory by overruling an American-sponsored protest and postponing the vote on religious liberty to a future session.

TELEVISION REVIEW

Goulet Special Was Insipid Tripe

By RICK du BROW

HOLLYWOOD (UPI) — Last night's Robert Goulet special on CBS-TV, which allegedly concerned moments in his daily life, was based on the very shaky premise that a great many people care to get to know the singer personally.

I don't mean to be rude, but frankly there are several other persons who come ahead on my own list. Among these are Carroll Baker's press agents, because my admiration for the way they are pulling off that sidesplitting sex symbol stuff knows no bounds. In addition, I would prefer to know well, rather than Goulet, his handler, Norman Rosemont, who has succeeded remarkably in taking a nice-looking fellow with a nice voice—of which there are many—and, primarily on the basis of one show, "Camelot," managed to work him into the position of a fairly well-known gentleman.

Regardless of who was primarily responsible for last night's insipid tripe, I have no doubts that Rosemont will soon come up with some new spectacular project to smooth over the dreadful hour. My chief suggestion to CBS and the Goulet people is that they stop pushing their boy so hard in their attempt to con us into believing he is heaven's gift to show business.

CBS, for example, tells us in a press release that Goulet "has become America's newest romantic idol." Oh, really? More: "He has been described as a combination of Sinatra and Cary Grant."

This sort of pushy thinking undoubtedly was responsible for last night's format, the function of which was to make sure that "the viewer gets to know Goulet." The function should have been simply to put on a good show, and forget the cute, gray-flannel attempts at third-rate avant garde-ism. These included attempts, uncertain of whether to be entertainment or documentary, at presenting Goulet in rehearsal, at a beach and on a college campus. Sometimes, thankfully, he just sang.

I never thought it would happen, but I honestly felt sorry for Goulet, because he was a trouper despite the show's unnatural try at being natural, and he did not appear to be as affected as he has seemed to be on other occasions.

It is true he was photographed as tenderly as if he were to be packaged and sold as an ambrosia. And it is also true that in a newspaper ad here today for the special, there were six pictures of Goulet and none of his guests, Leslie Caron and Terry-Thomas. Still, if the ad was not modest, the star seemed to be reasonably so as he performed.

The chief fault, in addition to the show's tone of adoration and adulation for its star, was the nausea that usually accompanies the attempts of performers to doggedly prove they're just folks. As for Terry-Thomas, his talents become increasingly vague with each video outing. As for Miss Caron, she protested she couldn't sing, and proved she had excellent judgment.

THE CHANNEL SWIM: Art Carney and Pearl Bailey visit CBS-TV's Danny Kaye Show Dec. 2 . . . Same day, same network offers a one-hour look at Tokyo through the eyes of five of its citizens . . . Why producers turn gray: NBC-TV's brilliant special, "The Louvre," got trounced in the spot overnight ratings Tuesday.

ABC-TV's special about **Leonardo da Vinci** airs Feb. 23 . . . ABC-TV also has a program about Custer's last stand scheduled for April 9, and one about the Pilgrims for May 10 . . . NBC-TV's "Sunday" series for Nov. 29 presents a filmed feature on the closing, for restoration, of Ford's Theater in Washington, scene of the shooting of President Lincoln . . . The sons of **Jackie Coogan, Lee J. Cobb** and **Gail Storm** play GIs on ABC-TV's "Combat" Dec. 1.

Champion Seeks Tax Targets

PALM SPRINGS (AP) — State Finance Director Hale Champion has suggested that California look for new tax targets to relieve the load on property owners.

Champion, speaking to the State County Supervisors Assn. yesterday, said a 120-million-dollar school assistance bill and 100 million dollars for capital outlays will force higher taxes next year. He said any additional programs will require still more tax money.

The tax chief said many services which are not now taxed are the most logical targets, including beauty parlors and property transfers.

"Why should a beauty parlor be less subject to taxes than a hard-goods item?" he asked.

Bodega Head Park Proposed

SACRAMENTO (AP) — The Sonoma County Planning Commission has been urged by Lt. Gov. Glenn M. Anderson to investigate the possibility of a future park development at Bodega Head north of San Francisco.

On Oct. 30, Pacific Gas and Electric Co. withdrew its plan to build a multi-million dollar nuclear power plant at Bodega Head.

Mudslide Buries Austrian Village

INNSBRUCK, Austria (UPI)—A giant mudslide today buried most of the houses in the Tyrolean village of Neu-Landl.

All but a handful of the 50 villagers were evacuated. Only two homes were bypassed by the slow-moving river of mud and debris, loosened by days of heavy rain.

Anton Lechner, 83, whose house was buried, refused to leave.

"The mud destroyed everything I had, but I still want to stay here," he said.

Escape To West

BERLIN (UPI)—Three Communist East German soldiers fled to the West today in two separate escapes. Police here reported that one soldier crossed through barbed wire to the American zone of West Berlin unnoticed by Communist guards.

Sacramento Bank Hit By Robbers

SACRAMENTO (AP) — Sheriff's deputies, the Federal Bureau of Investigation and the Highway Patrol are searching today for two gunmen who fled yesterday morning with $22,866 from a Bank of America suburban branch.

The robbers, both wearing silk stocking masks and carrying guns, took the loot from a vault of the bank's Fulton-Fair Oaks branch.

New Department

WASHINGTON (UPI) — President Lyndon B. Johnson plans to establish a new White House department to recruit "quality men and women for leadership positions" in government. The chief executive told his cabinet yesterday the new personnel appointments office would be headed by civil service commission chairman John Macy.

American Turns Down Reprieve

MONTERREY, Mexico (UPI)—The first American to be sentenced to the firing squad by a Mexican court in this century was offered a reprieve yesterday.

The governor of the Mexican state of Nuevo Leon, Eduardo Livas Villarreal, said he would commute the death penalty given Dykes Askew Simmons Jr. of Fort Worth, Tex., to 30 years in prison.

Simmons was convicted of killing three teen-aged members of a prominent Monterrey family on a lonely road near Monterrey five years ago.

"I'm completely innocent and I deserve no punishment whatsoever . . . I'm ready to die for that statement.

"The Hostage," 8:30 p.m., Sausalito Little Theater.

Children's show, 8 p.m., Novato Community House.

MARIN FILM FARE

Zany New Comedy Is Now Showing On Hub Screen

By LES DARD

Let's have a look at what's in store for viewers at Marin area movie theaters!

TAMALPAIS THEATER

Debbie Reynolds plays a reincarnated masher in "Goodbye Charlie," a zany new comedy now showing.

Charlie (the original) is shot early in the film by an irate husband.

As soon as he gets reincarnated, he turns up at the home of his buddy, Tony Curtis. Now he's a girl—Debbie—but with the same bag of tricks.

Pretty soon, he—or rather she—is caught in another compromising situation and killed again.

Curtis thinks this is the end of his pal until another girl appears at his house, this time, with a huge dog. The animal is just too familiar with the house and its occupants t o be normal.

Walter Matthau as the husband who did away with Charlie the first time, Laura Devon as Matthau's wife (who kills Charlie's reincarnation), and Pat Boone add to the competent cast.

LARK THEATER

An interesting new entry is "The Doll," a Swedish drama about a bizarre love affair between a lonely, unhappy young man and a mannequin. It is now playing.

The central figure is a young nightwatchman, newly come to Stockholm. He finds making friends difficult. One night, in quiet desperation, he steals the department store dummy and takes her to his rooming house attic.

He treats the doll as a living person.

101 DRIVE-IN

Elizabeth Taylor graces the title role of "Cleopatra," easily the most lavish film ever made. It's now on screen.

Rex Harrison as Caesar gives the role depth and consistency, while Richard Burton delivers an exciting performance as Antony.

MOTOR MOVIES

"Who's Been Sleeping in My Bed," a smoothly turned out spoof starring Dean Martin, is now showing.

It's an adult story with comedy.

Martin plays the nationally idolized hero of a medical television serial who finds his matinee - idol image carrying into his private life—with embarrasing results.

SEQUOIA THEATER

Starting here Sunday is another pair of excellent films.

The first is the spirited "The Pink Panther."

Peter Sellers grabs most laughs as a fumbling gumshoe.

The co-feature is "Lilies of the Field," the delightful little film that won an Oscar for Sidney Poitier.

TIUBRON PLAYHOUSE

Now on screen are two fine films:

"The Great Escape" was certainly last year's top adventure film, and "I Could Go on Singing."

NOVATO THEATER

Jules Verne's suspence-filled science - fiction novel "20,000 Leagues Under the Sea," was translated into an exciting film by Walt Disney. It starts Sunday.

James Mason plays Captain Nemo, who cruises the world in his fantastic invention, the submarine Nautilus—sinking ships and relishing numerous adventures.

LARK THEATER

Staying with us for another big week is the superlative "Becket," a story of Twelfth Century England starring Peter O'Toole and Richard Burton.

RAFAEL THEATER

Rock Hudson stars as a hypochondriac who misunderstands his doctor and thinks he has only a few weeks to live in "Send Me No Flowers," now playing through Saturday.

He takes his friend Tony Randall into his confidence because he wants help in finding his wife, Doris Day, a suitable new mate.

'PAJAMA PARTY' GOINGS ON—Gals, guys, Martians and Indians are among the zany merrymakers in the Technicolor production of "Pajama Party" opening Wednesday at the Rafael. Annette Funcello, the musical comedy star is seated in Jody McCrea's lap while Elsa Lancaster (right) and Indian-blanketed Buster Keaton (left) stand by. Tommy Kirk hovers overhead in his Martian saucer while Harvey Lembeck peers from behind a tree.

GENDARMES TO PUT IT ON TAPE

Officer John Higgins of Sausalito police tries out in-car tape recorder, one of four to be installed in Sausalito police cars by the end of this month. The tape recorders will be mounted under the instrument board and can be slid in and out readily, explained Police Chief Kenneth H. Huck. Officers will record reports of investigations and other matters, leaving the tape at headquarters to be transcribed by a secretary. The same cars are being equipped with cameras for photographing crime and accident scenes.

(Independent-Journal photo)

Editors Cautioned About Any Hurry-Up News Code

PHOENIX, Ariz. (AP)—A word of caution was issued yesterday against any hurry-up newspaper code which might restrict the freedom of reporters.

The warning came in remarks prepared for the 31st annual convention of the Associated Press Managing Editors Assn.

Clifton Daniel, managing editor of the New York Times, said:

"We must do nothing to lessen competition, initiative and aggressiveness in pursuit of the news."

Daniel said his thinking tends to favor some pooling where it is clearly necessary, but he added:

"Let's have it understood from beginning to end that we believe in freedom of the press and freedom of access to the news and that we will not circumscribe ourselves or allow others to circumscribe us except where the necessity is clear and immediate."

The remarks came in response to Warren Commission criticism of press actions at Dallas following the assassination of John F. Kennedy, and to censure from some members of the legal profession.

With regard to the courts, Daniel said the problem of coverage of trials and pre-trial activity calls for "a considerable amount of soul-searching by lawyers and the news media."

He said: "If we do not collaborate, we may find ourselves at the mercy of a body of public opinion that has been molded against us and subjected again to threats of restrictive legislation and administrative control."

Airman Assigned

Airman Wendell J. Carey, son of Mrs. Lois P. Carey of 44 Jade Court, Novato, has completed basic military training at Lackland Air Force Base, Tex., and assigned "home" to Hamilton AFB as an air policeman.

Natural hot water from many of Iceland's volcanic springs is piped into towns and provides heat for office buildings, homes and agricultural hot houses.

Senator Says Assembly May Have To Redistrict

SACRAMENTO (UPI) — State Sen. Virgil O'Sullivan said yesterday the State Assembly probably will have to reapportion this winter as well as the Senate.

The Williams Democrat spoke on reapportionment at the annual Fall meeting of the Assn. of County Agricultural Commissioners.

The Senate already has begun to develop a plan for reapportioning itself in the wake of court rulings showing it violates the "one man, one vote" principle by giving too much representation to rural areas.

Senate seats presently are alloted largely on a geographical basis, while Assembly seats are granted on a population basis.

O'Sullivan said, however, it appeared that the Assembly also would have to be further apportioned "in order to meet the standard."

Later, he explained that some Assembly districts may be too unequal in population.

Cadet Promoted

James O. Abrams, son of Mr. and Mrs. Martin Abrams of 90 Estelle Street, Kentfield, has been promoted to cadet major in the Army Reserve Officers' Training Corps at University of Oregon, Eugene, where he is majoring in economics.

Macy's new Christmas Card and Gift wrap shop opens tomorrow!

Come to Macy's San Rafael now and see our wonderful assortment of brand new 1964 Christmas cards! We've religious cards, whimsical cards, winter scenes, cards by famous artists and many, many more! Make your selection while stocks are complete. You'll be glad you planned ahead!

Tomorrow only . . . buy the solid pack Christmas cards from our regular stocks . . . and we'll personalize them for you without charge on a purchase of 75 cents or more. Don't miss out!
